

## Lafayette High School Comprehensive School Improvement Plan (CSIP) 2022-25

### Rationale

School improvement efforts are a collaborative process involving multiple stakeholders. Through the improvement planning process, leaders focus on priority needs, funding, and closing achievement gaps among identified subgroups of students. When implemented with fidelity, the Comprehensive School Improvement Plan (CSIP) cultivates an environment that promotes student growth and achievement.

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes). Through the Needs Assessment for Schools, priorities were identified and processes, practices, and/or conditions were chosen for focus. This goal building template will assist your improvement team to address those priorities and outline your targets and the activities intended to produce the desired changes. Progress monitoring details will ensure that your plan is being reviewed regularly to determine the success of each strategy.

Please note that the objectives (short-term targets) set by your school under the Achievement Gap section of this planning template will be used by the district's superintendent to determine whether or not your school met its targets to reduce the gap in student achievement for any student group for two consecutive years as required by KRS 158.649. Likewise, operational definitions for each required planning component can be found on page 2 of the planning template.

For those schools operating a Title I Schoolwide Program, this plan meets the requirements of Section 1114 of the Every Student Succeeds Act as well as state requirements under 703 KAR 5:225. **No separate Schoolwide Program Plan is required.**

### Requirements for Building an Improvement Plan

- The required goals for elementary/middle schools include the following:
  - State Assessment Results in reading and mathematics
  - State Assessment Results in science, social studies and writing
  - Achievement Gap
  - English Learner Progress
  - Quality of School Climate and Safety
  
- The required goals for high schools include the following:
  - State Assessment Results in reading and mathematics
  - State Assessment Results in science, social studies and writing

- Achievement Gap
- English Learner Progress
- Quality of School Climate and Safety
- Postsecondary Readiness
- Graduation Rate

Explanations/Directions

**Goal:** Schools should determine long-term goals that are three to five year targets for each required school level indicator. Elementary/middle schools must address proficiency, separate academic indicator, achievement gap, and growth. High schools must address proficiency, separate academic indicator, achievement gap, graduation rate, and transition readiness. Long-term targets should be informed by The Needs Assessment for Schools.

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
<p>Schools should determine short-term objectives to be attained by the end of the current academic year. There can be multiple objectives for each goal.</p>	<p>Describe your approach to systematically address a process, practice, or condition that was identified as a priority during the Needs Assessment for Schools. There can be multiple strategies for each objective. The strategy can be based upon <a href="#">Kentucky's six (6) Key Core Work Processes</a> or another established improvement approach (i.e. <i>Six Sigma, Shipley, Baldrige, etc.</i>).</p>	<p>Describe the actionable steps that will occur to deploy the chosen strategy. There can be multiple activities for each strategy.</p>	<p>List the criteria that will gauge the impact of your work. The measures may be quantitative or qualitative but are observable in some way. Consider measures of input as well as outcomes for both staff and students.</p>	<p>Describe the process used to assess the implementation of the plan, the rate of improvement, and the effectiveness of the plan. Your description should include the artifacts to be reviewed, specific timelines, and responsible individuals.</p>	<p>List the specific federal, state, or local funding source(s) used to support each improvement initiative. If your school is a recipient of Title I, Part A funds, your CSIP serves as your annual plan and must indicate how Title I funds are utilized to carry out the planned activities.</p>

1: State Assessment Results in reading and mathematics

Goal 1 (State your reading and math goal.): Improve Proficiency indicator from 76.4 go 79.4					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Increase 2023 Reading Proficiency from 63% to 66%.	Design & Deliver Instruction (KCWP 2)	Implement PD opportunities for staff with a focus on Deeper Learning and student-centered learning opportunities	Increase course performance and credits earned at the semester postings		
Objective 2 Increase 2023 Math Proficiency from 54% to 57%.		Refine behavioral support system that aligns with student action plans for self - monitoring and immediate feedback by integrating Check & Connect Mentoring system (MTSS Academic Behavior).	Increase course performance and credits earned at the semester postings		
	Design, Align and Deliver Support (KCWP 5)	Ensure that formative, interim, summative assessment results, as well as universal screener data, are used appropriately to determine tiered intervention needs.	Increase course performance and credits earned		
		A PLC protocol with an effective cyclical process for standards deconstruction, designing of assessment measures, resource sharing and collaborative lesson creation, and response to data. Tier 1 progress will be provided for each PLC. Tier 2 strategies will continue to be designed per student need.	Increase course performance on State Standards and increase number of students meeting ACT Benchmarks.		

2: State Assessment Results in science, social studies and writing

Goal 2 (State your science, social studies, and writing goal.): Improve Science, Social Studies & Writing Indicator from 65.9 to 68.9					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Increase 2023 Science Proficiency from 32% to 35%.	Design & Deliver Instruction (KCWP 2)	Implement PD opportunities for staff with a focus on Deeper Learning and student-centered learning opportunities	Increase course performance and credits earned at the semester postings		
Objective 2 Increase 2023 Social Studies Proficiency from 58% to 61%.		Refine behavioral support system that aligns with student action plans for self - monitoring and immediate feedback by integrating Check & Connect Mentoring system (MTSS Academic Behavior).	Increase course performance and credits earned at the semester postings		
Objective 3 Increase 2023 Writing Proficiency from 53% to 55%.	Design, Align and Deliver Support (KCWP 5)	Ensure that formative, interim, summative assessment results, as well as universal screener data, are used appropriately to determine tiered intervention needs.	Increase course performance and credits earned		
		A PLC protocol with an effective cyclical process for standards deconstruction, designing of assessment measures, resource sharing and collaborative lesson creation, and response to data. Tier 1 progress will be provided for each PLC. Tier 2 strategies will continue to be designed per student need.	Increase course performance on State Standards and increase number of students meeting ACT Benchmarks.		

