2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

OHS Mission Statement: The mission of Orangewood High School is to provide students with a supportive and alternative educational environment empowering them with the skills to be responsible and to succeed academically, vocationally, and socially.

Philosophy: Orangewood High School exists to provide educational experiences for students who, for a variety of reasons, need an alternative method of learning from that which the traditional high school has to offer. It is our goal to provide a relevant education within a flexible atmosphere and a small school environment. The course curriculum is aligned with the California State Standards for high school education: however, as often as possible, the subject material will be related to the practical aspects of everyday living, soft skills, and future career needs. The objective of each course is to assist students in developing their potential according to their unique capabilities and to encourage every student to gain a strong, positive sense of self-worth.

OHS allows students to earn credits and complete coursework to graduate with OHS or return to and graduate from their home comprehensive high school. The current enrollment capacity is approximately 300, and with a certificated teaching staff of 18, we can maintain a student/teacher enrollment ratio of approximately 17:1, thereby allowing teachers and other staff on campus to establish and build relationships with students to provide needed support. The OHS staff also includes one full-time administrator, two full-time counselors, one program specialist, two safety officers, one campus supervisor, two custodians, and four clerical office staff members.

Typically, students enroll at Orangewood when they have fallen far enough behind in graduation credits that they will not graduate if they remain in a traditional comprehensive high school setting. Orangewood students are required to meet the same graduation requirements as the students of the comprehensive high schools. Orangewood offers a smaller, more individualized and supportive environment with alternative instructional methods, flexible scheduling, opportunities for credit recovery, and other resources both inside and outside the school to help students make up their credit deficiencies in order to graduate and become successful, contributing members of society.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	2.7	0
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	1.5	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

The California State Board of Education reviews textbooks and adopts those that meet standards defined in the State Frameworks. Textbooks are selected in the Redlands Unified School District through a committee of teachers and administrators. They review the materials that have been approved for purchase. Teachers at each site have an opportunity to preview texts prior to selection. Textbooks are selected and purchased on a seven-year cycle, rotating by content area. The district reviews textbooks and support materials prior to adoption to ensure that all materials met the standards as defined in the California State Frameworks.

School Facility Conditions and Planned Improvements

For a small high school, Orangewood has very sound facilities. The facilities are maintained by 2 full-time custodians. The grounds are maintained by a district crew that visits the campus once every ten days. Planters and irrigation are continually upgraded as needed. During the summer of 2018, the school received all new flooring. Indoor and outdoor lighting has been upgraded as has the Internet access and WiFi within the last three years. In the Fall of 2021, the OHS Library was updated with modernized with new furniture, decor, and technologies.

The governing board has adopted cleaning standards for all schools in RUSD. A summary of these standards is available at the school office, at the District Office, or at www.redlands.k12.ca.us. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school. The school facilities are maintained by both site and district maintenance workers and are inspected monthly and needed repairs are submitted to the District via work order. Any items compromising safety are repaired immediately. Rooms and buildings are all adequately prepared to meet the needs of students. The district maintenance team inspects the facility using the FIT inspection Tool. Additionally, the District Office Risk Management Division conducts regular walk-thrus to ensure all facilities meet the RUSD and State requirements.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. 2022-23 Career Technical Education Programs

OHS students are provided several alternative strategies to prepare for post-secondary success. The OHS CTE program is one of the best examples of workforce preparation. All incoming OHS students are required to take one of the four CTE Pathways during their tenure at OHS. The four pathways include Hospitality and Food Service, Multimedia and Video Production, Graphic Design, and Engineering. Many students participate in Skills USA and Rube Goldberg competitions as part of the Multi-Media and Engineering CTE Pathways.

Also, all OHS students complete graduation and career, or post-secondary, plans. A Career Center teacher is available to meet with students as needed so that students have direct access and can get information on all career, college, and technical training classes in the district. These efforts are focused on completing the Financial Aid process, graduation status monitoring, credit recovery and work force preparations.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

To encourage parent and guardian supports, the parent and family engagement policy, student handbook, and all pertinent information are sent home in the first month of school and are available to parents in an understandable format and provided in an appropriate language for the parents and guardians. The policies and information are then made available to the parents, guardians, and the local community via Parent Square, Minga, and the school website. All policies are updated yearly by the OHS Leadership Team and the School Site Council (SSC).

