2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

The Petersen Alternative Center for Education (PACE) is located in Ceres, California. It is a court/community school program, operated by the Stanislaus County Office of Education (SCOE). We operate community school classrooms for grades 6-12 and Independent Study classes for all grade levels. Included under the PACE umbrella of schools is the Stanislaus County West Campus where we provide an educational program for incarcerated youth. We are committed to providing the students in our program a quality education. We are WASC accredited and strive to meet the many and diverse needs of all our students. Our

2023-24 School Description and Mission Statement

students have access to community resources through the Stanislaus County Sheriff's Office, Miri Counseling Center, and other community entities. Students attending PACE are able to meet the requirements of expulsion plans to return to comprehensive sites or graduate from PACE. Students released from the West Campus often come to PACE for continued educational services or return to their comprehensive sites. The teachers and staff are committed to working with the individual student to accomplish their goals for the future.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

We have six classrooms for student use: Three rooms are used by students and staff for Independent Study; Three rooms are currently used for high school and middle school students; Two rooms are used for Special Education/Resources Specialist purposes, as well as, a curriculum office housing texts and library books. One office is provided for the School Resource Officer (SRO). Each classroom is equipped with Promethean boards and white boards. We have a counseling office, Principal's office and a Healthy Start resource space. The site has one full time janitor who maintains the buildings. SCOE provides landscape maintenance and also is available for facility maintenance and repairs that are beyond the scope of the janitor. He is able to do deep cleaning procedures after students are gone on a rotating basis in the classrooms and offices.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	0	0	24	19	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement is welcomed at PACE. We believe that a team approach in working with students is effective and welcome parent input on any student or school issues. Parents are encouraged to participate in the School Site Council. Parents are welcome to come in to discuss areas of concern with teachers. We have an annual Open House every fall and spring semester. We have implemented School Messenger, an automated phone calling system, to notify parents of attendance information as well as announce events and update them on school policies and procedures.

2023-24 School Safety Plan

We have formed partnerships with the Stanislaus County Sheriff's Office. Two Sheriff's deputies are on campus 5 days a week, we use a progressive discipline system which emphasizes teacher attempts to resolve the situation before sending the offending student to the office. As the number or severity of an offense occurs, additional consequences are issued; which may include suspension from school, referral to the Probation for legal issues, or referral to our Independent Study program. All classrooms are wired into a Bogan System, which allows for direct communication with office personnel in an emergency situation. We use cameras inside and outside the classrooms to assist with the supervision of our clientele.

Our site receives annual reviews of safety by the SCOE maintenance staff, the Modesto Fire Department, and a representative from our insurance company. Our custodian and Principal are active members of the SCOE Safety Committee. Site concerns are handled immediately by our custodian or members from the SCOE maintenance team. Our Site Safety team meets twice a year and we have fire drills once per month, as directed by Stanislaus County Fire Marshall. The School Safety Plan is reviewed three to four times a year with staff during meetings. We also conduct multiple drills of its key elements throughout the school year - the first being at the site's initial teacher meeting in August. Specifically, procedures for duck and cover, lockdown, evacuation, earthquake, and fire. The Incident Response Team diagram / outline is also reviewed and shown where it can be found for each teacher and in each classroom.

Professional Development

Professional development opportunities are coordinated and conducted by the curriculum and assessment consultant twice monthly on early release days focused on instruction to improve student achievement. Principals and other division leadership staff also offer the faculty opportunities to attend conferences on subject related areas. It is a division goal for all staff members to feel confident about the curriculum they are teaching as well as to provide opportunities for the staff to learn ways to more effectively serve our alternative education population academically, emotionally, and physically.

This table displays the number of school days dedicated to staff development and continuous improvement.
