## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	87	87	83	86	47	46
<b>Mathematics</b> (grades 3-8 and 11)	94	94	84	86	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

Ormondale School greatly benefits from its supportive parent community. Our school has a strong base of active volunteers who participate in classroom activities, chaperone field trips, assist with lunch and recess duty as well as a host of other opportunities through participation in our Parent Teacher Organization (PTO), as well as the Portola Valley Schools Foundation (PVSF). The principal conducts an annual Volunteer Training at the beginning of each year to review guidelines for safety, school behavioral expectations, how to mediate a conflict between children, etc.

## 2023-24 School Safety Plan

The safety of students and staff is a priority at Ormondale School. The School Site Safety plan is reviewed and updated annually to ensure that we comply with emergency standards following San Mateo County's Big 5 Protocols. The staff reviews the plan annually at the beginning of the school year. Aspects of the plan with scenarios are discussed at monthly staff meetings. Each teacher has a walkie talkie in their classroom and the Emergency Preparedness Team lead conducts monthly radio checks with staff to ensure that the radios are functioning properly and that all staff members are confident in using the device in an emergency. All staff members have been trained in CPR, First Aid and use of the AED. The principal and three staff members comprise the Ormondale Safety Committee and also represent Ormondale on the District's Safety Committee. All members of the Safety Committee have received intensive training in the Big 5 Protocols at the San Mateo County Office of Education. In addition, County Office staff have provided training updates for the whole staff.

The school's disaster preparedness plan includes steps for ensuring student and staff safety during an emergency. Fire drills are conducted monthly, disaster drills (Drop, Cover and Hold) are conducted quarterly and shelter in place drills are practiced twice a year. In keeping with trauma informed practices learned through our Big 5 Training, lockdown drills are practiced only with staff. All of our drills are conducted in partnership with local emergency personnel.

Students are supervised before and after school and during recess and lunch breaks by certificated staff, classified staff, and the school counselor and principal. A clearly designated "drop-off and pick-up" route has been developed and parents and care-givers are frequently reminded about how to navigate through in a safe manner. It is the expectation that all visitors and volunteers first register in the school office to receive a Visitor Badge prior to beginning a volunteer shift or visiting a classroom or the campus in general. Signs indicating this requirement are posted throughout the campus. New locked gates have been installed at each entrance so that visitors and volunteers must come through the office prior to entering the campus.

These grants support 21st century learning, visual, audio, and performing arts, student physical and mental health; additionally, they align with the Districts' LCAP goals, helping to cultivate a safe learning environment for students and staff.
