District Mid-Year Academic Progress

- **District Unified Improvement Plan Goals**
- **Jeffco Thrives 2025 Instructional Indicators**
- **Strengthening Jeffco's Data Culture**

VISION

Our vision is for Jeffco Public Schools to be a thriving district where all students achieve their biggest dreams.

MISSION

Our mission is to provide a world-class education that prepares all Jeffco students for bright and successful futures locally and globally.

VALUES

Focus on Students
Excellence
Equity
Integrity
Belonging

OUR LEARNERS: OUR FUTURE

All Jeffco students experience a **culture of instructional excellence.**

All Jeffco students have **extraordinary student experiences** that recognize their strengths, challenge them to improve, and support them to succeed.

All Jeffco students experience a culture of instructional excellence.

- Ensure the use of high quality instructional materials and practices aligned to research and data.
- All students reading on grade level by the beginning of 3rd grade.
- Every student proficient in math at grades 5 & 8
- Every 9th grader is on track with 6 credits or more.
- Every student graduates with the knowledge and skills needed for post-secondary life.

Extraordinary Student Experience

- Ensure access to opportunities that enrich the student experience and strengthen school culture.
- Access to effective intervention supports and systems.
- Ensure digital citizenship, digital equity and sustainable technologies to enable learning.

What Is A “Data Culture” And Why Do We Need One?

Culture is the collection of shared values and practices that drive the actions of all team members.

Similarly, data culture is the collective behavior and beliefs of people in how they use (or don't use) data for decision-making.

Critical Components For A Successful Data Culture

1. Leadership owns and drives the use of data
2. Data champions break silos between teams and promote collaboration
3. Data is trusted, easily accessible, and freely shared
4. Data literacy is considered a critical skill for every role

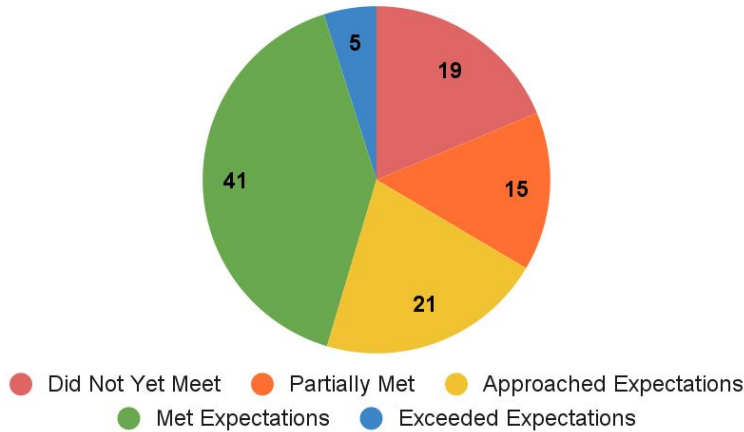

How Do We Build An Effective Data Culture?

Using data for decision-making at every level, from classrooms to the boardroom

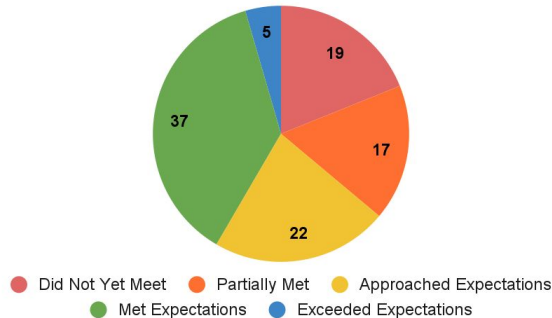

- It's not a test or data system
- It's the collective beliefs and behaviors of all staff to use, value, and rely on data for improved decision-making

District Elementary Reading Achievement

Winter 2022 MAP Grade 3 Reading Projected CMAS Proficiency

Winter 2021 MAP Grade 3 Reading Projected CMAS Proficiency

District Elementary Long-Term Reading Goal:
All students proficient on state reading test by the end of 3rd grade

- 2022-23 CMAS Targets:**
- +2 increase in met/exceeded (3rd grade reading)
 - 55th percentile growth (4th grade Reading) overall & student groups

2023-24 EnrollJeffco Changes

- Implementation of a multi-department (IT Services, Enrollment Services, Facilities, Communications, and Early Childhood) tiered customer support model to improve support for families and school staff (including an additional 2.5 classified FTEs for Enrollment Technicians)
- Using feedback from families, developed a new interface with a TurboTax-like user workflow
- Partnered with Student Success and Legal Services departments to support the new State Board rules for IEP students
- Partnered with the Early Childhood department to support Colorado Universal Preschool (UPK) applications and separate preschool choice enrollment processes for PK3, PK4 (non-UPK), and UPK students
- Accounted for all student enrollment processes in EnrollJeffco with the addition of home school and admin transfers
- Using feedback from stakeholders, updated the survey questions

