2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

VISION STATEMENT

Del Campo students will be prepared for academic, career, and personal success.

MISSION STATEMENT

Del Campo will empower all students to contribute and thrive in an evolving world using knowledge, diversity, inclusivity, voice, social and emotional intelligence, and perseverance.

SCHOOL PROFILE

Del Campo High School, which opened in 1963, is located in the middle class suburban community of Fair Oaks, which is 12 miles northeast of the state capitol, Sacramento, California. Approximately half of the students attending Del Campo are from throughout the San Juan Unified School District and came to the school through open enrollment.

Del Campo, a comprehensive 9-12 public high school, places a strong emphasis on college preparatory courses. The school operates on a 4X4 Block System which allows students to take four classes that meet 82 minutes each day for eighteen weeks. Over the course of the school year, students are able to take eight courses instead of the traditional six. Del Campo's exemplary academic, athletic, and extra curricular programs are validated by accreditation from the Western Association of Schools and Colleges.

Del Campo's student publications are exceptional. The Decamhian is rated as one of the top yearbooks in the country, earning all the major awards given in scholastic journalism, including 17 CSPA Gold and Silver Crowns, 15 NSPA Pacemakers, and has been inducted in the NSPA Scholastic Yearbook Hall of Fame. The Decamhian advisor was the 1996 National Yearbook Advisor of the Year.

Del Campo's Air Force Junior ROTC (JROTC) is ranked as one of the top programs in the nation, having achieved Distinguished Unit 31 consecutive years. Only eight percent of the units nationwide were identified "with Merit," indicating a ranking of "exceeds standards," with zero deficiencies on the annual assessment by the Air Force Headquarters. Del Campo was awarded "Distinguished Unit with Merit" for 2016-2017 for the sixth consecutive year. Four Del Campo JROTC alumni are currently participating in senior ROTC in college with the aim of serving as an officer in the U.S. military. One cadet was

California Cadet of the Year for 2010 as awarded by the Air Force Association; and our own Aerospace Science Instructor was honored as an Outstanding Instructor for 2010-2011. Several graduates are in worldwide military deployment, including Iraq and Afghanistan as they serve in a multitude of job assignments. A Del Campo cadet was once again selected to attend the Youth Conference at Valley Forge, PA -- one of 30 selected by the Veterans of Foreign Wars organization from 6000 JROTC cadets in the state.

Approximately 550 students participate in athletic programs and Del Campo offers roughly 30 clubs as well.

PRINCIPAL'S MESSAGE:

On behalf of the faculty and staff, I welcome you to Del Campo High School. Since its opening in 1963, Del Campo has served the community of Fair Oaks preparing every student to become contributing, responsible, and caring members of the community.

Del Campo High School has established a set of school-wide learning outcomes that consist of the following:

Student Learner Outcomes: COUGARS: Del Campo will provide the opportunity for students to:

Character - Display positive attributes and values that will help them become respectful, responsible, ethical, and productive.

Opportunity - Challenge one's self with a diverse curriculum that meets their needs and interest.

Unity - Learn in an environment that emphasizes teamwork, communication, and cooperation.

Growth - Embrace the belief that intelligence and abilities can be developed and improved with effort and practice.

Accountability - Strive for optimal academic performance and personal behavior.

Resiliency - Develop perseverance and passion for long term goals, despite facing obstacles and setbacks.

Self-Motivated - Have the determination to pursue personal and academic success.

In addition to a rigorous academic program, other programs are offered, including Mock Trial, Academic Decathlon, Drama, Air Force ROTC, Kids Helping Kids, Yearbook, Crime Science, AVID, Choir, Band, Science Olympiad, Fire Technology, Video Production, Computer Tech, an assortment of clubs, and an athletic program that is rich in tradition earning numerous section titles. Del Campo High School has an active and supportive parent community. Currently, in addition to the many volunteer opportunities, Del Campo High School has an active Booster group and Parent Teacher Association that raises money for the entire school.

Please join us as we continue to build upon previous successes as we move into the twenty-first century.

