Dear Parent/Guardian:

San Pasqual Union School is pleased to announce that we are now using the Raptor Visitor Management System to improve campus safety for students and staff. Part of keeping students and staff safe is knowing who is on campus at all times and the Raptor system will allow us to do that. The Raptor system will better allow us to track visitors, contractors, and volunteers in our school and provides us with a safer environment for our students and staff.

Upon entering campus, visitors will be asked to present a valid government-issued ID, which will be scanned into the system. The Raptor system will check to ensure that registered sex offenders and other restricted persons are not entering our campus. It is important to note that the Raptor system only scans the visitor's name, date of birth and photo for comparison with a national database of registered sex offenders. Additional visitor data from the driver's license is not gathered nor is the system connected to any other system such as the Department of Motor Vehicles. Therefore any other information on the ID is not scanned by the system and is not accessible to any of the users. Once entry is approved, Raptor will issue a badge that identifies the visitor, the date, and the purpose of his/her visit. The badge must be worn during the duration of the visit and turned in upon exiting campus.

In the event that a person does not have identification, he/she may be restricted from entering campus. A visitor's badge will not be necessary for those who visit our school simply to drop off an item in the office, pick up paperwork, or check out a student during school hours.

The safety of our students remains our highest priority. Thank you in advance for your understanding and support of the improved school safety protocols in our district. If you have any questions, please feel free to contact me.

Sincerely,

Mark Burroughs, Superintendent/Principal
San Pasqual Union School District
