

Mrs. Michelle Gingrich

Manheim Central School District Resident

Life Long

Education/Experience

Business Owner

Reason for Serving & Educational Philosophy

As a graduate, grandparent, and small business owner in MCSD, I am mindful of the values, and needs of the many different shareholders within our district. I will strive to represent their interests in a commonsense way, all while supporting the district so that it continues to be a place that others look to as a model of success.

"Education is what remains after one has forgotten what one has learned in school." —Albert Einstein