Sincerely,

Greg Snyder, Principal

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

San Juan Unified held a public hearing on September 28, 2021 and determined that each school within the district had sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California. All students, including English learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects for use in the classroom and to take home. Textbooks and supplementary materials are adopted according to a cycle developed by the California Department of Education, making the textbooks used in the school the most current available. Materials approved for use by the State are reviewed by all teachers and a recommendation is made to the School Board by a selection committee composed of teachers and administrators. All recommended materials are available for parent examination at the district office prior to adoption. The table displays information collected in September 2021 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school. If you would like more information on the textbooks and instructional materials please visit our website: <https://www.sanjuan.edu/Page/23518>. In July 2009, EC Section 60200.7. The State Board of Education has adopted frameworks for ELA/ELD, Math, Science and Social Sciences, and has identified an approved list of instructional materials available for adoption. School Facility Conditions and Planned Improvements

General

The Board of Education and the Superintendent's policy is to ensure that all students are provided with a safe and well-maintained learning environment. The board approved resolutions in 1998 and 2002 to adequately fund maintenance activities and preserve the repairs and improvements funded by two facility bond measures. The school buildings, classrooms and grounds are safe, clean and functional. An inspection of the facility was conducted in October 2019 and determined that there were no unsafe conditions that required emergency repairs. District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A computer automated work order process is used to ensure efficient service and that emergency repairs and health and safety repairs are given the highest priority. The Board of Education has adopted cleaning standards and custodial staffing requirements for all schools in the district. This school meets the Board's standards for custodial staffing and cleanliness. The school's custodians are trained in the proper use of cleaning chemicals and Integrated Pest Management techniques. They are managed day to day by the Principal with assistance from the district's maintenance department. The district participates in the State School Deferred Maintenance Program, with funding allocated for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems. Annually the district budgets \$2 million dollars for deferred maintenance activities.

Age of School Buildings

61 years--Built in 1963 but with modernizations and additions completed in subsequent years.

Maintenance and Repair

LEA maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient services and that emergency repairs are given the highest priority. Emergency work orders are addressed in the first 24 hours. Routine work orders are addressed within 30 days.

Cleaning Process and Schedule

The LEA governing board has adopted cleaning standards for all schools in the LEA. Each site has a day and evening custodial crew. Each crew member has a run sheet with assigned responsibilities. A copy of these run sheets is available at the school office or can be obtained from Maintenance and Operations Custodial Services. Custodial Area Supervisors oversee the cleaning of all district sites to ensure cleaning standards are met daily providing a clean and safe site.

Deferred Maintenance Budget

The LEA participates in the State School Deferred LEA maintenance Program, which provides state matching funds on a dollar-for-dollar basis to assist LEAs with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting and floor systems. For the 2023-24 school year, the LEA has budgeted 2 million for the deferred maintenance program. This represents 3% of the LEA's general fund budget.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 Career Technical Education Programs

San Juan Unified School District defines their career paths following the strict criteria set within the Perkins Act and/or the California Partnership guidelines. The CTE department collects data on the number of students moving through our local course sequences. Some CTE courses, because of the time requirements, internship element and industry standards they meet, are defined as a sequence within themselves. Introductory CTE courses are found throughout our schools, concentrators are students who take a second level course within the same career path, and students are referred to as completers when they complete a sequence of courses leading to certification, employability, and/or further technical training. Capstone courses are defined as completer based on length of course, sequence, and skill development.

The CTE capstone course leads to a certificate/industry skill sheet or license if applicable. The program also provides the student with academic and technical knowledge and skill through integrated academic and technical instruction. The programs prepare students to enter current or emerging careers for further training within the career path for which there is gainful employment. All students are provided practical experiences to pursue post high school employment and gain course work that is A-G compliant.

San Juan Unified also provides students career preparation through enrollment in California Partnership Academies. We have three California Partnership Academies in the areas of: business–finance/entrepreneurship, pre-engineering, and patient care. Our schools have numerous career paths opportunities beyond the state-funded California Partnership Academy.