**3: Achievement Gap**

KRS 158.649 requires the school-based decision making (SBDM) council, or the principal if no council exists, to set the school's yearly targets for eliminating any achievement gap. The targets should be established with input from parents, faculty, and staff and submitted to the superintendent for consideration and the local board of education for adoption. In addition to being a statutory requirement, intentionally focusing on the achievement gaps that exist among a school’s underserved student populations is also a vital component of the continuous improvement process. Schools should use a variety of measures and analysis when conducting its review of its achievement gaps, including a review of the school’s climate and culture. Schools are not required to establish long term achievement gap goals; however, schools must establish yearly targets (objectives).

Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1  Increase Reading and Math indicators for students with IEPs by 5 points (24.1% to 29.1%)	Design, Align, Deliver Support Processes (KCWP 5)	The strategies and measures for Goal 1 Proficiency are intricately tied to Goal 3.	Increase course performance and credits earned		
Increase Science, Social Studies and Writing indicators for students with IEPs by 5 points (12.3% to 17.3%)	Design & Deliver Instruction (KCWP 2)	Expansion of co-teaching initiative	Increase course performance and credits earned		

4: English Learner Progress

Goal 4 (State your English Learner goal.):					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Increase Reading and Math indicators for EL students by 5 points (28.0 to 33.0)	Design, Align, Deliver Support Processes (KCWP 5)	Trainings for staff provided by EL teachers	Common Assessments & State Assessments		
		Integration of Community Liaisons in Spanish & Swahili into the EL department to support students and teachers	Parent contacts & teacher supports		
Objective 2 Increase Science, Social Studies and Writing indicators for EL students by 5 percentage points (12.6 to 16.6)	Design & Deliver Instruction (KCWP 2)	Language-specific Algebra teacher	Common Assessments & State Assessments		
		EL Social Students teacher	Common Assessments & State Assessments		

5: Quality of School Climate and Safety

Goal 5 (State your climate and safety goal.): Increase the QSCS indicator from 62.9 to 65.9					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1  Increase the QSCS indicator for African American students from 61.7 to 65	Establishing Learning Culture and Environment (KCWP 6)	Maintain a Black Student Union club			
		Integration of AA history and culture in curriculum			

6: Postsecondary Readiness (high school only)

Goal 5 (State your climate and safety goal.): Increase the percentage of students that are Post-Secondary Ready from 80% to 83%					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1  Increase Career Readiness from 33.1% to 38.1%.	Design, Align, Deliver Support Processes (KCWP 5)	Align current elective courses with appropriate career pathways and provide information regarding the EOP and industry certification potential benefits.	Hone Pathway information material to be used during scheduling process		
		Increase career pathways bridged with Southside	Check number of students taking EOP and Industry Certification exams in the spring of 2022.		
		Individually support students not Post-Secondary Ready in pathways.	Increase the number of 2022 End of Program (EOP) and industry certification tests to 400.		
Objective 2  Increase Academic Readiness from 76.3% to 78.3%	Design, Align, Deliver Support Processes (KCWP 5)	Continue means to improve student progress on the ACT	ACT scores as reported in the School Report Card		
		Ensure regularly-scheduled PLC meetings to review the alignment between standards, learning targets and assessment measures.	Increase Dual Credit and AP Opportunities.		

7: Graduation Rate (high school only)

Goal 7 (State your graduation goal.): Increase the graduation rate from 97.2% to 98% by 2023					
Objective	Strategy	Activities	Measure of Success	Progress Monitoring	Funding
Objective 1 Increase student course performance by 5% each semester	Design, Align, Deliver Support Processes (KCWP 5)	The strategies and measures for Goal 1 Proficiency are intricately tied to Goal 7.			
		Alternative and individually designed instruction/assessment for students not being successful.			
Objective 2 Reduction of drop-outs by 10%	Design & Deliver Instruction (KCWP 2)	Continue to refine grade-level planning with counselors and Post-Secondary Coach to focus on purpose of academic progress.			

**Special Considerations for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) Schools**

TSI schools (including ATSI schools) must embed their subgroup(s) plan for improvement within their CSIPs. TSI stakeholders, including the principal and other school leaders, teachers, and parents, should carefully consider what must be done to ensure the subgroup(s) perform(s) at high levels in the state accountability system. In addition to identifying strategies and activities within the CSIP that address the specific needs of underperforming groups, provide narrative information regarding the additional requirements for TSI schools in the following chart:

<b>Components of Turnaround Leadership Development and Support:</b>
<p><b>Consider:</b> How will you ensure that school leadership has or develops the skills and disposition to achieve accelerated, meaningful, and sustainable increases in student achievement for underperforming subgroups?</p> <p><b>Response:</b> AP district informative meetings, ITL meetings/representation, weekly standing admin meetings, DLM cadre</p>
<b>Identification of Critical Resources Inequities:</b>
<p><b>Consider:</b> Describe the process used to review the allocation and use of resources (people, time, and money), any resource inequities that were identified that may contribute to underperformance, and how identified resource inequities will be addressed.</p> <p><b>Response:</b> SBDM review of budget presented by administration Monthly equity forums presented by the equity council and hosted by various groups within the school Equity issued raised by these groups will be addressed at admin meetings and with involved leaders within the school</p>
<b>Additional Actions That Address the Causes of Consistently Underperforming Subgroups of Students</b>
<p><b>Consider:</b> Describe the process used to review the learning culture related to your targeted subgroup(s) and any additional actions that were determined to address the causes of underperformance.</p> <p><b>Response:</b> Reviewing QSCS data as well as monthly equity forum IL meetings/PLC review cultural contributions to curriculum Deeper learning/instructional design initiatives allow student choice and relevancy</p>
<b>Targeted Subgroups and Evidence-Based Interventions:</b>

**Consider:** Identify the areas of need revealed by the analysis of academic and non-academic data that will be addressed through CSIP activities for your targeted subgroup(s). What evidence-based practice(s) will the school incorporate that specifically targets the subgroup(s) achievement that contributed to the TSI identification? How will we monitor the evidence-based practice to ensure it is implemented with fidelity?

**Response:**  
Difficulty communicating with EL families effects student achievements, so integration of community liaisons speaking Spanish and Swahili will help communicate academic expectations to families as well as build community connection  
Student-centered instructional initiatives allow for more differentiation and relevance for students with IEPs

Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

**TSI/ATSI Evidence-based Practices**

The Every Student Succeeds Act (2015) created new expectations for evidence-based decision making at school and district levels. More specific information regarding evidence-based practices and requirements can be found on the Kentucky Department of Education’s [Evidence-based Practices website](#). While evidence documentation in the CSIP is only required for schools identified for Targeted Support and Improvement (TSI) including Additional Targeted Support and Improvement (ATSI) and Comprehensive Support and Improvement (CSI), KDE encourages all school leaders to review evidence related to new programs, practices, or interventions being implemented in the school. In addition to documenting the evidence below, TSI, ATSI and CSI schools are expected to upload a description of their evidence review process, the findings of their evidence review, and a discussion of the local implications into eProve. Specific directions regarding the documentation requirements can be found in the “[Compliance Requirements](#)” resource available on KDE’s [Evidence-based Practices website](#).

Complete the table below to document the evidence that supports the Activities outlined in this plan. Additional rows may be added to accommodate additional pieces of evidence.

Evidence-based Activity	Evidence Citation	Uploaded in eProve
Train staff in inquiry-based learning practices	Friesen, S., & Scott, D. (2013). Inquiry-based learning: A review of the research literature. Alberta Ministry of Education, 32.	☒
Train staff in problem-based learning practices	Hmelo-Silver, C. E. (2004). Problem-based learning: What and how do students learn?. Educational psychology review, 16(3), 235-266.	☒
Train staff in LGBTQ+ student support strategies	Russell, S. T., Horn, S., Kosciw, J., & Saewyc, E. (2010). Safe schools policy for LGBTQ students and commentaries. Social Policy Report, 24(4), 1-25.	☒

**Evidence Review Process**

Friesen, S., & Scott, D. (2013). Inquiry-based learning: A review of the research literature. Alberta Ministry of Education, 32.  
 Lafayette high school will be training staff members on inquiry-based learning models. The above literature review was used to justify this initiative to support district Deeper Learning initiatives. This complements the Deeper Learning initiative which provides additional training and grant funding to teachers within LHS who are interested in developing their skills transforming their instruction to complement Deeper Learning. This initiative stresses student choice and relevancy to students in what they are learning. This intervention will be monitored through course grades both comparatively from the 21-22 school year to the 22-23 school year and semester 1 to semester 2.

Hmelo-Silver, C. E. (2004). Problem-based learning: What and how do students learn?. Educational psychology review, 16(3), 235-266.  
 Lafayette high school will be training staff members on problem-based learning models. The above literature review was used to justify this initiative to support district Deeper Learning initiatives. This complements the Deeper Learning initiative which provides additional training and grant funding to teachers within LHS who are interested in developing their skills transforming

their instruction to complement Deeper Learning. This initiative stresses student choice and relevancy to students in what they are learning. This intervention will be monitored through course grades both comparatively from the 21-22 school year to the 22-23 school year and semester 1 to semester 2.

Russell, S. T., Horn, S., Kosciw, J., & Saewyc, E. (2010). Safe schools policy for LGBTQ students and commentaries. *Social Policy Report*, 24(4), 1-25.

Lafayette high school will be training staff members on how to support LGBTQ+ students. The above review was used to provide evidence-based policies to our school as well as consultation with district counsel and staff. This supports qualitative information from students and families on issues within the school and student population and will allow all students to feel comfortable and supported as a member of the learning community. This intervention will be monitored through qualitative data gathered from students and staff.

2023-2024 Phase One: Executive Summary for  
Schools\_09282023\_16:15

2023-2024 Phase One: Executive Summary for Schools

**Lafayette High School**  
**Anthony Orr**  
401 Reed Ln  
Lexington, Kentucky, 40503  
United States of America

## 2023-2024 Phase One: Executive Summary for Schools

### Description of the School

Describe the school's size, community/communities, location, and changes it has experienced in the last three years. Include demographic information about the students, staff, and community at large. What unique features and challenges are associated with the community/communities the school serves?