K-12 Timeline

- **December 6** - Round 1 opened
- **January 13** - Round 1 closed
- **January 19** - Round 2 opened
- **January 20-23** - Schools review preliminary lottery results and update seats, if needed
- **January 24** - Round 1 lottery offers and waiting list notifications are sent to families
 - Families have three days to accept an offer
- **January 24/25** - Schools begin sending Round 1 and Round 2 waiting list offers
- **February 6-20** - Offer pause for SPED staffing and school review
- **August 31** - Round 2 closes

Round 1 K-12 Participation Data

- 71% of students took action in EnrollJeffco
 - Last year - ~60% of students took action
- 42,024 students submitted an “Intent to Enroll” for their projected school
 - Last year - 43,088 students
- 11,980 students submitted 20,846 choice applications
 - Last year - 10,803 students submitted 17,840 choice applications

Which students count as an enrolled student in EnrollJeffco?

- Students who submitted an intent to enroll for their projected school.
- Students who submitted a “Yes, but”
- Students who did not take action and were enrolled into their projected school.
- Students who accepted a choice enrollment offer.

Questions?

Strengthening the Instructional Core by Investing in High-Quality Instructional Materials

Jeffco Public Schools
DAC Presentation
February 21, 2023

Current Challenges

- Student performance is flat or declining on literacy and math assessments
- Variability in resources and pedagogy at the school level creates inconsistent learning experiences for students
- Variability in resources and pedagogy also presents challenges to central teams trying to support teachers
- The current resources are rapidly becoming obsolete for students

Why Invest in High-Quality Instructional Materials?

- 1) Notably improved student learning gains
- 2) Reduce teacher time spent searching for materials to support teaching to grade level standards
- 3) Ensure instructional coherence across grade levels and schools

Theory of Action | Curriculum Implementation

Problem: Jeffco students need XYZ skills and materials to support their learning

New resources in Math and ELA

1. Purchase, distribute, coordinate materials

Aligned Professional Learning & Coaching

1. For teachers
2. For principals and assistant principals (APs)
3. For instructional coaches (ICs)

Internal Coordination

1. Collaboration between PL and T&L teams
2. Monitor and support implementation
3. Change management across the district

Change management

Short-term outcomes (within 3 years)

1. District-wide median MAP Math and ELA scores increase
2. District-wide median CMAS Math and ELA scores increase
3. District-wide median SAT scores increase
4. District-wide median PSAT scores increase
5. District-wide median Acadience scores increase
6. District-wide Number of students on READ Plans decreases

Long-Term Result: All Jeffco students experience a culture of instructional excellence

Considerations

- We have a diverse district and while we strive for consistency, we also acknowledge that one resource may not be the just right balance between systemness and specific school needs.
- Most resources will not be perfect. We may very well need to identify supplemental materials to support one program or the other.

RFP Process

45 central leaders (SPED, GT, EDI, Assessment and C&I)

150 School based teachers, Instructional coaches, principals

59 schools based completed the review

4 community members

- Phase I - Meets Minimum Requirements
- Phase II - Resource Review
 - Developmentally appropriate
 - Age appropriate
- Phase III - Content Review
 - Alignment to Colorado Academic Standards and Jeffco curriculum standards
 - Spanish Language Materials Review
- Phase IV - Operational Efficiency Review
- Phase V - Data Governance Review
- Phase VI - Teacher, principal, community review
 - 150 teachers invited to review; 59 teachers, teacher leaders, and principals did participate 4 community members

Approved Math Resources

- Imagine Learning: ***Illustrative Mathematics***
- Curriculum Associates: ***i-Ready Classroom Mathematics (K-8)***
- Houghton Mifflin Harcourt: ***Into Math (K-8); Into AGA (9-12)***

SY 2022-23 Math Cohort 1

Imagine Learning Illustrative Mathematics

Offers the highest quality core math curricula for grades K-12, powered by a best-in-class integrated learning experience.

Approved Literacy Resources

- Houghton Mifflin Harcourt: ***Into Reading***
- Benchmark Education: ***Benchmark Workshop***
- McGraw Hill: ***Wonders (2020)***

SY 2021-22 Cohort 1

Literacy Instruction Grounded in Research

HMH Into Reading, and our Spanish program ***¡Arriba la Lectura!***, were built from the ground up using the latest in literacy research to ensure every student learns to read and write with confidence.

