## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

As Principal of Mariposa Elementary School, I am proud to present to the community our School Accountability Report Card. Since November 1988, state law has required all public schools receiving state funding to prepare and distribute a School Accountability Report Card. The purpose of the report card is to provide parents and the community with important information about their public school. Mariposa Elementary, home of the Monarchs, is a positive school community composed of exceptional students, committed teachers, diligent classified employees, outstanding parents and a devoted PTA. Mariposa currently serves 452 Transitional Kindergarten through fifth grade students. Mariposa School has a unique learning environment for all students. The campus is beautifully decorated with murals, gardens, and nature trails. Each day before school begins, students, parents and staff hear music being played by our current Composer of the Trimester. Our students are enthusiastic learners and we are continuously proud of their ongoing achievements. Mariposa was awarded California Distinguished School status in both 2000 and 2012. Additionally, we were awarded an Honorable Mention for the California Distinguished School program in 2008. The California Business for Education Excellence/Just for Kids-California awarded Mariposa with Honor Roll School status in 2010 - 2015. A 2006 Golden Bell Award was granted to Mariposa School for our excellent garden curriculum. Our school is staffed with one principal and a staff that is made up of qualified, professional and enthusiastic certificated and classified employees.

The academic program for the 2023-2024 school year is strong and provides our students a large variety of learning experiences with innovation, engineering, educational technology in all curricula, and STEAM activities. Our certificated staff consistently displays their dedication to the teaching profession and their students by continuing to provide a rigorous instructional program in a safe and engaging education setting. Mariposa School staff utilizes schoolwide, grade level and classroom data to determine progress towards standards mastery and to identify areas of need. In addition, Accelerated Reader (AR) reports and Renaissance STAR Reading/Early Literacy programs are used to monitor student progress in their reading and reading comprehension. STAR Math is used to monitor student progress in mathematics. In addition to classroom remediation, the school utilizes a variety of interventions including universal access materials, computer-based instruction and individualized intervention instruction. Teachers have been trained to incorporate Thinking Maps and writing strategies to enhance and support learning. Students with identified learning disabilities receive services through the Specialized Academic Instruction Program (SAI). SAI utilizes in-class or pull-out services from highly qualified certificated teachers and instructional paraprofessionals in the resource and special day classrooms. The Speech, Language and Hearing (SLP) Program serves students with needs in articulation, language, or other speech-related issues that impact learning. Approximately 3.4% of our students are English Learners (EL) and are served by teachers trained in Cross-Cultural Language Acquisition Development

## 2023-24 School Description and Mission Statement

(CLAD) and Specially Designed Academic Instruction in English (SDAIE). Mariposa's GATE (Gifted and Talented Education) students receive additional enrichment activities that are offered after school. The majority of Mariposa's staff is trained on GATE instructional strategies for differentiation.

In addition to academic supports, Mariposa places a large focus on students' social and emotional wellness. The Redlands Unified School District purchased a program called Character Strong to support all elementary schools with this initiative. This curriculum is taught in conjunction with Mariposa's school-wide Behavior Expectations: Be Kind, Be Responsible, Be Safe. Students are provided with positive behavior incentives that include school-wide recognition through monthly awards and weekly school-wide drawings. Site leadership, along with administration, developed Tier 1, 2 and 3 supports for students in order to support positive behavior.

Mariposa's Mission Statement contends: "The staff of Mariposa Elementary School, with the strong support and involvement of our parents and community, is committed to emphasizing academic and social achievement at the highest levels of excellence and to meeting the unique needs of all students with standards-based and visual and performing arts oriented programs." The school motto states: "Mariposa, Where Children Come First". The partnership between school, home and the community is exceptional. We are indebted to the tremendous parental support that is a hallmark of our school. Annually, we average approximately 13,000 hours of volunteer work on behalf of our dedicated parents and families. As a result, the children are provided a variety of enrichment opportunities that support their rigorous classroom learning environments. Families are provide a large variety of school and community events in which they can participate to support the school and their child's learning.

## A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### 2020-21 Teacher Preparation and Placement

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

### 2021-22 Teacher Preparation and Placement

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews elementary level textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection. Textbooks are selected and purchased on a seven-year cycle, rotating by content area.

## School Facility Conditions and Planned Improvements

Built in 1965, Mariposa Elementary School has 26 classrooms, a library and an Innovation Space. Mariposa has an enrollment of approximately 452 students in grades TK-5. The students, staff and parents take great pride in the appearance of our school. We have large murals painted throughout campus that reflect our culture and value system. We also have two large maps of the United States on the blacktop. An efficient custodial staff and a special student program called Friendly Helpers, guarantee a litter free campus each day. Our custodians work diligently each day and night to ensure our campus and classrooms remain clean and safe for all students, staff, and parents. Eagle Scout projects have beautified the campus over the years as well. The staff at Mariposa Elementary School and the Redlands Unified School District work diligently to maintain a safe, clean campus for students and our community. The governing board has adopted cleaning standards for all schools in the Redlands Unified School District. A summary of these standards is available at the school office, at the District Office or at [www.redlands.k12.ca.us](http://www.redlands.k12.ca.us). The school principal works daily with the custodial staff to develop cleaning schedules that ensure a clean and safe school environment. As maintenance and repairs are needed, the site custodians are notified and work orders are submitted to the district's Service Center where district personnel are dispatched in a timely manner to make any necessary repairs.

