2023-24 School Description and Mission Statement

Principal's Message

Dear students and parents, As principal of Tracy High School, it is my distinct honor to guide our students through the most important years of their education.

Follow Tracy High on Facebook at www.facebook.com/TracyHighSchool for school updates, events around campus and special announcements.

Do not miss the latest edition of our school newspaper, Scholar & Athlete, at www.tracyhighscholarandathlete.com.

Sincerely, Jon Waggle, Principal

School Mission Statement

It is the mission of Tracy High School to foster a positive, safe environment that prepares students to successfully navigate a global community using 21st-century skills.

Parental Involvement

Tracy High is a small community that needs to tap the resources and support the parents. Their life experiences, depth of knowledge, and even just their presence could change the environment in a positive manner for the students and staff. Tracy High offers many opportunities for parents. We welcome them to assist in the libraries; on class committees; at rallies, dances, and sporting events; as members of the school site council; as speakers on career day; and to be active in the education of their children by working with the teachers.

For more information on how to become involved at the school, please contact Michelle Sterritt, Principal's Secretary, at (209) 830-3360 ext. 2010.

School Safety

The school safety plan is reviewed with the staff at the beginning of each school year. Fire exit routes are routinely checked and changed as necessary to have the students evacuated in the most efficient manner. Every year, fire, earthquake, and

2023-24 School Description and Mission Statement

safety drills are practiced multiple times throughout the year. Safety issues and concerns are brought up periodically over the course of the year at staff meetings to keep the staff up to date on safety issues and new protocols that may be in place.

The school safety plan was last reviewed, updated and discussed with the school faculty in August 2023.

School Vision Statement

Tracy High School consistently provides a safe and rigorous learning environment where our students' physical, emotional, and academic needs are met in preparation for a future of growth, prosperity and productive citizenship in a diverse and complex world.

About Our School

Established in 1912 as Tracy Joint Union High School, it is now one of three 9-12 comprehensive high schools in the Tracy Unified School District. The unification of the Tracy Elementary and Joint Union High School Districts became official in July 1997 and has created a K-12 district that is now one of the fastest growing in the state.

Tracy is situated in California's San Joaquin Valley between Stockton and Livermore on Highway 205, 60 miles due east of San Francisco. Within the past 15 years, many new single-family homes have been built in the area. The homes have been purchased mainly by middle- and upper-middle-income families employed in neighboring cities. This has caused a rapid change in demographics that has transformed Tracy from a small rural farming town to a diverse community with a population of more than 90,000 residents. A new high school opened in a neighboring town, which has caused our enrolment to drop by about 500 students. Our student population has stabilized at or around 1750 recently.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered "ineffective" under ESSA)

Permits and Waivers	2.90	1.00
Misassignments	0.70	0.50
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	3.60	1.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered "out-of-field" under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.60	0.00
Local Assignment Options	1.50	0.40
Total Out-of-Field Teachers	2.10	0.40

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	0.9	1.9
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	7.8	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Textbook-selection committee members are volunteers from each school site, balanced by grade band (K-2, 3-5, 6-8 and 9-12). They receive ongoing training in standards related to that content area before an adoption cycle begins. After extensive review and piloting, the textbook-selection committee members vote to recommend one text to the district's Curriculum Council. The council, which consists of members from each school site and includes some site administrators, reviews the recommendation and then recommends instructional materials (IM) to the school board.

Our most recent public hearing to adopt a resolution on the sufficiency of instructional materials was in September 2022. The district chose its most recently adopted textbooks (K-5 history/social sciences) using the state-approved list. The textbook content fits within the curriculum framework adopted by the California State Board of Education (SBE). Tracy Unified School District (TUSD) is in the process of evaluating and selecting instructional materials for science in grades K-12.

School Facility Conditions and Planned Improvements

The Tracy High campus has undergone major renovations. The campus is clean and organized and reflects pride of ownership by the students and faculty.

General

The Tracy Unified School District takes great effort to ensure that all schools are clean, safe and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public-School Construction. The results of his survey are available at the district office located at 1875 West Lowell Avenue in Tracy, California.

Below is more specific information on the condition of Tracy High School for the 2023-24 school year and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

Age of School/Buildings

This school has 95 classrooms; an administration building; theater; cafeteria; kitchen; library; auto shop; girls' sub gym and locker rooms; a main gym; boys' sub gym, locker rooms and restroom; and storage buildings. The main campus was built in 1912 (the West Building built in 1912 was demolished in 2007).

Additions were constructed in 1939 (auto shop), 1949 (custodial room, classroom, storage room, lab auto shop, main gym, and boys' and girls' locker rooms), 1955 (ag shop, four classrooms, girls' sub gym), 1969 (I/A Complex, five classrooms), 1974 (boys' sub gym, theater and two classrooms added), the 1996-97 school year (redevelopment on theater, six classrooms, ag shop, main gym, sub gym, and boys' and girls' locker rooms), 2007-08 (new 40-classroom building), 2008-09 (modernization of science building and main gym), 2009-10 (modernization of industrial arts building and auto shop, reconstruction of cafeteria, addition of six classrooms, new construction of library with 19 classrooms), 2012-13 (demolition and reconstruction of the stadium and renovation of 12 relocatable classrooms) and 2013-14 (modernization of the EB Theater, ag building and weight room).

Maintenance and Repair

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. An online work-order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The district governing board has adopted cleaning standards for all schools in the district. A summary of these standards is available at the district office. The principal works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

In accordance with Chapter 12, Statutes of 2009 (SBX3 4), the district has elected to use the flexibility clause. The clause allows the district to use the state deferred maintenance contribution as well as the district's matching share contribution toward "any educational purpose." The district has elected to commit deferred maintenance funding to cover general fund expenditures.

