1. Call To Order

2. Review of Summary Notes

3. Informational

3.a. Meeting Dates for 2023-2024

4. Items for Discussion

4.a. Goals for Curriculum Council 2023-2024

Minutes

Dr. Shuman discussed the Goals of the Curriculum Council for 2023-2024:

1. Facilitate and coordinate the implementation of the new PA Science Standards in grades K-12. Continue to keep the Council informed about the implementation, realignment, and development of the Science Curriculum through regular updates on the process from members of the implementation team. Monitor the development and roll out for the 2025-2026 school year.
2. Work to ensure compliance with PA Act 55 as it relates to staff training in the Science of Reading and the Structured Reading approach to classroom instruction.
3. Implementation of the Eureka2 Math Program at the elementary level which includes staff support, instructional coaching, professional learning, and refinement of the math intervention model.
4. Explore systemic elements that may limit student access and all students learning at high levels. This may include: prerequisite requirements, placement procedures, academic tracking, achievement data, and course enrollment data.

5. New Business

6. Old Business

7. Public Comment

8. Next Meeting - Tuesday, October 10, 2023

9. Adjournment

Minutes

A motion was made by Lindsay Koch and seconded by Maria Memmi to adjourn the meeting at 4:38 pm
