Cell Phone Policy

While personal electronic devices (cell phones, etc.) have become a part of our student's daily lives, a large and growing body of evidence is pointing to the harm caused by the amount of time students use personal electronic devices and social media each day.

In order to fulfill our role to take care of students, and minimize the distractions caused by such devices in the school setting, the rules listed will be in place at BCMS for the 2023-2024 school year and will be presented to our students once school starts.

If you need to contact your student during the day due to an emergency situation, please call 816-986-3175 and a message can be delivered to your student.

Mustang Ready

Personal E-devices (cell phones, personal iPods, iPads, AirPods, and other wireless headphones, smart watches, etc.) must be stored in a locker during school hours (8:15am - 3:20pm). Students' personal E-devices may not be used in the hallways, restrooms, or other common areas. No camera or video-capable electronic devices may be used in locker rooms or restrooms at any time. E-devices shall not be used to connect to district electronic equipment or district electronic networks at any time. Students may only use E-devices in the classroom at teacher discretion; however, any other use will be prohibited in the classroom. Students using E-devices in the classroom without the consent of the teacher will be subject to disciplinary action ranging from detention to suspension.

Personal E-devices are not allowed to be in use by middle school students during the school day. The school day is defined as anytime between the beginning of the first period and end of the last period of the day. Personal E-devices shall be secured in a student's assigned locker and are to be powered off.

Should the need arise for a student to contact parents during the school day the main office phone, courtesy phone or the classroom phone should be used for such a call.

Should the need arise for parents to contact their child, the main office phone should be used for such a call (816-986- 3175). Parents may also email their child anytime using the student's LSR7 email address.

No camera or video-capable electronic device may be used in the locker room or restrooms at any time. Personal E-devices may be used by the student only at the request of the classroom teacher or other staff member. Personal E-devices used to monitor identified student health needs such as blood sugar levels are allowed and must be approved by the principal.

If a device is taken from a student due to improper use it will be turned into the office.

CONSEQUENCES

1st Offense: Electronic device(s) taken to the office, STAD warning and student pick up from the office at the end of the day and parent contact

2nd Offense: Electronic device(s) taken to the office, STAD 1-hour detention and parents notified. Parent pick up from the office at the end of the day

3rd Offense: Electronic device(s) taken to the office, STAD 2-hour detention and parents notified. Parent pick up from the office at the end of the day

4th Offense: Electronic device(s) taken to the office, STAD 3-hour detention and parents notified. Parent pick up from the office at the end of the day.

Subsequent offenses: Electronic device(s) taken to the office and will result in progressive discipline measures being taken ranging from 3-hour detention, ISS, and OSS. Parent pick up from the office at the end of the day

The school reserves the right to search a privately owned device in accordance with applicable laws and policies if there is a reasonable suspicion that the student has violated the LSR7 Middle School District policies, procedures, rules, or engaged in other misconduct while using the device.
