Monday 15<sup>th</sup> January 2024

### STEM FAMILY NIGHT

Dear Parents and Carers

We are pleased to announce an exciting STEM evening for parents and children on **Thursday 8<sup>th</sup> February 2024**. The evening will consist of an hour-long session for you and your child to share a range of science workshops together, playing Science games and the amazing opportunity for your child to visit an inflatable planetarium!

The evening is open to children from KS1 and lower KS2 (Years 3 and 4) only.

KS1 session will be 5-6pm.

Lower KS2 session will be 6-7pm.

Due to limited space in the planetarium, your child will be given a timed slot for their planetarium visit. You will be able to spend the remaining time of your session exploring the workshops and activities around the school together.

Tickets for the event are £5 (for 1 child + 1 adult), which covers the cost of the planetarium visit for your child. Children **MUST** be accompanied to the event with an adult, and the adult must accompany them on a 1:1 basis (no sharing an adult between siblings). There is a maximum of 50 spaces for children for each session. So, if you are interested in attending this event, please return the slip below the school office as soon as possible. Once numbers are confirmed, your payment can then be organised via Parent Pay.

Name of child attending: \_\_\_\_\_

Year group and class: \_\_\_\_\_

Name of parent attending: \_\_\_\_\_

I understand that I will be accompanying my child and will be working with them to complete the workshop activities.

I understand that the time slot for my planetarium visit cannot be transferred. I will ensure that my child will arrive at the planetarium in time for the show slot.
