

MANSFIELD ISD

LONG-RANGE PLANNING COMMITTEE

Stronger  ***Together***

This meeting discussed a range of topics, primarily focusing on the needs and future plans for both the transportation and athletics departments. Detailed plans were discussed for expanding and improving transportation facilities, as well as the need for new buses. Athletic achievements were highlighted and future needs for facilities and equipment were laid out.

- Recap of previous meeting and discussions on transportation and athletics.
- Department overview of transportation, highlighting the number of students transported, bus routes, and annual miles driven.
- Discussion on the need for new buses, estimated costs, and future facility expansion plans.
- Discussion on the expansion of the 6th Avenue and Main St transportation facilities, including new construction, project costs, and completion dates.
- Review of athletics, highlighting student participation, community service, and scholarship recipients.
- Discussion on the needs for athletics, including completion of various phases of campus athletic complexes, replacement of turf fields, resurfacing of courts and tracks, upgraded seating, scoreboard replacements, and renovations of the RL Anderson Stadium.
- The next meeting will be held on Thursday, Jan. 11.
