

Welcome!

TISD New Teacher Resources

Login Information

Your network login will allow you to access your laptop or any computer in the district. Your network login will be provided to you during new teacher training. Your login format will be first initial and last name (for example jdoe), followed by the password supplied in your new teacher information. To make your login distinctive, we may need to utilize a middle initial in exceptional cases. Please do not share your credentials with anyone.

Google

We are a Google Apps for Education school. With your new teacher training information, you will receive your Google email login credentials. You will be using Gmail. Your email address will be in the format first initial and last name @tarkingtonisd.net (for example, jdoe@tarkingtonisd.net). To make your email address distinctive, we may need to utilize a middle initial in exceptional cases.

Saving Files - *Google Drive* is the

preferred way. To access your Google Drive, navigate to <https://www.google.com/drive/> and sign in using your email address.

Find your credentials on your new teacher information.

Network

Please look for an email with information on how to access our public wifi network.

Technology Help Desk

If at any time you have an issue with technology you will need to file a Technology Service Request in Eduphoria. You can reach the service request area by going to our district technology page on the website and clicking on Technology Help Desk under staff resources.

Instructional Tech Google Classroom

Each campus has an Instructional Tech Google classroom setup with great instructional videos and cool classroom tools. You can find the link to your campus classroom on the district technology page, <https://www.tarkingtonisd.net/page/technology-department>. Please email your Campus Instructional Tech for the classroom code to join!!!!