Lafayette High School has approximately 2400 students and 225 staff members. Lafayette is diverse, with approximately 65% of students identifying as white, 13% of students identifying as hispanic/latinx, 12% of students identifying as African American, and 10% of students identifying as another ethnicity or a combination of ethnicities. 40% of students are identified as economically disadvantaged. 6% of students are English Language Learners and 7.5% of students receive special education services. Lafayette offers two special enrollment programs: A collaboration with SCAPA (School for the Creative and Performing Arts) which includes 301 students, and a Pre-Engineering program which includes 407 students. Most students graduate above the state average in literacy and mathematics, and Lafayette maintains an impressive 96.7% 4-Year Graduation Rate.

### School Stakeholders

Identify and describe the school's stakeholder groups. How does the school ensure stakeholder involvement and engagement in the improvement planning process?

The mission of Lafayette High School is to ensure ALL students achieve at high levels and graduate prepared to excel in a global society. The vision for Lafayette High School is ALL students will be college and career ready through empowered teaching and collaborative partnerships.

### School's Purpose

Provide the school's purpose statement and ancillary content such as mission, vision, values, and/or beliefs, including the year in which they were last reviewed or revised. Describe how the school embodies its purpose through its program offerings and expectations for students and how stakeholders are involved in its development.

Notably, Lafayette offers many Advanced Placement (AP) courses in Art History, Studio Art, Biology, Calculus I, Calculus II, Chemistry, Computer Science, Economics, English Literature and Language, Environmental Science, Music Theory, French, Psychology, Spanish Language, Statistics, U.S. History, Human Geography, Physics, European History, Government and World History. Lafayette students have a mean composite ACT score of 23.1 for the 20-21 school year; this is well above the national average (20.7) and the state of Kentucky (19.8). Lafayette also maintains an impressive 96.7% 4-Year Graduation Rate, and 84% of students did not have any behavior events over the course of the school year.

Future goals for the school involve continuous improvement of instruction within the building. This will be achieved through increased collaboration in teacher PLC's and the targeted integration of inquiry and project-based learning initiatives.

### Notable Achievements and Areas of Improvement

Describe the school's notable achievements and areas of improvement in the last three years. Additionally, describe areas for improvement that the school is striving to achieve in the next three years.

Notably, Lafayette offers many Advanced Placement (AP) courses in Art History, Studio Art, Biology, Calculus I, Calculus II, Chemistry, Computer Science, Economics, English Literature and Language, Environmental Science, Music Theory, French, Psychology, Spanish Language, Statistics, U.S. History, Human Geography, Physics, European History, Government and World History. Lafayette students have a mean composite ACT score of 20.8 for the 22-23 school year; this is well above the state average (17.5). Lafayette also maintains an impressive 96.7% 4-Year Graduation Rate, and 86.5% of students did not have any behavior events over the course of the school year.

Future goals for the school involve continuous improvement of instruction within the building. This will be achieved through increased collaboration in teacher PLC's and the targeted integration of inquiry and project-based learning initiatives.

### Additional Information

Provide any additional information you would like to share with the public and community that were not prompted in the previous sections.

2023-2024 Phase Two: The Needs Assessment for  
Schools\_10312023\_12:18

2023-2024 Phase Two: The Needs Assessment for Schools

**Lafayette High School**  
**Anthony Orr**  
401 Reed Ln  
Lexington, Kentucky, 40503  
United States of America

## **2023-24 Phase Two: The Needs Assessment for Schools**

### **Understanding Continuous Improvement: The Needs Assessment for Schools**

The Needs Assessment Diagnostic will facilitate the use of multiple sources of data to determine the current reality and establish a foundation for decision-making around school goals and strategies. Once completed, the diagnostic will lead to priorities to be addressed in the comprehensive school improvement plan to build staff capacity and increase student achievement. The needs assessment is to be conducted annually as an essential part of the continuous improvement process and precedes the development of strategic goals (i.e. desired state).

While the focus of continuous improvement is student performance, the work must be guided by the aspects of teaching and learning that affect performance. An effective improvement process should address the contributing factors creating the learning environment (inputs) and the performance data (outcomes).

The needs assessment provides the framework for all schools to clearly and honestly identify their most critical areas for improvement that will be addressed later in the planning process through the development of goals, objectives, strategies and activities. 703 KAR 2:225 requires, as part of continuous improvement planning for schools, each school to complete the needs assessment between October 1 and November 1 of each year and include: (1) a description of the data reviewed and the process used to develop the needs assessment; (2) a review of the previous plan and its implementation to inform development of the new plan; and, (3) perception data gathered from the administration of a valid and reliable measure of teaching and learning conditions.

#### **Protocol**

1. Clearly detail the process used for reviewing, analyzing and applying data results to determine the priorities from this year's needs assessment. Include names of school councils, leadership teams and stakeholder groups involved, a timeline of the process, the specific data reviewed, and how the meetings are documented.

The following groups meet to review and analyze data: the Administrative Team, consisting of the Head Principal, Associate Principal, and four Assistant Principals meets at least weekly. Counselors meet every other week to discuss student achievement data. PLCs meet at least twice a month, where teachers discuss student achievement data in their respective courses. PBIS committee meets once per month to discuss student behavioral data. MTSS teams meet weekly to discuss student intervention data. Staff meetings also occur monthly - all these meetings are documented via agendas and minutes on Google Drive.