## B. Pupil Outcomes

## State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	65	68	51	50	47	46
<b>Mathematics</b> (grades 3-8 and 11)	55	58	35	37	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

### CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. ## B. Pupil Outcomes

### State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

## 2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Mariposa provides ample opportunities for parents and families to help build school community and increase parent involvement. Parents are invited to serve on the School Site Council, Safety Committee, or serve on the PTA to participate in the shared decision making for our school. There are also a variety of family nights and Pastry with the Principal in which parents and families can learn more about Mariposa's instructional programs and happenings within our school. Mariposa is also a Visual and Performing Arts school, as such, there are robust opportunities for families to volunteer, engage and support the school through this medium as well.

Mariposa is fortunate to have a very active parent volunteer community. Our families and community come together to accomplish our mission and work to exceed our goals. We actively work to facilitate parental involvement and awareness within Mariposa through the many formal and informal communications including, the electronic marquee, weekly family bulletin and weekly calls from the principal. Parents and community members are part of our strong classroom volunteer program. Active involvement includes classroom tutoring, facilitating our library program, helping with many of our special functions, Book Fair, Wee Share contribution program, Fall Festival, the PTA Reflections program, and a variety of other classroom and school-wide events. Our active PTA conducts annual fundraisers, the "Fall Festival" and the spring's "A-thon," which raise money for various school equipment, assemblies and field trips. Our School Site Council works with the principal to monitor the school plan and budgetary expenses, as well as, to provide input on curricular issues and school life matters. Historically, our parents volunteer over 13,000 hours in support of our students. As a result of this strong support from our parents, we are able to provide extra enrichment activities, such as school assemblies, for our students. Mariposa students have significant access to the school Library since it runs nearly full-time because of the dedication of our parent volunteers. Our beautiful gardens are well-maintained with the support of our parent volunteers via the Garden Club that they organize on a monthly basis. Students stay physically active because of the volunteer led "Run Club" which meets every Tuesday and Thursday before school. We also have the support of community partners such as the University of Redlands, the Redlands Educational Partnership and the Assistance League of Redlands. In 2013, we were named Parent Group of the year in PTO Today's national contest. We have frequently been a CBEE Honor Roll School as well.

## 2023-24 School Safety Plan

Mariposa School utilizes data from its California Safe School Assessment, monthly Safety Inspection reports, discipline records and suspension/expulsion reports to evaluate the current status of our school. A School Safety Plan is adopted in the fall of each school year and is reflective of the school's safety needs. Our School Site Council, which consists of parents and staff members, reviews and updates the plan on an annual basis. Yearly, our staff reviews their roles and duties within the safety plan during the annual Great American Shake out which occurs annually in October. In addition, Mariposa holds monthly safety fire drills, quarterly earthquake drills and lockdown drills at each trimester.

The key components of Mariposa's Safe School Plan include a description of school discipline policies and procedures, dress code guidelines, suspension and expulsion policies, sexual harassment policies, child abuse reporting procedures, dangerous pupil notification, and disaster response procedures. A Disaster Preparedness plan is reviewed annually and drills are performed monthly. To ensure student safety before school, campus monitors, teachers, and the administrator supervise the school grounds including the bus drop-off area, cafeteria and playground. Signs are posted around campus for all visitors to check in at the front office and scan their drivers license into the Raptor system for increased safety. The campus is supervised during the day by Campus Monitors. After school, students walk to the bus loading area and a crossing guard ensures students cross the street safely. Teachers and Campus Monitors supervise the areas until all students have left the campus for home. The principal assists with supervision before and after school as needed.

Mariposa has also created a school safety committee that consists of parents, staff members, and the principal whose primary objective is to look at and discuss ways to enhance the safety of our school and create a safer place for students, staff, and visitors. During the 2023-2024 school year the School Site Council reviewed and approved the safety plan on 10/3/23; the safety plan was RUSD board approved on 10/24/23; the plan was shared and discussed with school faculty and staff on 11/30/23. Two specific goals were developed for our school to be completed by the end of this school year. These include:

**Goal 1:** Ensure school grounds are well maintained, ensure safe student play and contribute the overall social emotional wellness of children. With this goal in mind, the safety committee determined that the current fence located in the North West corner of the intermediate playground is currently a safety concern as it is only 4 feet high. A fence of this height is a safety concern since it allows for ease of access to the campus. To meet this goal, a new fence was installed that is the same height as the other chain link fences around the perimeter of the school. These 6ft fences help create a safe place for student play and learning.

