

SCHOLARSHIP ELIGIBILITY REQUIREMENTS

YEAR ONE

- Applicants or their parents must be current members of the Louisiana Farm Bureau® Federation.
- Applicants must have earned a cumulative grade point average of 2.5 or higher for 4 years of high school.
- Applicants must graduate from high school in the spring of 2024.
- Applicants must attend an accredited Louisiana college or university during the fall and spring immediately following their high school graduation. The scholarship may not be deferred and is not available for summer terms.
- Applicants must pursue a career in agriculture by choosing a curriculum in agriculture, agribusiness, ag education, or agriscience.
- Scholarship winners must earn a minimum grade point average of 2.5 during the first semester or quarter of fall 2024 and maintain a major course of study in agriculture for the remainder of the academic year and each subsequent academic year to qualify for additional payments.

YEARS TWO, THREE & FOUR

- Eligible recipients may reapply to continue their award for each academic term for three additional years. The amount of the scholarship may vary each successive year.
- Applicants or their parents must maintain an annual Farm Bureau membership.
- Applicants must continue to earn at least a 2.5 GPA as a full-time student for each full term in order to re-apply for the next successive semester or quarter.
- Applicants must continue to maintain full-time student status in a major field of study in agriculture at an accredited Louisiana university in order to qualify for scholarship funds.
- In the event an applicant fails to maintain eligibility for any single semester or quarter, that applicant will be placed on probation and forfeit scholarship funds for the following term but may reapply after regaining eligibility for the following quarter or semester.

There are hundreds of career options in agriculture... THE LOUISIANA FARM BUREAU® FOUNDATION OFFERS YOU 12,000 REASONS TO CHOOSE ONE!

Louisiana Farm Bureau is a voluntary organization of farm and ranch families that works to achieve legislative and economic benefits for its members. Through its strength as the state's largest general farm organization, the Louisiana Farm Bureau is the "Voice of Louisiana AgricultureSM" for all matters important to farm and ranch families, agribusiness, and others who share our philosophy.

The 2024 winners will be eligible to receive up to \$3,000 during the 2024-25 academic year. Winners who maintain academic and curriculum eligibility may reapply each succeeding year to continue their scholarships for a total of four consecutive years. Early college graduation terminates any remaining scholarship payments unless the scholarship recipient immediately enrolls in post-graduate study in agriculture. The amount of money awarded to each winner may vary from year to year.

We are vitally interested in having the business of agriculture run by future generations of farm and ranch families. To help achieve this goal, we formed a tax-exempt foundation to award scholarships to deserving students pursuing careers in agriculture. We awarded the first two scholarships in 1993, and since then we have awarded 185 scholarships—nearly half a million dollars—to assist graduating high school seniors in their college careers.

We invite the graduating seniors of 2024 to review the eligibility requirements. If you plan to pursue a career in agriculture and meet the other requirements, please visit www.lafarmbureau.org/foundation to complete the online application. An applicant may apply to only one parish Farm Bureau. Each parish Farm Bureau is eligible to submit one application for consideration as a state winner.

The deadline to apply is February 2, 2024.

Find out more by visiting
www.lafarmbureau.org/foundation
or by contacting your local Farm Bureau parish office.
