## 2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

### General Information about the School Accountability Report Card (SARC)

#### SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

## California School Dashboard

The California School Dashboard (Dashboard)

<https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

## Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## 2023-24 School Description and Mission Statement

Lathrop High School (LHS) is home of Spartan Nation. As the newest of the five comprehensive high schools in Manteca Unified and the only comprehensive high school in Lathrop, LHS intentionally builds a positive school culture with a strong focus on college and career readiness for every student. In August 2008 the school opened with 481 students; that number has grown to more than 1500 students in 2023. The school grounds cover 54 acres and include two gyms, a dance room, a conditioning room, a swimming pool, a stadium, two shop buildings, a greenhouse, and sixty-five classrooms. During 2022-2023 school year, the District's CTE programs were incorporated into Lathrop High School giving our students full access to agricultural mechanics, game design, education and family services, health science, and a manufacturing and product design pathways. Students have the opportunity to be a Career and Technical Education Pathway Completer or Supercompleter. LHS will continue to add additional course offerings to meet the needs of the growing student population. LHS offers an abundance of UC a-g designated courses in addition to numerous CTE programs and pathways. The availability and flexibility provided by the 4x4 block schedule format allows our students access to more elective choices and deeper development of their chosen areas of interest. Students can participate in band, choir, Academic Decathlon, agriculture and FFA, culinary arts, JROTC and woodshop. Students can study art, piano, dance, sewing, world languages, and business. For those students who need

## 2023-24 School Description and Mission Statement

assistance, LHS offers tutoring opportunities through GECAC, Sproxte, and teacher-held office hours. LHS also offers Advanced Placement (AP) courses in English, math, science, social science, Spanish and French. All freshmen participate in the Success 101 program, which helps each student to define a ten-year plan for his/her future. LHS utilizes the Coordination of Services Team (COST) to address student intervention needs.

School connectedness is a vital part of LHS student success. Lathrop High Spartans are strongly encouraged to participate in athletics, community service, and extra-curricular activities which helps students feel supported and keeps them engaged in learning on campus. There are more than 25 active student clubs with strong teacher support and more than 600 students participate after-school sports each year. Leadership students create an undercurrent of positive school culture – “We Are Spartan Nation” – through ongoing activities and opportunities for student engagement during the school day and after school. Student participation in school events is encouraged and monitored through the use of the Five-star app with 75% of students checking in at one or more events. Students can also earn “Savage Spartan” points that they can redeem for Spartan gear through Agora, the student-run student store.

The Lathrop High School Spartan community grows every year, and as Lathrop is currently ranked as one of the fastest growing cities in the state of California – that growth is expected to continue well into the next decade. Many of our families are generational Lathrop residents, but much of the city’s growth also comes from the influx of Bay Area commuters. The staff at Lathrop High understands its place in this community and the importance of maintaining a safe and inviting campus that supports strong academics and strong student engagement. The staff works hard to balance academics with a rich and vibrant school culture. Additionally, Lathrop High students are invited to “Respect the SHIELD,” SHIELD standing for “Spartans Honor Integrity, Engagement, Leadership, and Determination.” These values form the foundation for student behavioral expectations and citizenship on campus. Individual students are recognized regularly for embodying these character traits through the Student-of-the-Month program and annual Golden Shield awards given out during our SHIELD rallies. Along with staff, parents, and the community, Lathrop High School strives to prepare its students with the skills and abilities to be successful in their post-secondary careers and to become contributing members of their communities.

### A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

## Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Authorization/Assignment	2020-21	2021-22
Permits and Waivers	0.00	0.00
Misassignments	11.40	3.70
Vacant Positions	0.00	0.00
<b>Total Teachers Without Credentials and Misassignments</b>	11.40	3.70

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.90	2.60
Local Assignment Options	1.40	1.60
<b>Total Out-of-Field Teachers</b>	2.40	4.30

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## Class Assignments

Indicator	2020-21	2021-22
<b>Misassignments for English Learners</b> (a percentage of all the classes with English learners taught by teachers that are misassigned)	16.5	4.2
<b>No credential, permit or authorization to teach</b> (a percentage of all the classes taught by teachers with no record of an authorization to teach)	7.3	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

## School Facility Conditions and Planned Improvements

The District takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses the Facility Inspection Tool (FIT) instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the District Office. Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment.

