2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Mission Statement

We are the professional educators of Judson & Brown Elementary School who provide a curriculum aligned to Common Core State Standards through rigorous and meaningful learning opportunities for our diverse student population so that they make progress toward college and career readiness and become life long learners.

School Description

Judson & Brown Elementary School opened in August 2006 and is a beautiful TK- grade 5 campus located in the northeast side of Redlands. It is surrounded by orange groves and large home communities with panoramic views of the San Bernardino Mountains. Judson & Brown Elementary provides students with an excellent CCSS aligned curriculum that prepares them to succeed in college and in their careers. Judson & Brown Elementary is named in honor of Redlands' founding fathers, Edward G. Judson and Frank E. Brown. Judson & Brown has received numerous awards recognizing the outstanding education that is provided to all of our students. We have received the Title I Academic Achievement Award in 2011, 2012 and in 2016; The California Business for Education Honor Roll Award in 2011, 2012, 2015 and in 2016. In 2014 we received the same honor along with a STEM distinction due to our high math and science scores. Judson & Brown was also the recipient of The National Blue Ribbon Schools Award in 2012. Judson & Brown received the California Gold Ribbon Award in 2016. Most recently in 2023, Judson & Brown was awarded Bronze level distinction for implementation of PBIS by the State of California. Judson & Brown Elementary is a leader in the district in the implementation of technology and offers students the opportunity to expand their STEM experiences in their TINKERSPACE in the library/media center.

Judson & Brown is a diverse community of learners that includes an two SAI separate classes program operated by the district and one SAI separate class operated by the San Bernardino County Superintendent of Schools are housed at Judson & Brown. The students in the Judson & Brown SAI separate classes have mild to moderate learning and extensive needs while the County class serves students with moderate to severe needs. In addition, California Children's Services operates the San Bernardino County Medical Therapy Unit (MTU) adjacent to our campus. The MTU provides adaptive physical therapy to students with special needs as well as having a medical clinic services available on site.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews elementary level textbooks and selects several publishers for school districts to adopt that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District by teachers and administrators after a rigorous selection process using rubrics which grade level teams work with using each state selected publisher and approved by the School Board. Textbooks are adopted and purchased by the Redlands Unified School District. Copies of student text books are available at the Instructional Resource Center at the district office for parent review. All Redlands USD programs feature a variety of instructional materials and technology to enhance the instructional program for our students. Each student has available a copy of all necessary textbooks and curriculum materials in the classroom.

School Facility Conditions and Planned Improvements

Judson & Brown Elementary School opened in August 2006; As a newer facility it is exemplary in design and maintenance. A new school building was constructed and occupied beginning August 2008. Care and diligence of maintaining the "newness" of J&B is evident in every monthly site report for the current school year with the highest scores on maintenance for an elementary campus in RUSD. Staff, custodial, families and students participate semi-annually in an entire campus clean up. The governing board has adopted cleaning standards for all schools in RUSD. A summary of these standards is available at the school office, at the District Office, or at www.redlands.k12.ca.us. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	41	40	35	37	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are many opportunities for parents to become involved with school activities. The most important parent involvement is ensuring that learning also takes place at home. This includes making reading with your child a priority, supervising daily homework, and helping facilitate frequent school- home communication. Other ways to become involved as a parent is to become a member of the PTA or to participate in PTA activities, ELAC (English Language Advisory Committee) meetings, School Site Council and other school programs/events, including, but not limited to: Family Fun Nights - PeaceBuilder activities - Library Volunteers - Field Trip Chaperones - PTA Reflections Program - Reading Month Activities - Fix-It-Up Friday and Spruce-It-Up Saturday.

Please use our school website for information on how to reach Judson & Brown staff at

2023-24 School Safety Plan

The Judson & Brown Elementary Safety Plan is updated annually. It includes disaster response teams, classroom maps, evacuation routes, and a log of monthly drills. Procedures for fire, earthquakes, and lock down situations are all addressed verbally, in written form and by modeling the procedures schoolwide. Each classroom is equipped with disaster preparedness packs, and each child has been allocated water and snack food in the event of an emergency. Each classroom has posted Lock-Down procedures as well as emergency evacuation routes. A Staff Classroom notebook in each teacher area of the classroom contains detailed information for disaster situations. Substitute folders also include information for emergency procedures. Fire drills, lockdown drills and other emergency preparation drills are held monthly with the schedule available in the office and in the Staff Classroom notebook. Drills are subject to change without notice in order to facilitate a "real world" event. The Leadership Team reviews the plan and shares the revised plan with their grade level team in order to be prepared. A safety committee of staff, parents and custodian meets bi-monthly to prepare campus and assess needs for disaster situations.

Professional Development

Judson & Brown Elementary utilizes a grade level team meeting/whole staff meeting model to plan and implement professional development. Based upon relevant student performance data, teachers identify areas of need to focus. Identified as schoolwide focus includes the continual use of data analysis using state and district assessment data to disseminate information from District Common Benchmarks, IAB's, effective instruction for English Learners, strategies and understanding of the teaching of Math In Focus and the continual professional development of technology as well as the common language of the Peace Builders Character Education tenets.

Student achievement data as well as information from walk-throughs and conversations with the Leadership Team is reviewed to determine the specific areas of need for professional development planning. Teachers have also been supported with professional development offered through the district office in the math, CORE reading academy, writing instruction through LEVERAGE, NGSS (Science), Technology and innovation as well as data reports and interpretation, ELD strategies, ELLEVATION and social/emotional strategies for classrooms. Teachers receive professional development after school during 8 minimum days provided for this purpose each year. These days are also used for the focus as noted above as well as for specific topics that are provided by the district office elementary ed. services department. These topics have included: rigor in instruction, purposeful planning, collaborative teaching as well as using technology as instructional tools. Teachers have supported with a credentialed math intervention teacher who works daily with students in small groups or individually as determined by data analysis from multiple sources such as STAR Math data, benchmarks, curriculum testing and SBAC results. The math intervention teacher supports teachers during implementation of curriculum through the understanding of standards and in the areas of technology based assessment as well as with instructional strategies. Teachers utilize the math intervention teacher through one on one after school meetings and by using performance based data reporting to determine the need for the intervention services. Technology use as an instructional resource is an area of concentration for staff and is a supported area of development during the school day, after school, full day professional development and through outside presenters and conferences such as CUE and ISTE. As is requested or necessary teachers are given the time during the day, after school or as they need to collaborate with other teachers, other schools, conferences, webinars and planning in order to strengthen and develop their skills and become technology experts.

This table displays the number of school days dedicated to staff development and continuous improvement.