Solar Project

Tracy High School and TUSD have joined together to install solar arrays in the D-loop and bus loop parking areas. Arrays were active as of August 2022.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- 1. Smarter Balanced Summative Assessments and CAAs for ELA in grades three through eight and grade eleven.
- 2. Smarter Balanced Summative Assessments and CAAs for mathematics in grades three through eight and grade eleven.
- 3. California Science Test (CAST) and CAAs for Science in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	22	17	25	26	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Sam Strube is the Director of Adult Education and Career Technical Education and in charge of CTE for TUSD.

All CTE courses follow the California CTE Model Curriculum Standards and the Academic Alignment Matrix found within. The Academic Alignment Matrix lists the English language arts standards, mathematics standards, science standards as well as social studies standards. This cross curricular matrix allows teachers to design hands-on learning experiences for ALL students

2022-23 Career Technical Education Programs

that help them to make connections between CTE content and academic content. This in turn helps to support academic achievement in the other academic courses.

THS provides activities that prepare special populations for high-skill, high-wage, or in-demand industry occupations in competitive, integrated settings that will lead to self-sufficiency.

Activities that take place after school in several Career and Technical Student Organizations (CTSOs) are an integral component to preparing students for high-skill, high-wage careers. CTSO's in TUSD include Skills USA, Family, Career and Community Leaders of America (FCCLA) and Future Farmers of America (FFA).

The Tracy Unified School District uses computer data, high school graduation rates among CTE students, as well as the Career Technical Education Completer Postsecondary Status Survey to survey CTE Completers.

Sam Strube, Director of Adult Education and Career Technical Education is the primary representative of the district's CTE advisory committee. All TUSD CTE Industry Sectors are represented on the committee; they are: Business and Finance/ Education, Child Development and Family Services/ Arts, Media and Entertainment/ Hospitality, Tourism, and Recreation/ Agriculture and Natural Resources/ Engineering and Architecture/ Education, Child Development and Family Services/ Hospitality, Tourism and Recreation/ Marketing, Sales, and Service Sector/ Health Science and Medical Technology/ Building and Construction Trades/ Transportation/ and Public Services.

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Tracy High is a small community that needs to tap the resources and support the parents. Their life experiences, depth of knowledge, and even just their presence could change the environment in a positive manner for the students and staff. Tracy High offers many opportunities for parents. We welcome them to assist in the libraries; on class committees; at rallies, dances, and sporting events; as members of the school site council; as speakers on career day; and to be active in the education of their children by working with the teachers.

Specific groups that include parental involvement are our parent workshops known as "The Inside Scoop", PIQE program, and our Cafecito workshops.

For more information on how to become involved at the school, please contact Michelle Sterritt, Principal's Secretary, at (209) 830-3360 ext. 2010

2023-24 School Safety Plan

The school safety plan is reviewed with the staff at the beginning of each school year. Fire exit routes are routinely checked and changed as necessary to have the students evacuated in the most efficient manner. Every year, fire, earthquake, and safety drills are practiced multiple times throughout the year. Safety issues and concerns are brought up periodically over the course of the year at staff meetings to keep the staff up to date on safety issues and new protocols that may be in place.

The school safety plan was last reviewed, updated and discussed with the school faculty in August 2023. Tracy High has reassigned evacuation locations for classrooms that make the evacuation process much more efficient. Additionally, in response to concerns regarding safety during Lockdown procedures, the school has practiced and planned for various scenarios that would precipitate a lockdown or Shelter-in-place scenario. School safety is regularly discussed and routines are adapted after receiving input from students, staff, and the community.

Professional Development

School

Tracy High School provides regular opportunities for Professional Development at the site level. Our Monday schedule consists of an early school release. This time is utilized to address short-term site needs and long-term professional development needs. Examples of professional development carried out in recent months include AVID instructional strategies, ongoing development of focused curriculum maps and learning progressions, common instructional strategies related to STEM, and 5e lesson development. Tracy High School is always looking for opportunities to increase staff awareness and competencies in ways that directly impact student performance and measurable outcomes.

LEA

Tracy Unified School District requires new teachers to Tracy Unified to participate in the Tracy Teacher Induction Program (TTIP). This professional learning involves six full days of pre-service and three follow-up days during the year. At this time, teachers are introduced to the district departments, their site administrators, and receive professional learning that highlights the California Standards for the Teaching Profession. Teachers experience strategies that support classroom management, curriculum supports, and universal lesson design components. Throughout the year in TTIP, teachers are also able to contact Curriculum Specialists for just-in-time support.

New teachers who come to Tracy Unified with their Preliminary credentials qualify for the California Commission on Teaching Credentialing accredited Teacher Induction Program with Tracy Unified. This program supports new teachers in growing through the California Standards for the Teaching Profession (CSTPs) and clearing their preliminary credentials. During this process an Induction mentor will be assigned to the new teacher to facilitate their learning through the Individualized Learning Plan and growth in the CSTPs.

The district offers professional-development opportunities for all staff members throughout the school year. Four full days are provided before the school year starts. Every Monday, students are released early from school to allow teachers to participate in professional development opportunities. These sessions are divided throughout the year to allow teachers to participate in site staff development, district staff development and teacher collaboration time.

The district office is helping to fund professional development for our teachers and administration, both through sending teachers to Professional Learning Community (PLC) conferences, STEM conferences, and through work with the International Center for Leadership in Education (ICLE). The work with ICLE focuses on building Relationships, Rigor, Relevance, and Engagement in the classroom.

This table displays the number of school days dedicated to staff development and continuous improvement.
