**EXPLANATION AND APPLICATION FOR COMMUNITY SERVICE/PEER SUPPORT SERVICE**

The Board of Education has approved an opportunity for students to render community service/peer support service for credit toward graduation. The student must complete this application with signatures from parents/guardian, intended staff member, department supervisor and guidance counselor. One credit will be awarded for every 27.5 hours of community service

Students will be considered for community service/peer support service on the basis of their willingness to accept responsibility, contribute to the welfare of others, and work both independently and cooperatively to meet their community service/peer support service objectives.

At the end of each marking period, the community service/peer support staff supervisor, in conjunction with the student, will evaluate the student's mastery of objectives, to determine a pass/fail grade. A student not attaining the objectives will meet with his/her guidance counselor to schedule an appropriate alternative.
