Jumpstart Band for Beginners: Gr. 5

Taught by Nicholas J Ellison and Michael James Moeller

Summer Band Jumpstart is open to all 5th Grade and new students to the Edina Band Program! This awesome opportunity allows you to meet and learn from your Edina Band Teachers and meet other students who share the same instrument! Everyone in the class is brand new to the instrument - just like you! You will be able to get a jumpstart on the basics of your instrument! In this class you will learn: In these 9 - 45 minute sessions, you will learn as much as you can about your instrument right away in June! Students will learn and build upon their skills every day. You will learn how to care for, maintain, assemble, and disassemble your instrument! You will successfully produce your first sounds, learn beginning note reading, and begin your music-making journey! **DON'T I RECEIVE 6 FREE LESSONS WITH MY MUSIC STORE INSTRUMENT RENTAL?** Yes, you do! But we suggest that you do BOTH! If you begin with Summer Band Jump Start, you will have 3 weeks of lessons, 3 days a week. Participation in the Jump Start will allow you to learn the basics. After Summer Jump Start, we suggest you schedule your lessons so you will continue to grow from the individual attention of your private lesson teacher who will build upon the musical knowledge you have gained from Summer Jump Start. Having finished Jump Start, you will already know the basics and be able to make more musical progress. Schedule your music store lessons for August and September so you will be more confident during band. **WHAT ABOUT MY INSTRUMENT?** Rent or buy from a local music store! Our three music store partners (Eckroth, Groth, Schmitt) know about

Class Descriptions

our summer program. Tell the music store to deliver your instrument to EHS for Summer Band Jump Start. Your instrument and supplies will be delivered to EHS and ready for you on the first day! Bring your own. If you get your instrument from a friend, family, or elsewhere you will need to bring it on the first day of Jump Start with all required supplies. Make sure your instrument has had a trip to the repair shop BEFORE the Summer Band Jump Start to make sure it is in good working order so you can be most successful! We want all students to have a great start on their instrument and it is extremely frustrating to have an instrument that isn't working properly! PLEASE REMEMBER: DO NOT allow your student to assemble or play their instrument before the first lesson! Students who try instruments without proper instruction can develop bad habits and damage instruments from improper handling. SHOULD I STILL SIGN-UP IF I NEED TO MISS A FEW DAYS? YES! We will get you caught up. We know summer is a busy time and we want all students to have the opportunity to get started on their instruments over the summer! If you have further question please contact one of the band teachers below: Mr. Nicholas Ellison at nicholas.ellison@edinaschools.org Mr. Michael Moeller at michael.moeller@edinaschools.org

College Application & Essay Writing Camp: Gr. 10-12

Taught by Elizabeth Hillstrom

As college deadlines approach, one of the most common things students struggle with is the college essay. Navigating how to stand out from the pack while remaining true and thoughtful to your own story can be a challenge. Students taking this course will learn how to unpack what the essay writing prompts are asking of them and brainstorm a variety of possible topics for their work. Students will write and revise several essays for their own writing portfolio. At the end of the week, each student should have 2-3 strong examples of essays that have been both peer and teacher reviewed.

How to Choose a College Bootcamp for Rising High School Juniors: Gr. 11

Taught by Julie Block

In this Bootcamp, incoming juniors will learn activities, tools, strategies and resources to gear up for their junior year. Who should attend? Any rising junior who is motivated, ready and excited to start talking about 4-year college and the steps to take to build a smart list of colleges. What will students need? Students will need to bring their laptop. There will be some to borrow if you need one. Who are the instructors? Jules Block, Edina School Counselor with 30 years of experience. What makes this unique? It is more than a workshop. Students will spend time learning about themselves, college selection criteria that is important to them, and how to build a smart list. They will walk away with a start of a college list and resources to keep researching and narrowing down their list of options. This will be a great precursor for the activities they will do in their junior year.

Online: Driver's Education: Classroom Instruction & Behind the Wheel: Ages 14.5-18 (August)

Taught by Safeway Driving School - Emily Galegher

This course covers 30 hours of classroom training, and 6 hours of behind-the-wheel lessons. Miss a class? No problem. Each lesson is independent and can be taken in any order. If a lesson is missed, a student can make it up when it is convenient for them and finish at their own pace. Students must contact Safeway directly for make up sessions. The behind-the-wheel training will be scheduled with Safeway after the student has completed the classroom training and passed the permit test. It consists of six hours of one-on-one private instruction with a responsible, professional driving instructor. Lessons are two-hour sessions and include pick-up and drop-off from home, work or school. Training is done on actual city streets and highways. For parents, click [HERE](#) for more information. Classroom instructors and driving lessons are provided by Safeway Driving School. 651-351-9150