#### **Review of Previous Plan**

2. Summarize the implementation of the goals, objectives, strategies and activities from the previous year's Comprehensive School Improvement Plan (CSIP). What was successful? How does it inform this year's plan?

Last year was a transition year with 2 new assistant principals and a new executive principal. Major encompassing goals included the integration of opportunities for student to student discourse about academic topics, project/problem based learning opportunities, and student voice and choice in learning. Several faculty members received PBLWorks training during last school year and several others received alternative/collaborative furniture to further these initiatives into the 23-24 school year.

### Trends

3. Analyzing data trends from the previous two academic years, which academic, cultural and behavioral measures remain significant areas for improvement?

### Example of Trends

- The number of behavior referrals increased from 204 in 2021-22 to 288 in 2022-23.
- From 2021 to 2023, the school saw an 11% increase in novice scores in reading among students in the achievement gap.

The percentage of students in Tier 1 Behavior (0-1 ODR) fell from 94% over a similar time period in 2022 to 87.69% in 2023. KSA state testing results had some changes in reporting, however, from the 2021-22 administration to the 2022-23 administration of KSA the percent of students scoring proficient or distinguished in reading fell from 65% to 64%. Math fell from 56% to 55%, and science fell from 33% to 32%. Writing fell from 67% to 53%, and social studies fell from 63% to 57%.

### Current State

4. Plainly state the current condition of the school using precise numbers and percentages as revealed by multiple sources of outcome data. Cite the source of data used.

### Example of Current Academic State:

- Thirty-four percent (34%) of students in the achievement gap scored proficient on Kentucky Summative Assessment (KSA) in reading.
- Fifty-four percent (54%) of our students scored proficient in math compared to the state average of 57%.

### Example of Non-Academic Current State:

- Teacher attendance rate was 84% for the 2022-23 academic year.
- Survey results and perception data indicated 62% of the school's teachers received adequate professional development.

Currently, Lafayette has a graduation rate of 96.7%. 70.8% of students are postsecondary ready. 63% of students are P/D in reading, 55% are P/D in math, 32% are P/D in science, and 58% of students are P/D in social studies. 63% of students meet the ACT benchmark in English, 50% of students reach the ACT benchmark in math, 62% meet the ACT benchmark in Reading.

89% of students feel that adults from the school care about them. Lafayette has a QSCS index of 61.1 and 87.7% of students have 0-1 discipline referrals.

### Priorities/Concerns

5. Clearly and concisely identify the greatest areas of weakness using precise numbers and percentages.

**NOTE:** These priorities will be thoroughly addressed in the Comprehensive School Improvement Plan (CSIP) diagnostic and template.

**Example:** Sixty-eight percent (68%) of students in the achievement gap scored below proficiency on the Kentucky Summative Assessment (KSA) in reading as opposed to just 12% of non-gap learners.

Lafayette has a TSI designation for English Learners and Students with Disabilities.

EL students have a reading and math indicator of 27 (-47.1), a science social studies and writing indicator of 9.9 (-47.7), an EL progress indicator of 31.6, a QSCS indicator of 63.3 (+2.2), a post secondary readiness indicator of 22 (-64), and a graduation rate of 82.7 (-14.5).

Students with disabilities have a reading and math indicator of 37.5 (-36.6), a science social studies and writing indicator of 23.7 (-33.9), a QSCS indicator of 65.1 (+4), a post secondary readiness indicator of 38.7 (-47.3), and a graduation rate of 98.8 (+1.6).

### Strengths/Leverages

6. Plainly state, using precise numbers and percentages revealed by current data, the strengths and leverages of the school. Explain how they may be utilized to improve areas of concern listed above.

**Example:** Reading achievement has increased from 37% proficient to its current rate of 58%. The systems of support we implemented for reading can be adapted to address our low performance in math.

The state Department of Education has ranked LHS as High (Green) for the Reading & Mathematics Indicator, High (Yellow) for the Science, Social Studies & Writing Indicator, High (Green) for the English Learners Progress Indicator, Medium (Yellow) for the Quality of School Climate and Safety Indicator, Medium (Yellow) for the

---

Postsecondary Readiness Indicator, and High (Green) for the Graduation Indicator. Overall, this resulted in a Green rating and the highest rating in the district.

Most students (>86%) Agree or Strongly Agree that adults at the school respect students' differences; >75% of students report they Agree or Strongly Agree that adults in the building provide for student success, and >88% of students report that they have an adults in a building they can talk to about a problem.

LHS also has a greater percentage of Tier 1 Behavior students (87.7%) with 0-1 referral than the district tiered behavior data (82.6%)

### Evaluate the Teaching and Learning Environment

7 . Consider the processes, practices and conditions evident in the teaching and learning environment as identified in the six Key Core Work Processes outlined below:

[KCWP 1: Design and Deploy Standards](#)

[KCWP 2: Design and Deliver Instruction](#)

[KCWP 3: Design and Deliver Assessment Literacy](#)

[KCWP 4: Review, Analyze and Apply Data Results](#)

[KCWP 5: Design, Align and Deliver Support](#)

[KCWP 6: Establish Learning Environment and Culture](#)

Utilizing implementation data, perception data, and current policies and practices:

a. Complete the [Key Elements Template](#).

- **b. Upload your completed template in the attachment area directly below.**

#### **ATTACHMENTS**

##### **Attachment Name**

---

 Key Elements

8. After analyzing the Key Elements of your teaching and learning environment, which processes, practices or conditions will the school focus its resources and efforts upon in order to produce the desired changes?

