# Registration for your Senior Year!

- You will be choosing classes for your Senior year.
- Your Senior year is the culmination of all your years in school.
- Course Selections will be due on Sunday, February 4<sup>th</sup>.
- You have these two weeks to complete this process.

3. Determine what classes you still need to take to both earn your diploma and prepare for your post-secondary plan.
4. Find and complete the AP/College in the HS Contract
5. Begin data entering your class choices into Skyward

# Check your transcript for Accuracy

- Your transcript is a legal document of every class that you have taken in high school.

- What your grade earned was in that class
- The credit that you earned per class.
- It is the document that you use when applying to colleges and scholarships.

## Super Important-

If at any time you did not receive credit for a class—grade of F, I, W or NC

Then do NOT mark it off as completed.

If it is on this Credit Check form, then it is a requirement for your diploma.

You are going to need to retake this class and earn the credit in order to graduate!

Contact your counselor so you can retake it this Spring or Summer---or be sure to register for the class for next year so you have all your graduation requirements!!!!

# PE and Health

- **1.50 credits (Three trimester classes) of Physical Education is a graduation requirement.**
- **Health – a .50 credit of Health is required.**

You can find this in your ninth-grade year.

*Hint: If you were in a different district in ninth and tenth grade then you may not have taken Health yet. If you can not find Health on your transcript, then you are going to need to take it next year as a senior. It is a requirement for a diploma.*

# Science

A minimum of  
three years  
(6 trimesters)  
of Science are  
required for your  
diploma.

- Most of you took Chemistry A and Physics A as a Freshman
- Most of you took Biology A and B as a Sophomore
- You may have also taken:
  - Chemistry B
  - Physics B
  - AP Biology
  - Anatomy and Physiology
  - Human Impact
  - Robotics
  - Pre-Engineering
  - CiHS Environmental Science
- Many of you are completing your third year of science either this trimester or the next trimester. If you are taking a science now or have it scheduled for next trimester, then you can put a mark in the science box indicating that you are “Taking” it now.

# Career and Technical Education

You need 2 trimesters

## **What classes count as a “CTE” credit?**

Look on your transcript

- any class marked with a PVO code counts as a CTE credit

or

Look on the Course Offering Sheet

- any class marked with an asterisk counts as a CTE.

# Fine Arts

## What Counts as a Fine Art?

- Band
- Orchestra
- Choir
- Piano
- Art
- Ceramics
- Drama
- Photography
- Visual Communications  
and Digital Design
- Video Foundations  
and Production
- Website Design
- Game Design
- Journalism
- Yearbook

*Website Design, Game Design, Journalism and Yearbook will count as fine arts for meeting your high school diploma however they do not fulfill the fine art requirement for university admissions.*

PPR Stands for  
“Personal Pathway”

FINE ARTS (2 credits, one of which may be PPR)

☐ ☐ ☐ ☐

WORLD LANGUAGE or PPR (2 credits)

☐ ☐ ☐ ☐

You get to make a choice:  
Personal Pathway or  
2 credits of a World Language

# What is the PPR?

## PERSONALIZED PATHWAY

Personalized pathway is for students who are passionate about a field that does not require a 4-year education, they can take 3 credits that will prepare them for a field to replace the 2 credits of World Language and 2nd credit of Fine Art.

Example 1: A student who wishes to go directly to a 4-year university would need to earn:

- 2.0 credits of World Language
- 1.0 additional credit of Fine Art

Example 2: A student who plans to become a graphic designer, and will attend a 2-year college to start, could take:

- 1.0 credit of Visual Communications
- 1.0 credit of Website Design
- 1.0 credit of Introduction to Marketing

# World Language

**Two years of a World Language  
are required for admission to a 4-year university.**

For University Admissions the two years must be the same language.

**Competitive universities prefer three or four years of the same language.**

# World Language Exam

If you can speak, read and write another language  
then you can earn credit!

This exam is offered once each Fall and again in the Spring.

Exams are available in over 100 different languages!

# Electives – What is an “Elective”

**There is no magic list of electives**

**An “Elective” is simply classes that you take in addition to the basic requirements.**

**Your elective choices should prepare you for: “What are you graduating to?”**

- Two-year Community Colleges
- Four-year Colleges and Universities
- Career/Technical Trade Schools
- Apprenticeship
- Military
- Employment
- Courses that don’t necessarily apply to any of the above, but look like something you’d like to try (you never know where it might lead!)

If you are planning to apply directly to a four-year university then your electives are going to be:

**MINIMUM COLLEGE ADMISSIONS STANDARDS**  
at Washington's Public Four-Year Colleges

**REQUIRED CREDITS**

- ☐ 4 credits of English
- ☐ 3 credits of math including Algebra 2
- ☐ Senior year quantitative math
- ☐ 3 credits of social science
- ☐ 3 credits of science
- ☐ 2 credits of world languages
- ☐ 1 credit of fine arts

**More: Math, Science and World Languages**

**Make yourself academically competitive while still maintaining a strong gpa and a healthy balance.**

**Meeting the minimum entrance requirements does not guarantee admittance.**

**Some colleges have additional requirements, so visit their websites to see what else they require.**

# What are you trying to graduate to?

What would your electives be if:

- You want to do something in Construction?
- You want to join the Marines?
- You want to start your own business?
- You want to work at Boeing?
- You want to be a Nursing Assistant?
- You want to pursue a career in the Performing Arts?

