

South Salem High School Sophomore Planning Tool IB Diploma Program

IB DP		IB DP		
SUBJECT	11 th grade	12 th grade		
Group 1: Language & Literature	IB English I (HL)	IB English II (HL)		<p>The course of study for each subject should be selected carefully as a candidate cannot change the course selection for each subject group after the start of junior year. Consultation with your sophomore year teacher in math and science is essential to pick the best path.</p> <p>All Higher Level (HL) courses of study are 2 years long. All Standard Level (SL) courses of study are 2 years long unless noted below.</p> <p><u>1 Year Only SL Courses:</u> SL Business Management SL Sports, Exercise, and Health</p> <p><u>Student may elect to take SL subject for 1 or 2 years:</u> SL Psychology SL Spanish/French/German SL Theatre SL Food Science</p> <p>Note: In world languages, it is acceptable to engage in an IB SL level only one year if this level cannot be reached until the senior year.</p> <p>When to take the IB external exams, junior year or senior year, in a one-year SL course is also an important decision in October of the junior year. While it can be advantageous to reduce the number of IB external exams a candidate must sit during their senior year, it eliminates the <i>only opportunity to adjust a course of study</i> in a subject area-change the level of study from SL to HL.</p>
Group 2: Language Acquisition	Spanish IV	IB Spanish (SL)		
	IB Spanish I (SL/HL)	IB Spanish II (SL/HL)		
	*IB French I (SL/HL)	IB French II (SL/HL)