Note that all processes, practices and conditions can be linked to the six Key Core Work Processes.

**NOTE:** These elements will be thoroughly addressed in the Comprehensive District Improvement Plan (CSIP) diagnostic and template.

Over the course of the 22-23 school year, LHS has identified the following intentional academic goals to engage students in deeper learning: highly effective, culturally responsive, evidence-based core instruction, provided to all students in the classroom (KWCP 2). Specifically, we will focus on providing teachers with resources to utilize knowledge of best practice/high yield instructional strategies, plan for and implement active student engagement strategies, and use formative and summative evidence to inform what comes next for individual students. Additionally, deeper learning strategies will be implemented to ensure that student voice opportunities are incorporated, and to increase collaboration in deconstructing standards and developing congruent learning targets. Professional development will be provided for staff by staff featuring highlighted strategies designed to promote engagement.

2023-2024 Phase Two: School Assurances\_10312023\_12:13

2023-2024 Phase Two: School Assurances

**Lafayette High School**  
**Anthony Orr**  
401 Reed Ln  
Lexington, Kentucky, 40503  
United States of America

## 2023-24 Phase Two: School Assurances

### Introduction

Assurances are a required component of the improvement planning process (703 KAR 5:225). Please read each assurance carefully and indicate whether your school complies by selecting the appropriate response (Yes, No or N/A). If you wish to provide further information or clarify your response, space for comments is provided. Comments are optional. You may upload any supporting documentation as needed.

#### Federal Programs

1. If the school receives Title II, Part A funds, the school provides professional development for staff that is in accordance with the purpose of Title II, Part A of ESSA (job-embedded, evidence-based, sustainable, data-driven and classroom-focused); addresses the needs of all students; and, strives to ensure all students are transition ready as intended by Section 2103 of ESSA, which governs the local use of Title II, Part A funding.

- Yes
- No
- N/A

#### **COMMENTS**

2. The school ensures that the use of federal funding, including expenditures for certified or classified positions (e.g. counselors, nurses, media specialists, etc.), is reasonable and necessary in compliance with 2 CFR 200.403 and 200.405.

- Yes
- No
- N/A

#### **COMMENTS**

#### Title I Programs

3. The school distributes to parents and family members of participating children in a targeted assistance program, or all children in a schoolwide program, a written parent and family engagement policy, which is agreed on by such parents, and describes the means for carrying out the requirements of ESSA Section 1116 (c) through (f). The school makes the policy available to the local community and updates it periodically to meet the changing needs of parents and the school. For reference, Section 1116(b) of

ESSA allows existing parent and family engagement policies the school may have in place to be amended to meet the requirements under Title I, Part A.

**Yes**

No

N/A

**COMMENTS**

4. The school convenes an annual meeting, at a convenient time, to which all parents of participating children in a targeted assistance program, or all children in a schoolwide program, are invited and encouraged to attend, to inform parents of their school's participation in Title I, Part A and to explain the requirements of Title I, Part A, and the right of the parents to be involved, as required under Section 1116(c)(1).

Yes

No

**N/A**

**COMMENTS**

5. The school offers a flexible number of meetings to parents, such as meetings in the morning or evening, and may provide, with funds provided under this part, transportation, child care, or home visits, as such services relate to parental involvement (ESSA Section 1116(c)(2)).

**Yes**

No

N/A

**COMMENTS**

6. The school involves parents, in an organized, ongoing, and timely way, in the planning, review, and improvement of programs under Title I. This includes the planning, review, and improvement of the school parent and family engagement policy and the joint development of the schoolwide program plan under section 1114(b). If a school has in place a process for involving parents in the joint planning and design of the school's programs, the school may use that process, if such process includes an adequate representation of parents of participating children (ESSA Section 1116 (c)(3)).

Yes

No

**N/A**

**COMMENTS**

7. The school provides parents of participating children, or all children in a schoolwide program—

A. timely information about programs under Title I;

B. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels of the challenging state academic standards; and

C. if requested by parents, opportunities for regular meetings to formulate suggestions and to participate, as appropriate, in decisions relating to the education of their children, and respond to any such suggestions as soon as practicably possible (ESSA Section 1116 (c)(4)).

Yes

No

N/A

**COMMENTS**

8. The school jointly develops with parents for all children served under this part a school-parent compact that outlines how parents, the entire school staff, and students will share the responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help children achieve the state's high standards. The compact meets the requirements outlined in ESSA 1116(d)(1-2).

Yes

No

## Title I Schoolwide Programs

15. In a school implementing a schoolwide program, the school developed a comprehensive plan (the Comprehensive School Improvement Plan, or CSIP) during a 1-year period or qualifies for an exception under Section 1114(b)(1) of the Every Student Succeeds Act (ESSA).

- Yes
- No
- N/A

**COMMENTS**

16. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) with the involvement of parents and other members of the community to be served as well as individuals who will carry out such plan (e.g. teachers, administrators, classified staff, etc.) as required by Section 1114(b)(2) of ESSA.

- Yes
- No
- N/A

**COMMENTS**

17. In a school implementing a schoolwide program, the school developed a

comprehensive plan (CSIP) that will remain in effect for the duration of the school's participation under Title I, Part A of ESSA as required by Section 1114(b)(3) of ESSA.

Yes

No

**N/A**

**COMMENTS**

18. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that is available to district leadership, parents, and the public and in an understandable and uniform format as required by Section 1114(b)(4) of ESSA.

