

# Career Days

Career days are half day events designed to introduce career paths in multiple departments within the St. Luke's Network. Students are invited to visit the departments, speak with healthcare professionals, job shadow, watch demos and learn from Human Resources about how to apply to or prepare for exciting careers in Healthcare.

- Open to high school and community college students
- Students must provide their own transportation
- Observation paperwork is required 5 business days before the event
- Career Days are scheduled for 8:30 am - Noon
- Attendance slips provided at check-in