Del Campo offers the following CTE pathways and courses:

Residential and Commercial Construction Pathway (CPA)

- Wood Technology I
- Wood Technology II
- Advanced Construction Technology (capstone course offered at San Juan high school to Del Campo students)

Emergency Response Pathway

- Fire Tech I
- Fire Tech II
- Fire Tech III (capstone completion course)

Production & Managerial Arts Pathway

- Introduction to Media Arts
- Video Production
- Broadcast & Video Production (capstone completion course)

Center for Entrepreneurship Pathway

- Build Entrepreneurship
- Entrepreneurship
- Business Economics/Entrepreneurship
- Advanced Entrepreneurship (capstone completion course)

Software and Systems Management

- Computer Science: IT Fundamentals
- AP Computer Principles (SSD)
- Computer Science: IT Essentials capstone completion course)

CTE capstone courses held at various high schools within San Juan Unified open to Del Campo students:

- Automotive
- Construction Technology
- Culinary Arts
- Dental Careers
- Dental Radiation and Safety (taken with Dental Careers)
- Medical Assistant
- Performing Arts: Theatre
- Public Safety Careers

How do CTE courses support student achievement?

2022-23 Career Technical Education Programs

When students experience CTE courses they have the opportunity to see the relationship between applied academic standards and the real world. Students find purpose in their studies and are provided an opportunity to apply their academic and industry skills to every day problems.

How does the school address the needs of all students in career preparation?

Through the IEP process special education students may be scheduled into CTE courses. Students are provided the support and necessary curriculum modification as outlined in their IEP. CTE provides extended testing time, extra assignment time and support where appropriate. Since our CTE courses work to integrate and support the academic standards, the students will be exposed to “hands on” activities and participate in solving real life problems.

How are the courses evaluated for effectiveness?

The capacity to serve a “significant” number of students and the degree to which the program attains specific outcomes are assessed yearly. Completion rates, graduation rates, along with completion of a sequence are all evaluated yearly. The number of completion certificates issued and the attainment of specific industry skills is analyzed. Data on attendance is also collected.

How are CTE industry sectors represented at the high schools?

The Director of College and Career Readiness, Brett Wolfe holds an annual advisory committee meeting representing every industry sector in Career Technical Education. The programs represented are Agriculture, Broadcast and Video Production; Building and Construction Trades; Business and Finance; Computer Science; Emergency Response; Engineering Design; Entrepreneurship; Health Science; Hospitality and Tourism; Information Technology; Public Safety; Performing Arts; Manufacturing; Networking, and Transportation. The advisory committee is composed of a variety of stakeholders including industry and labor, secondary and postsecondary leaders, faculty, parents, and students.

B. Pupil Outcomes

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8): Pupil outcomes in the subject area of physical education.

2022-23 California Physical Fitness Test Results

This table displays the percentage of students participating in each of the five fitness components of the California Physical Fitness Test Results. The administration of the PFT during 2021-22 and 2022-23 school years, only participation results are required for these five fitness areas. Percentages are not calculated and double dashes (--) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Del Campo staff believes that a partnership with parents is vital in creating a vibrant learning environment. Our shared goal is to create an atmosphere where all students can succeed in a safe and positive learning environment. Collectively, parents not only serve the school in an advisory capacity, but also provide service and financial support. Individual parents have opportunities to participate in School Site Council, School Safety Committee, booster clubs that support athletics, visual and performing arts, ROTC, and the Parent Family Organization (PFO). Parents are also encouraged to be guest speakers on campus, as well as to volunteer in the library or in offices. The Athletic Booster Club coordinated and raised funds for the renovation of the sports stadium as well as the installation of stadium lights so that home games can be played on Friday nights. Booster parents also provided leadership and some of the funds necessary to re-open our swimming pool and more recently, Boosters built a new varsity softball facility located at the front of the campus.

Del Campo has created a Parent Advisory Board to the Principal and that committee meets monthly. In addition, Erika Acosta is our school social worker and can be reached at erika.acosta@sanjuan.edu. Kate Bartlett is our Career and College Technician and can be reached at kathryn.bartlett@sanjuan.edu.

Parents or community members who wish to participate in leadership teams, school committees, school activities, or become a volunteer may contact the school office at (916) 971-5650 or email Cindy Ayala at cynthia.ayala@sanjuan.edu.