Yes

No

**N/A**

**COMMENTS**

19. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that, to the extent appropriate and applicable, coordinates with other federal, state, and local programs, including but not limited to the implementation of improvement activities in schools identified for comprehensive or targeted support and improvement, as required by Section 1114(b)(5) of ESSA.

Yes

No

**N/A**

**COMMENTS**

20. In a school implementing a schoolwide program, the school developed a comprehensive plan (CSIP) that is based on a comprehensive needs assessment, which included a review of academic achievement data, and includes, among other items, a description of the strategies the school will implement to address school needs as required by Section 1114(b)(6) of ESSA. The comprehensive needs assessment was developed with the participation of individuals who will carry out the schoolwide program plan, and the school documents how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results, as required by 34 CFR 200.26 (Code of Federal Regulations).

Yes

No

**N/A**

**COMMENTS**

21. In a school implementing a schoolwide program, the school developed, pursuant to Section 1114(b)(7), a comprehensive plan (CSIP) that includes a description of the strategies to be implemented to address school needs, including how such strategies: (1) provide opportunities for all children; (2) use methods and instructional strategies that strengthen the academic program in the school, increase learning time, and provide an enriched and accelerated curriculum; and, (3) address the needs of all children through, for example, the following activities: school-based mental health programs; a tiered model to prevent and address behavioral problems; professional development to improve instruction and use of data from academic assessments, and to recruit and retain effective teachers; and/or, strategies for assisting preschool children transition to local elementary school programs.

Yes

No

N/A

**COMMENTS**

22. The school regularly monitors the implementation and results achieved by the schoolwide program, using data from the state's annual assessments and other indicators of academic achievement. The school determines whether the schoolwide program has been effective in increasing the achievement of students in meeting the challenging state academic standards, particularly for those students who had been furthest from achieving the standards. The school revises the plan as necessary based on student needs and on the results of the regular monitoring, to ensure continuous improvement of students in the schoolwide program and to ensure that all students are provided opportunities to meet the challenging state academic standards, as required by Section 1114 (b)(3) of ESSA and 34 CFR 200.26.

Yes

2022-23 Phase Four: Professional Development Plan for Schools  
for School Year 2023-2024\_05012023\_07:16

2022-23 Phase Four: Professional Development Plan for Schools for School Year  
2023-2024

**Lafayette High School**  
**Anthony Orr**  
401 Reed Ln  
Lexington, Kentucky, 40503  
United States of America

## 2022-23 Phase Four: Professional Development Plan for Schools for School Year 2023-2024

The purpose of this diagnostic is to support the school in designing and implementing a professional development plan that aligns to the goals established in [KRS 158.6451](#) and the local needs assessment. The basis of the professional development plan aligns to [704 KAR 3:035](#), which states the following:

Annual Professional Development Plan:

Section 2. Each local school and district shall develop a process to design a professional development plan that meets the goals established in [KRS 158.6451](#) and in the local needs assessment. A school professional development plan shall be incorporated into the school improvement plan and shall be made public prior to the implementation of the plan. The local district professional development plan shall be incorporated into the district improvement plan and posted to the local district Web site prior to the implementation of the plan.

Section 3. Each school and local district professional development plan shall contain the following elements:

1. A clear statement of the school or district mission
2. Evidence of representation of all persons affected by the professional development plan
3. A needs assessment analysis
4. Professional development objectives that are focused on the school or district mission, derived from the needs assessment, and specify changes in educator practice needed to improve student achievement; and
5. A process for evaluating impact on student learning and improving professional learning, using evaluation results

Research demonstrates a positive link between high-quality professional learning (HQPL), teaching practices and student outcomes. Effective professional learning not only has the potential to improve both classroom instruction and student outcomes, but also it can be effective in recruiting and retaining teachers. When designing and/or selecting HQPL at the local level, it is important to ensure alignment to the characteristics of [High-Quality Professional Learning](#).

1. What is the school's mission?

The mission of Lafayette High School is to ensure ALL students achieve at high levels and graduate prepared to excel in a global society.

2. The needs assessment provides the framework for **all** schools to clearly identify their most critical areas for improvement that will be addressed in the planning process through the development of goals, objectives, strategies and activities.

Based on the most critical areas for improvement identified in the completed needs assessment per [703 KAR 5:225](#) (3), what are the school's **top two focus areas** requiring professional development that support continuous improvement? The critical areas should focus on the needs assessment findings.

Teachers will be provided professional learning opportunities on developing and refining student-centric learning activities (PBL, group work, etc)

Teachers will be provided professional learning opportunities on the advisor-advisee mentoring model with a focus on SEL, financial literacy, transition readiness, and global/digital citizenship

3. How do the identified **top two focus areas** requiring professional development relate to school goals?

High quality PBL in the building will increase student achievement as well as introduce ways to incorporate student-centric learning activities, increasing diversity, equity, inclusion and belonging. The advisor/advisee model will increase feelings of inclusion and belonging as well as prepare teachers to provide effective and culturally responsive advisory material.

4a. For the first focus area, what are the **specific** objectives for the professional development aligned to the school goal(s)? Consider the long- and short-term changes that need to occur in order to meet the goal.