### Age of School Buildings

Lathrop High School was completed in 2008, including the administration building, library, two gymnasiums, theater arts building, and 59 classrooms. In 2021, 7 portable classrooms were placed on campus.

### Maintenance and Repair

District maintenance staff ensures that repairs necessary to keep schools in good working order are completed in a timely manner. A work order process is used to ensure efficient service and emergency repairs are given the highest priority.

### Cleaning Process and Schedule

The District's governing Board has adopted cleaning standards for all schools in the District. A summary of these standards is available at the school office and at the District Office. Staff works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

### Deferred Maintenance Program

The District allocates funding for deferred maintenance. The Deferred Maintenance Program includes funding for replacement of existing school building components so that the educational process may safely continue. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, wall systems, floor systems, etc.

### Modernization Projects

The District is currently planning to renovate and modernize its schools based upon the District's 2014 Facility Master plan and 2019 Needs Assessment. As part of that activity there are projects planned at the campus which will be completed through the use of local funds. State funding will also be sought for those projects which may be eligible for modernization funding. An additional 7 portables have been placed as of 2021.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

#### Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

#### College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

## Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
<b>English Language Arts/Literacy</b> (grades 3-8 and 11)	60	60	38	38	47	46
<b>Mathematics</b> (grades 3-8 and 11)	23	22	20	22	33	34

## 2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

## CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

## 2022-23 Career Technical Education Programs

Lathrop High School has focused on integrating and focusing on elements of a 21st Century student, adhering to the motto of the "Spartan Way." Ninth graders participate in Success 101, a class designed to help them select a career path and develop a 10-year plan as they move through high school. Next Step is an elective course, open to eleventh and twelfth graders, that focuses on general life skills. A career path is developed for each student to prepare for the transition from school to post-secondary options. Lathrop students may enroll in CTE classes on campus in a variety of career pathways. Students also may enroll in districtwide CTE capstone courses in a variety of areas. CTE classes incorporate Standards for Career Ready Practice (a series of twelve standards that encompass fundamental knowledge and skills students need in order to be prepared for postsecondary education, career development, or the workforce) as well as standards-specific to their industry sector that are technical skills. Students are allowed to access CTE courses throughout the district through part-time enrollments. If a CTE course is not offered at a particular high school site, students have the opportunity to register for the CTE class at another high school, ensuring equitable access to CTE courses and articulated credits. Students are allowed to access CTE courses throughout the district through part-time enrollments.

### Districtwide CTE Capstone Courses:

- Advanced Careers with Children
- Advanced Fashion Merchandising
- Advanced Interior Design
- Advanced Public Safety
- Advanced Emergency Medical Response
- Advanced Emergency Medical and Fire Response
- Advanced Culinary Arts
- Advanced Video Game Art & Design

### Lathrop High School Career Pathways:

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

#### 2023-24 Opportunities for Parental Involvement

The support of parents and the school community strongly influences Lathrop High School's success. Lathrop High has experienced increased parent involvement as it has become a fixture in the city. All parents are invited to attend Back-to-School Night in the fall, along with various events and activities throughout the year, such as sporting events, performances, and celebrations. Parents with incoming ninth graders are invited to the annual eighth-grade parent night to learn more about our school community and culture. Parents of student-athletes participate in Parent/Student-Athlete nights held in fall, winter, and spring along with sports banquets at the end of each season.

Parents support Lathrop students through the Athletic Boosters, School Site Council, and the English Learner Advisory Committee. Parents assist with our music, agriculture, academic decathlon, and other student programs. Parents who serve on the School Site Council and the English Learner Advisory Committee help with school-wide planning and analysis through the WASC self-study and strategic planning input. Parents regularly attend parent conferences and various parent committees for fundraisers and field trips. Additionally, our Interact and Black Student Union clubs work with the Lathrop Sunrise Rotary to hold an annual food drive that serves more than 100 families during the holidays. We proudly host the Manteca Area Community (MAC) band, which includes students, community members, and staff. The MAC band also puts on concerts with our school music program.

