Building Referendum

1. UPDATE INFRASTRUCTURE

WHAT'S POSSIBLE

WHAT YOU HAVE

✓ ADVANTAGES

- Safer, better-maintained schools & improved legal compliance through investments in capital needs such as mechanical systems, air flow, plumbing, bathrooms, sprinklers, electrical, emergency power, networking & cabling, food service, corridors, asbestos abatement, drainage, & ADA compliance

✗ DISADVANTAGES

- Costly due to extreme age of mechanical systems & aging building

\$ COST

- \$20.8 million

1. UPDATE INFRASTRUCTURE

WHAT'S POSSIBLE

WHAT YOU HAVE

✓ ADVANTAGES

- Safer, better-maintained schools & improved legal compliance through investments in capital needs such as mechanical systems, air flow, plumbing, bathrooms, sprinklers, electrical, emergency power, networking & cabling, food service, corridors, asbestos abatement, drainage, & ADA compliance

✗ DISADVANTAGES

- Costly due to extreme age of mechanical systems & aging building

\$ COST

- \$20.8 million

2. CLASSROOM RENOVATIONS

✓ ADVANTAGES

- Modernized classrooms & 21st century learning spaces with modern features to effectively implement current & future curriculum, facilitate collaboration, & allow for more individual & small group instruction, asbestos abatement, & ADA compliance

\$ COST

- \$9.1 million

3. PROGRAMMING & CAREER LEARNING SPACES

✓ ADVANTAGES

- Optimized & dedicated spaces for STEM, applied tech, construction, health sciences, bio med, & special education, leading to increased opportunities for students

\$ COST

- \$18.2 million

4. STUDENT SAFETY & SECURITY

WHAT'S POSSIBLE

WHAT YOU HAVE

✓ ADVANTAGES

- More secure environment for students & teachers including updated security systems, door & window monitoring, electronic door locks, & includes completion of 10-year Life Safety items

\$ COST

- \$7.7 million

5. TOILET RENOVATIONS

WHAT'S POSSIBLE

WHAT YOU HAVE

✓ ADVANTAGES

- The current toilet rooms are not all accessible & not well distributed. This results in increased student circulation times. The new toilet rooms will be healthier spaces, easier to clean and maintain

✗ DISADVANTAGES

- These areas are plumbing intensive & relatively expensive

\$ COST

- \$3.9 million

6. CULINARY RENOVATIONS

✓ ADVANTAGES

- A complete replacement for the out-of-date "home economics" lab. Instead integrate culinary education with a career technology path that provides practical experience aligned with current hospitality careers and jobs.

✗ DISADVANTAGES

- Culinary spaces are utility expensive (thus overall expensive)
- Requires related equipment expense

\$ COST

- \$5.8 million

7. MAINTENANCE

✓ ADDRESSES

- This work focuses on maintaining your investment of your existing school. Issues like roof repair/replacement, tuckpointing of brick exterior walls, & indoor air quality of classroom spaces

\$ COST

- Included in the \$20.8 million infrastructure cost