Short-Term Changes: We hope to see all teachers incorporate or refine at least one PBL instructional activity in the 23-24 school year

Long-Term Changes: We hope to see a transition to student-driven inquiry-based instructional models in all core content areas by 26-27

4b. What are the intended results of the professional development as related to the **specific** objectives in (a)? (student outcomes; educator beliefs, practices, etc.)

Student Outcomes: Improved achievement on district, state, and national testing; increased engagement with curriculum and perceived relevance to students

Educator Beliefs: Transition from teacher-centric lecture-based instruction to a guide for student-driven learning experiences

Educator Practices: Transition away from I do - we do - you do and lecture to interactive activities that promote student inquiry and team/social skills

4c. How will professional development be monitored for evidence of implementation?

i. What data (student work samples, grade-level assessments, classroom observations, etc.) will be considered and gathered?

ii. Who is responsible for gathering data? (teachers, coaches, administrators, etc.)

iii. How frequently will data be analyzed? (monthly, quarterly, etc.)

What data will be considered and gathered? Teachers will be asked to report on PBL/inquiry initiatives

Who is responsible for gathering data? Administration

How frequently will it be analyzed? 1x per semester

4d. What will be the indicators of success? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved.

**Please describe in detail.**

Implementation visible in admin walkthrough/evaluation data Increase in student school, district, state, national achievement levels Increase in student reports on connection to school and curriculum (QSCC survey, SEL surveys, etc)

4e. Who is the **specific** targeted audience for the professional development? (i.e., elementary mathematics teachers)

All teachers

4f. What **specific** resources are needed to support the professional development? (staff, funding, technology, **specific** instructional resources, professional development support from vendors, release time for professional learning, etc.)

22-23 school year teachers who have been a part of the Deeper Learning district initiatives ITL/district trained staff for support and mentoring

4g. What **specific** ongoing supports will be provided for professional development implementation? (i.e., district level coaches will work with teacher teams monthly as professional development is implemented, building level coaches will lead monthly professional learning communities using instructional resources from professional development, teacher leaders will meet bi-monthly to analyze student work based on evidence from professional development, release time for groups of teachers to plan together using specific instructional resources, a mathematics consultant to meet once a month with grade level math teacher teams September through April, etc.) The ongoing supports should be connected to the specific professional development identified as the priority.

Monthly building-level PD offerings for support PLC discussion & responsibilities regarding implementation of PBL/inquiry learning

5a. For the second focus area, what are the **specific** objectives for the professional development aligned to the school goal(s)? Consider the long- and short-term changes that need to occur in order to meet the goal.

Short-Term Changes: Teachers lead advisory groups 2x per week in SEL, financial literacy, citizenship, and transition readiness

Long-Term Changes: SEL, financial literacy, citizenship and transition readiness skills integrated into and visible in instruction

5b. What are the intended results of the professional development as related to the specific objectives in (a)?

Student Outcomes: Reduced behavior events/increased SEL/citizenship skills  
Improved transition readiness and financial literacy skills

Educator Beliefs: Importance of SEL/citizenship skills Group ownership of "soft skills" instruction

Educator Practices: Integration of SEL/citizenship practices into content area instruction  
Integration of relevant financial literacy and transition readiness content into core classwork

5c. How will the professional development be monitored for evidence of implementation?

i. What data (student work samples, grade-level assessments, classroom observations, etc.) will be considered and gathered?

ii. Who is responsible for gathering data? (teachers, coaches, administrators, etc.)

iii. How frequently will data be analyzed? (monthly, quarterly, etc.)

What data will be considered and gathered? Fidelity implementation of advisory curriculum

Who is responsible for gathering data? Admin/PBIS team

How frequently will it be analyzed? 1x per semester

5d. What will be the indicators of success? Consider the completed actions or markers that need to occur that would indicate the goals and objectives have been achieved.

**Please describe in detail.**

Reduction in behavior events Increase in QSCC scores/student connection to school

5e. Who is the **specific** targeted audience for the professional development impacted by this component of professional development? (i.e., elementary mathematics teachers)

All teachers

5f. What **specific** resources are needed to support the professional development? (staff, funding, technology, **specific** instructional resources, professional learning support from a vendor, release time for professional learning, etc.)

Teacher-developed Advisory curriculum

Elevate

Financial literacy course curriculum

School connect curriculum

5g. What **specific** ongoing supports will be provided for professional development implementation? (i.e., district level coaches will work with teacher teams monthly as professional development is implemented, building level coaches will lead monthly professional learning communities using instructional resources from professional development, teacher leaders will meet bi-monthly to analyze student work based on evidence from professional development, a mathematics consultant to meet once a month with grade level math teacher teams September through April, etc.) The ongoing supports should be connected to the specific professional development identified as the priority.

SEL/Trauma-informed practices trained staff

District Student Support resources/staff members

Financial literacy instructors

College/Career/Transition coach

6. Optional Extension: If your school has identified additional professional development priorities you would like to include, you may upload an attachment with the answers to question 3 and a-g as seen in questions 4 and 5. If you do not wish to include an optional extension, please list N/A in the space provided below.

KRS 158.070 (3)(a) Each local board of education shall use four (4) days of the minimum school term for professional development and collegial planning activities for the professional staff without the presence of students pursuant to the requirements of KRS 156.095. At the discretion of the superintendent, one (1) day of professional development may be used for district-wide activities and for training that is mandated by federal or state law. The use of three (3) days shall be planned by each school council, except that the district is encouraged to provide technical assistance and leadership to school councils to maximize existing resources and to encourage shared planning.