Science-Backed Instruction

The *HMH Into Reading* curriculum is based on research in the essential elements of literacy with scaffolds for multilingual learners and a Spanish-English biliteracy solution.

School Library conversations

The school library focuses on the development of a culture of reading, supports reading for learning and personal enjoyment, and provides opportunities for learners to read for pleasure.

~ [American Association of School Librarians \(AASL\)](#)

School Library Conversation Resources

(a collection of resources for school leaders & DTLs)

Including the resources shown below

If/Then Scenario suggestions

If/Then Scenario Suggestions:	
Family/Guardian Requests	Suggested support:
If a parent/guardian would like to limit their student's access to books in the library	<ul style="list-style-type: none"> Parents/Guardians are welcome to support their student with their selection of library books during their class check-out time. Parents/Guardians are welcome to create booklists for their students to check-out. If there are titles that the parent/guardian do not want their students to check-out, a note can be added in the library system for that student. The note will be visible/public whenever accessing the student's account, including during self-checkout. Students are not required to check out from the school library. School libraries provide choice collections that allow all students access.
If a guardian would like to review the library collection	<ul style="list-style-type: none"> Guardians can access their school library collection virtually. Please provide the link to your school library collection.
If guardians would like to physically view the books in the library	<ul style="list-style-type: none"> Schedule this as a fixed appointment with a beginning and ending time. Recommended for one hour. Those attending this time are parents of student(s) at the school.
If a parent would like to check-out a library book	<ul style="list-style-type: none"> The Digital Teacher Librarian can set up an account for the guardian Limit of two books out at a time.

Library Materials Selection and Adoption Guidelines

Jeffco's Library Materials Selection and Adoption - Guidelines				
Library books are to have the following qualifiers for the corresponding grade levels (a <u>minimum</u> of two positive professional* reviews, that place the book in two or more grade levels or age levels for that level/school.				
	Primary	Elementary	Middle School	High School
Grade Levels	PreK - 2nd grade	PreK - 5th grade	6th - 8th grade	9th - 12th grade
Ages	0 - 8 years	0 - 11 years	11 - 14 years	14 - 18 years
			Elementary approved titles are appropriate for Middle School.	All Middle School approved titles are appropriate for High School.

These guidelines are meant to be a general support & are not definitive. Digital Teacher Librarians use professional knowledge & resources to guide curation.

Thank You!

Charter School Renewal Recommendations
Doral Academy
DAC Charter School Sub-Committee
Feb 10th, 2023

Purpose: To provide guidance to the Jefferson County School District Board of Education on charter schools renewals and approvals due in 2022-23.

Process: The subcommittee reviewed the applications submitted Doral Academy. After meeting to review Doral’s application, the group sent specific questions to the school to help provide more information or context to the application. School responses to questions were considered during a second meeting to complete scoring and make renewal recommendations.

Scoring in five categories (Governance, Academics, Operations, Finance, Sustainability) was on a 0-3 scale with 3 = Excellent and 0 = Unsatisfactory.

School: Doral Academy of Colorado

Recommendation: Do Not Renew

Student Count: 141

Staff Count: 24

Grades: K-12

Background: Doral Academy of Colorado opened in 2016 as an arts-integration school associated with the national Doral, Inc. The educational model is to educate the “whole child” by infusing arts instruction into core content learning and providing ample arts-related electives and extracurricular activities. The school opened in a church basement the first year, moving to the former Zerger Elementary building thereafter, but it has purchased property and has a new building under construction in another Jeffco location.

Governance	Academics	Operations	Finances	Sustainability
1	1	2	1.5	0

- Doral Academy is not performing to academic standards. Its history of very low academic performance predates COVID and cannot be attributed to COVID.
- Its enrollment is considerably lower than many of the District schools.
- Despite its low enrollment, Doral Academy is building a new facility and hoping to more than double its enrollment for next year in a District with declining birth rates.
- The charter school subcommittee does not believe this school is serving District families well enough and does not believe it is a sustainable option. In a climate of neighborhood school closures due to low enrollment, a charter renewal would feel inequitable.
- In the event that the Board recommends either a full or partial conditional renewal of Doral’s charter, the DAC strongly requests that the Board include tangible and measurable accountability targets for academic improvement, enrollment, and financial condition to be attained by the end of the conditional renewal period.