2023-24 School Safety Plan

School Safety Plan

San Juan Unified School District emphasizes school safety and understands its importance in helping to achieve the academic success of its students. In accordance with the California Education Code, each school site must complete and maintain a Comprehensive School Safety Plan, to be reviewed and updated annually. The plan includes a review of safety data for the campus, safety policies, critical incident response & management information as well as emergency procedure information including those pertaining to incidents involving fire, earthquakes, intruders and other dangers. The review and update of the plan is a collaborative process involving representatives from site administration, instructional staff, custodial & classified staff, safety personnel and parent representative who together comprise a site safety team. Finalized plans are posted to site webpages for public access and presented to staff during training and development days no later than March 1 of each year. A copy of the plan is available for review in each school site office.

Safety drills are held on a regular basis and in compliance with the California Education Code to include fire drills, earthquake drills and intruder drills. Drills are coordinated and monitored with the assistance of the trained district safety personnel.

Safety is a shared responsibility. Each school site is supported by the district's Safe Schools Team. The Safe Schools Team is comprised of personnel specifically trained to support and promote school safety, provide advice to matters involving student welfare, assist in the coordination of drills and provide safety training to students and staff. Safe Schools Team members, known as Community Safety Specialists work collaboratively with site administrators and safety committee members to build and strengthen a culture of safety as well as address specific incident needs. The Safe Schools Team members are further supported through developed relationships with local law enforcement offices including the Sacramento County Sheriffs Department & Citrus Heights Police Department. San Juan Unified maintains contracts with local law enforcement for the purpose of employing uniformed law enforcement officers to further enhance school site security for special events as well as in response to critical incidents and threats.

2020-21 Secondary Average Class Size and Class Size Distribution

This table displays the 2020-21 average class size and class size distribution. The columns titled “Number of Classes” indicates how many classes fall into each size category (a range of total students per classroom). At the secondary school level, this information is reported by subject area rather than grade level.

Professional Development

Professional development is a key part of the continuous improvement process for educators. The goal of our quality professional development is to support the learning of teachers and paraprofessionals to positively impact student achievement. Annually, teachers and site administrators participate in professional development in a variety of opportunities. Seventy-five minutes per week are dedicated to staff collaboration and training planned by site leadership teams. The District also provides a cycle of continuous professional development for Administrators through Principal Networks as well as Leadership Academies.

The District provides professional development opportunities for teachers and administrators that support the implementation of Common Core State Standards in English language arts, mathematics, science, social studies, and the ELA/ELD Framework. Specific professional development initiatives include: Culturally Responsive Practices, Critical Literacy, TK-2 Reading, Supporting Independence and Engagement through Reading and Writing, Math to the Core, Expository Reading and Writing Course, and ELD Foundations. District departments, Center for Teacher Support, grant-funded projects, and the San Juan Teacher's Association sponsor additional training opportunities. Professional development opportunities are voluntary for teachers and are provided throughout the year in a variety of formats: during the school day, after school, on Saturdays, and during summer and vacation breaks. Many teachers and administrators also take advantage of opportunities with Sacramento County Office of Education, California Department of Education, the college/university programs, state/national education organizations, and private educational institutes.

What grounds the professional development in the district is the District Strategic Plan and the Local Control Accountability Plan. Professional Development is further determined using one or more of the following: (a) student achievement data, (b) staff survey data, and (c) district-identified goals. Professional development addresses the Common Core State Standards, teaching strategies, curriculum, assessment, technology, classroom management, safety, and leadership. Administrator training accompanies professional development in district focus areas, providing implementation support for teachers on site. Content-area coaches are available at some schools. Additional classroom support is provided to new and struggling teachers by consulting teachers from the Center for Teacher Support.

Paraprofessionals are encouraged to participate in professional development at the district and site level, and there are specific opportunities designed for our paraprofessionals to attend and be compensated. Specifically designed training is also offered to non-instructional support staff such as clerical and custodial staff that includes both operational and instructional topics.

This table displays the number of school days dedicated to staff development and continuous improvement.
