Meeting Minutes Notes

DISCUSSION	Dr. Kennerly and Tammie Taylor discussed student growth through assessments in iReady, EasyCBM, and NSGRA. The benchmark data in ELA and Math across grades K-5 show positive growth among all grades with 3 rd grade needing slight improvement in ELA comprehension, but efforts are already in place to	
	increase scores. Data shows positive growth for all subgroups: AIM, SWD, and EL. Highly focused PLCs in the Gifted and SPED groups have made positive contributions to the data. The assessment platform, Beacon, is being used this year in assessing students and compiling data.