Thus- anything can be an “Elective”.

- For some of you it may be more sciences and more math classes.
- For others it may be construction, strength training, business classes etc
- It is up to you and your future plans as to what courses you choose to fulfill your elective boxes.

# Look at your completed credit check.

- Any classes that are not marked off as either completed or that you are currently taking are required for your diploma.
- You MUST register for these classes if you want to graduate.

# Contemporary World Problems

The CWP requirement can be met in the following ways:

- Human Geography from your Sophomore year
- CiHS World History C from your Sophomore year
- Taking CWP in your Senior year

You can't "double count" your Human Geography. If you decide to use your Human Geography to fulfill your CWP box, then you must make sure you have a different Social Studies elective for those boxes.

## Social Studies electives

- World History A
- Criminology
- AP Psychology
- Art History
- Sociology
- Contemporary World Problems

### SOCIAL STUDIES (3 credits)

# Have you met your Contemporary World Problems?

OK Juniors- let's try to explain this again. 😊

Did you take and pass Human Geography or CiHS World History C during your Sophomore year?

- If you did take and pass Human Geography or the 3<sup>rd</sup> trimester of CiHS then you met CWP.
- If you did NOT then you HAVE to add Contemporary World Problems to your senior schedule.

You can't "double count" your Human Geography. If you decide to use your Human Geography to fulfill your CWP box, then you must make sure you have a different Social Studies elective for those boxes.

You can choose the following:

- World History A
- Criminology
- AP Psychology
- Art History
- Sociology
- Contemporary World Problems

# Math

- Your Math Teacher should have already met with you.
- The two of you should have discussed options for your math class for next year.
- You must have met the course prerequisite in order to register for the class.

## MATH PLACEMENT 2024-2025

### Key Notes:

- **Graduation Requirements:**
  - Algebra 1A/B, Geometry A/B (See boxes in Grey)
  - A third-year math class
  - Minimum math credits: 3
- **Math department recommendations: See asterisks \*\***  
It is recommended that students do not move on to the next class in the sequence until they have completed the previous class at the recommended grade level.

# Math - it is important

Even if you have already completed your three years of Math

– it is extremely wise to continue to take Math your Senior year.

- **University:** A senior year of math is required for direct admission.
- **Community College:** You want to be able to test into college level math. Tuition is expensive. Learn your math here for free.
- **Technical College/Apprenticeships:** Math skills are required for most trades.
- **Military:** As part of the recruiting process to join the military they will have you take a placement exam called the ASVAB. How you do on the ASVAB is used to determine the job that the military will train you to do. You want them to think you are smart so that you are trained for a good job.

# What other requirements are not checked off on your credit check form?

Do you need:

- More PE?
- More Science?
- More CTE?
- More Fine Art?
- More World Language?

## YOU ARE GOING TO NEED 6 OF THEM

- The Master Schedule is a complicated puzzle.
- Not all of your first choices are going to fit.
- In order to have a full schedule you MUST pick six alternates.
- Look over all of the courses to choose from. Pick six of these that you would be willing to take when some of your top choices will not fit.

You are done when:

Total Requests/Scheduled = 15

Total Alternates = 6

# Are You a Zero-Hour Band, Orchestra or Choir Student?

- Do not try to enter your Zero-hour courses
- Skyward data entry is set to limit you to 7.50 credits (15 trimester classes)
- Your Band, Orchestra and Choir teachers will provide the counselors a list of students who should be enrolled into Zero hour.
- We will enter these classes for you.
- Simply communicate with your music teacher and they will let you know the requirements for being added to the zero-hour ensembles.

When finished,  
review your courses carefully.

You will have little to no opportunity  
to make changes later.

If you are satisfied, then simply exit  
the program.

## Remember

to turn in your signed  
AP and College in the High School Contract  
to your counselor!

- If you entered any AP or College in the High School classes into Skyward, then you must complete and sign this form.
- If you do not turn in this form to your counselor, then your AP or College in the High School classes can not be scheduled.

Honors/AP/CIHS classes registered for the 2024 - 2025 school year:

- I understand that Honors/AP/CIHS courses require more work outside of class and higher-level thinking.
- I have checked the homework requirements for all my classes, and I am certain that I can handle the workload, along with my other commitments (school, family, and extra-curricular).
- I understand the teaching schedule is created from student requests: therefore, I will not be allowed to drop any Honors, AP, or CIHS classes that I sign up to take.
- I understand I am responsible for the completion of summer assignments prior to the first day of school. If I don't complete these assignments, I will remain in the class and my grade will be impacted.
- I understand I must pay approximately \$98 (unless I am on free/reduced lunch) if I elect to take an AP exam and potentially earn college credit.