**Goal 2:** Promote a positive school climate in which students feel safe and happy at school. The committee discussed student confidence in the school's ability to effectively address teasing/bullying. It was decided that our school would focus on increasing student confidence in addressing teasing/bullying. Actions steps to meet this goal include providing School Assemblies facilitated by Principal and or outside vendors to address teasing/bullying and Second Step classroom lessons taught by teachers and the elementary counselor. Funding to meet this goal is drawn from the Character Education budget. Mariposa will conduct a student survey in the spring to gather data and determine if our action steps made a positive impact on students perceptions.

## Fiscal Year 2022-23 Types of Services Funded

Mariposa Elementary School receives both general and categorical funds that pay for support personnel, staff development, grade level collaboration and the purchase of materials that support and enhance the curriculum. For the 2023-2024 school year, Mariposa has been identified as school-wide Title 1. These funds are being used to provide intervention opportunities before, during and after school for those students that qualify. All of the services funded through categorical state funds (LCFF) are reflected in our School Plan for Student Achievement (SPSA) which is annually approved by the Redlands Unified School District's Board of Education. The plan reflects the goals and objectives developed based on needs by the staff, School Site

## Fiscal Year 2022-23 Types of Services Funded

Council (SSC) and English Advisory Committee (ELAC). The types of services funded are based on the needs of current students that are identified by staff, input from various school committees and the data derived from formative and summative classroom assessments.

Along with the core curriculum materials, Mariposa implements the Accelerated Reader Program (AR). Accelerated Reader is standards-based and is used as a supplemental program for additional teaching practices, as well as a key component of the reading intervention program. Students who are underperforming are referred to an Intervention Team Meeting. The IST Team is comprised of parents, present and former teachers, school counselor, psychologist, speech and language pathologist and administrator as needed. If the interventions implemented through IST level I and II meetings prove ineffective, an IST level III meeting is held for possible recommendation for a psycho-educational assessment to determine the possibility of an underlying disability. If a disability exists, the staff initiates the IEP process. The regular education program enables under-performing students to meet the standards in the following ways: reading buddies, in-class teacher modifications, parent volunteers, accessibility to appropriate instructional materials, technology support and pull-out/push-in intervention time in language arts and math. The Mariposa staff is dedicated to ensuring that the district adopted curricula is accessible to all students. Special needs students are served in a variety of ways including mainstreaming opportunities along with a variety accommodations to meet students needs and disabilities. English Learner students receive support through both integrated and designated instructional practices within the classroom for a minimum of 30 minutes per day. To further enhance student learning, we prioritize our Makerspace lab to support innovation in learning for all TK- 5th grade students.

## Professional Development

Redlands Unified School District's Educational Services Division provides professional development opportunities by arranging training for staff, parents and school community members. Non-certificated staff members have access to Professional Development through various departments. As an example, our paraprofessionals and instructional aides have access to professional development through our Special Services department. Clerical staff receive training on the various programs required to carry out the functions of their duties. Other non-instructional support staff, such as our custodial team, also has access to training via our Maintenance and Operations Division within the District to support the safety and cleanliness of our school site. All District and site training for certificated staff is aligned with the California Standards for the Teaching Profession. The current District-wide focus for teachers' staff development has been on the delivery of Universal Design for Learning (UDL). Specifically, teachers have received training on applying UDL strategies to reduce learner burnout and increase learner agency. Targeted training has been focused on how to effectively integrate these strategies into the classroom instructional program on a daily basis. This professional development consists of a full day of training for our entire staff and is a continued focus from the prior 2022-2023 school year. Ongoing support for implementation of UDL strategies is provided at the site level by the principal.

Mariposa teachers have an opportunity to take part in 9 half-days to share ideas and collaborate on a given professional development topic ranging from data analysis, instructional strategies and District/Site initiatives. These minimum days allow staff to have more time to work together to align their curricular strategies within their grade levels as well as across grade levels. At the present, we are focusing on increasing academic rigor through the use of technology and ensuring student access to learning through Universal Design for Learning (UDL). Mariposa is committed to the RUSD 2025 initiative by enhancing learning through STEAM instruction in the classroom and in the Makerspace lab. In addition to these 9 days, Mariposa teachers have frequent opportunities to collaborate within grade level meetings where they focus on data analysis, integration of the NGSS standards with the newly adopted Inspire science curriculum and plan lessons around our school and District initiatives.

Mariposa teachers have frequent opportunities to collaborate, including Grade Level meetings, regular Staff meetings and Leadership Team meetings. Teachers also receive instructional assistance as needed and on-going support from the principal. This support ranges from informal coaching to a more formal Assistance Plan with goals and strategies to support teachers in their delivery of instruction and classroom management. To support our teachers with their special needs students, teachers may also receive consultation and training from District special education staff or outside agencies, such as the SELPA. The District centrally oversees new teacher training and ensures that all new teachers are properly trained and can effectively utilize District programs. The Induction Program through our District provides two years of intensive support for new teachers by providing a mentor that facilitates the training and coaching for new teachers. Ongoing training at the site may also include IST or 504 Training, Instructional Strategies Training and Classroom Management Strategies.

This table displays the number of school days dedicated to staff development and continuous improvement.