During the 2022-23 school year, we had our inaugural Spartan Coffee Social hour. Sessions are held monthly in English and Spanish and serve to engage parents in an informal setting in dialogue to improve student/family experience at Lathrop High with the goal of improving student scores and promoting safety. Spartan Coffee Social continues in the 2023-2024 school year along with the addition of the opportunity for parents to serve on WASC committees alongside staff.

Additional information about Lathrop High School and our programs is available on the school website. Parents and the community are also kept updated on school events and accomplishments through the Lathrop Lowdown, the marquee, and various social media sites: LHS Facebook page, Twitter account, Remind app, and PeachJar.

## 2023-24 School Safety Plan

All school sites in the Manteca Unified School District annually update their Comprehensive School Safety Plan. Plans are revised by Site Administration per the required adoption process with appropriate School Site Council public meetings and School Site Safety Team input. At the March 2023 Board of Education meeting, current school safety plans were unanimously approved by the MUSD Board of Education!

The safety of students and staff as well as the security of school campuses are high priorities in MUSD. Safety plans in place are thorough and inclusive of various forms of threats and the protocols aligned for each situation. Staff and students receive ongoing training throughout the school year on emergency response and participate in regular disaster preparedness drills including but not limited to specific procedures for fire, earthquake, flood, civil disturbance, and hazardous chemical situations as aligned with state guidance. Safety plans evolve as necessary to adapt to current local, state, and national conditions.

Each school in Manteca Unified has a dedicated site safety team made up of key personnel who represent differing areas of expertise and perspective relating to campus logistics. The team meets regularly to review, adjust, and implement the best safety procedures for their school communities. Plans outline the many components necessary for a comprehensive safety plan such as steps for preparedness, proactive measures for prevention, emergency response, and a thoughtful blueprint for recovery.

As Manteca Unified School District attendance boundaries expand beyond city limits, MUSD partners and works closely with six law enforcement agencies, three fire departments, and many local first responders. MUSD's master emergency plan as well as school safety plans are reviewed by these agencies.

All site safety teams are currently involved in earning their ICS 100 certification. Several members of District senior leadership, site principals, and MUSD's Coordinator of Emergency Preparedness and Safety maintain an ICS 402 certification.

## 2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. ## Fiscal Year 2022-23 Types of Services Funded

All Manteca schools receive allocations of General Fund support for staffing, instructional materials and supplies, custodian needs, and other uses. Funding for the support services such as maintenance of buildings and grounds, utilities, and student transportation is budgeted on a district-wide, centralized basis and provided to each school site-based on the unique needs of the individual school.

In addition to its support from the local General Fund, each school in the Manteca Unified School District receives yearly allocations from various state and federal categorical programs. The purposes of these categorical programs range from improving the quality of the total instructional program for all students to addressing the unique needs of special groups of students such as limited-English proficient, academically deficient, socio-disadvantaged, and students at risk of dropping out of school.

## Professional Development

Manteca Unified School District continuously analyzes student data, utilizes staff surveys, and student surveys to determine professional development needs to improve student learning. As a district, we then prioritize our major focus areas for staff development for each school year. The Educational Services Team then plans out our district professional learning calendar as a collective to ensure it aligns with our district and site strategic plans. The 2023-24 school year focus is to continue to refine our Tier 1 Inclusive Classroom Instruction to engage and meet the individual needs of every student, as well as address social emotional learning and the academic learning loss of your student population. Manteca Unified provides a variety of professional development in-person and virtually for our Preschool-12th certificated and classified staff. This includes live/independent training courses, live/archived webinars, virtual and in-person training/coaching, administrator academies, and dedicated district-wide training on UTK-8th Early Release Minimum Days, 9th-12th Late Start Professional Development Wednesdays, UTK-12th District Pull-out Days, and Preschool- 12th District-wide Staff Development Days.

This table displays the number of school days dedicated to staff development and continuous improvement.
