Little Dragons: We provide an on-going series of martial arts classes designed for the kids who are in Pre-K and Kindergarten. These are classes tailored to the specific needs of the younger child – with focus on attention span, gross motor coordination, balance, focus and world experience; a simpler version of the more advanced junior black belt program. We use a combination of fun methods to disguise the repetition of these skills using games and obstacle courses combined with a story for the Lesson of the Day and simple martial arts techniques.