At Back to School Night and SSC, assessment information on student academic progress on grade-level standards is shared with parents and families, via the Title I information meeting. Student progress in relation to state and local standards will be explained to parents, guardians, and community members, including the curriculum being used, grade-level expectations from proficiency, data reporting for state and local assessments, and available interventions in social and emotional health, math and literacy for students needing support. If requested by parents, the school provides opportunities for regular meetings to formulate suggestions and to participate as appropriate, in decisions relating to the education of their children, and will respond to any such suggestions as soon as practically possible through formal parent-teacher conferences, informal requests by parents for meetings, back to school night, and SSC. The school convenes an annual meeting at a convenient time, to which all parents of participating children shall be invited and encouraged to attend, to inform parents and family members of their school's participation in the OHS Community.

The school involves parents and caregivers in an organized, ongoing, and timely way in the planning, review, and improvement of the school's Title I program, SPSA, Safety Committee, student academic progress, and SEL supports. An annual survey of parents is conducted to assess needs, this data is used to drive decision making. Additionally, the Orangewood High School Parental Involvement Policy and the School-Parent Compact are reviewed annually by the SSC, the School Leadership Team, and the OHS Staff.

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school Dropout Rates;
- High school Graduation Rates; and
- Chronic Absenteeism

2023-24 School Safety Plan

Orangewood High School utilizes data from its suspension/expulsion reports to evaluate the current status of school offenses. The School Safety Plan is developed and revised every two years by the School Safety Committee, which includes members of the administration, faculty, classified staff, and students of Orangewood High School and the Redlands eAcademy with whom we share a campus. The OHS School Site Council reviews and approves any changes to the School Safety Plan bi-annually. The plan is also reviewed by the staff before each drill; 1 earthquake, 1 lock-down, and 1 fire drill, and is reflective of the school's safety needs. The key components of Orangewood's Safety Plan include a description of disaster response procedures and the responsibilities of each "team" member in the event of an emergency.

The Staff Handbooks, and Raptor software, to be used in conjunction with the School Emergency plan, explain school discipline/attendance policies and procedures, dress code guidelines, suspension and expulsion policies, sexual harassment policies, child abuse reporting procedures, and dangerous pupil notification. Results of staff, student, and parent surveys reflect that all members of the school community feel that OHS is a safe campus with a positive climate. Minor adjustments to the plan are made at Safety Meetings, and a full revision takes place every two years. School Safety Plans are reviewed and revised annually via the School Site Council.

Fiscal Year 2022-23 Types of Services Funded

Orangewood High School offers a wide variety of supports to our students who need more time or instruction to meet state standards, as well as to support our students' journey towards graduation. Teachers, counselors, and administrators at OHS annually review teaching practices, social and emotional supports, academic interventions, and alternative credit recovery options to assist all students in earning a diploma.

The following is a list of academic interventions and supports available to students at Orangewood High School:

- Weekly Advisory class that focuses on SEL, life skills, academic support, school culture, and mentoring
- Two full-time counselors with an approximate 125:1 student ratio
- Full-time MTSS Coordinator/Program Specialist
- Individualized support for Tier III students via contracted licensed outside therapy services
- Alternative credit recovery options: Edgenuity and Independent Study Specialist
- Credit Recovery Options: Community Service/Service Learning Projects, Independent Study, Work Experience
- Graduation Status Monitoring: Tiered supports
- PBIS Incentive Point System to encourage positive school behavior and extra-curricular participation
- Introductory program that introduces all incoming students to the OHS culture and school wide expectations
- Various educational field trips to enhance student opportunities to explore potential colleges and career opportunities
- An alternative athletic program that enhances the engagement opportunities for students outside the classroom

Professional Development

The Redlands Unified School District conducts extensive teacher training both during the school year and during the summer or other non-school days. Orangewood teachers often attend this district training which includes Instruction of English Learners, Data Team Training, High Student Engagement Strategies, Common Core standards and instruction, Integrated Math, AVID strategies, UDL, Social Studies Framework, Next Generation Science Standards, ERWC English, culturally relevant teaching practices and MTSS supports. Additionally, staff at Orangewood is encouraged to attend appropriate conferences and in-services. Many teachers attend and are presenters at the State conference sponsored by California Continuation Education Association (CCEA). The Orangewood staff is committed to professional growth. Teachers and staff attend extensive annual training in AVID and MTSS for the last 6 years. The School-Based Coordinated Program budget provides funds that enable teachers to attend workshops and conferences of their choice. OHS staff has scheduled bi-weekly collaboration time for teachers to work together and for professional development. On these collaboration days, one hour is spent every other Wednesday on teacher collaboration activities and professional development activities including identifying and deconstructing the common core standards, development of new instructional strategies, data teams, and identifying schoolwide strategies for school improvement.

This table displays the number of school days dedicated to staff development and continuous improvement.
