January 2024

Dear Parent or Guardian,

Please be advised the Parkland School District will administer the Otis-Lennon School Ability Test to first grade students this year. Listed below are the testing dates for this assessment.

Monday, January 29, 2024
Tuesday, January 30, 2024
Wednesday, January 31, 2024

The Otis-Lennon School Ability Test measures selected cognitive skills to determine a student’s learning aptitude or potential for learning. Each test is specifically designed for first grade students. The results from this test provide important information that allows school personnel to provide the best possible instructional program for each of our students. This assessment requires no preparation on the part of the student.

Please take time to speak with your child about the importance of this test. In addition, please make every effort to ensure your child is well rested and attends school during the testing period.

If you have any questions in regards to the Otis-Lennon School Ability Test, please feel free to contact your school counselor or me. We appreciate your time and attention in this matter and your continued support of your child’s education.

Sincerely,

James E. Moniz II
