Course Selection Directions:

The chart on the back of this page is a visual for the amount of class space available in the freshman schedule. As courses are selected, please write that class in the appropriate spot(s) depending on whether the course is a semester or full year course. Full year courses have 2 numbers next to the course title, and semester courses only have 1 number next to the course title. **Please note: This chart does not represent what the actual schedule or order of classes will be.**

Courses with an * are part of a Graduation Pathways CTE concentrator, but courses may also be taken as an elective. See Program of Studies for more information.

**** PLEASE NOTE:** PE I, PE II, and Health must be taken either the 9th or 10th grade year. PE I and/or Health taken in the summer with Indiana Online are NOT included in the total of 14 credits the freshman year. Also, if a student is seeking a waiver for PE I and/or PE II credit(s), by participating in a school sport or other approved activity (marching band, dance team, etc.), **this should be completed by the end of the sophomore year.** Visit the Guidance Department website and click on "Records and Forms" to find information for the PE Waiver Process.