Online: Private ACT Tutoring for the July 2024 Exam: Gr. 10-12

Taught by ACT Addvantage / Math Addvantage

Private ACT Tutoring provides 1-on-1 review and instruction tailored to an individual student's needs. Instructors expert in their respective fields handle the different subject areas of the ACT. Subjects for the ACT are: English, Math, Reading, Science or Writing. Tutoring sessions generally start 4-6 weeks prior to the exam date. You have four options for registration: - 1 Subject (4 one-hour tutoring sessions in 1 subject) - 2 Subjects (8 sessions) - 3 Subjects (12 sessions) - 4 Subjects (16 sessions) Deciding on the number of ACT Private Tutoring sessions is based upon many factors. We recommend to most of our families to sign up for 4 subjects/16 sessions (4 sessions in each subject) to maximize potential to achieve a student's goal. If your student has taken the Comprehensive Prep Course with us, or is very strong in a specific subject (high 30's), then all subject areas may not need to be addressed. After your registration is completed with Edina Community Ed, you will receive a confirmation email. Inside you'll be asked to fill out a form with more information. After this is completed, you will be contacted via email to set up your child's tutoring sessions. In Person Sessions are also available.

Unified Sensory Explorations: Gr. 6-12

Play is essential to our development. It helps us learn and implement important skills that largely impact our perception and experiences in life. In this unified camp, we will explore a variety of games, tasks, and activities that will help students strengthen their decision making, problem-solving, communication and other skills through play. We will focus on how each of our senses are used and impacted while we play: helping students understand the significance of how what we see, hear, feel, smell, and taste influences the way we interact with and interpret the world around us. Edina Community Ed "Unified" camps blend students with special needs and students who are more typically developing to explore art, theater, science, fitness and more. Our goal is to create a community of individuals, both with and without disabilities, devoted to awareness, advocacy, leadership and empathy through authentic relationship-building experiences **Please note: we are utilizing a waitlist to ensure a proper special needs/without need student ratio. Don't hesitate to register on the waitlist. Enrollments will be based on waitlist registration time stamp**

Taught by Erika Hernandez

Hola! Bienvenidos a Semana del Arcoiris. Preschoolers will be introduced to the beauty of the Spanish language by talking about the beauty of colors. Through playful activities, songs, and simple phrases, they will learn basic Spanish vocabulary. Red becomes "rojo," blue turns into "azul," and the rainbow becomes a "arco iris." Each day will represent a different color with crafts, games and activities related to special color. Spanish will be sprinkled in throughout the morning!

STEM

3D Printing: Minecraft Creations: Gr. 4-8

Taught by Engineering for Kids Mpls

3D Printing and Minecraft are 2 of the most exciting things around. This class is for students who have no or limited experience with 3D Printing and is ideal for students who like to draw, design and see their creations come to life. Students will be learning the ropes of 3D modeling and printing. They will use TinkerCAD to design basic Minecraft creations from scratch using the Engineering Design Process, and choose 2 to print in class to take home. To allow everyone to print their creations, items may have to be scaled down to allow printing during class times. Students must be comfortable with using a laptop and

Valley View Middle School - VV Youth TBD

3D Printing: Product Development & Fabrication: Gr. 5-8

Taught by Tech Academy Instructor

This camp is a hands-on product design class emphasizing creative thinking and problem-solving. Students will explore options to find, modify, and prepare 3D files to be brought to life using a 3D printer. By the end of this course, students will become familiar with the workflow and terminology of digital fabrication. We begin learning by designing and printing functional fishing lures, then continue solving design challenges. Printing and material fees are included.

Architecture & Design Camp: Gr. 5-8

Taught by Tech Academy Instructor

Explore the design career field! Learn about architecture and test your design ideas through art, building activities, and design challenges, with exploration through architectural models. This class was developed in collaboration with local Twin Cities designers. We will introduce students to the 3D design tool TinkerCAD to plan and design their architectural creations. Create fun designs to complete different architectural CAD challenges.

Bloxel Builders: Video Game Design Camp: Gr. 4-8

Taught by Engineering for Kids Mpls

Calling all game developers! Students in this camp enjoy creating their own games with character, enemy and plot development. Using the Bloxels Edu system, they turn their game ideas into a digital video game. They will use a special game board and blocks to design the characters, levels, and other art for their games. They then capture their creations using the Bloxels app, where they edit and customize their game, deciding how each of the elements interact and behave. Students will walk away with a fun playable game on a tablet or computer, and invaluable experience with logic and programming.

Edina High School Volleyball Camp Gr. 6-8 (boys and girls)

Taught by Mary Elizabeth Stucynski

The Edina High School Volleyball camp is for boys and girls going into grades 6-8 of any ability who want to improve and develop their skills on the court. Our goal is to give players a fun and positive learning experience as they meet new people and grow their abilities. Throughout the week, athletes will work on each core skill (passing, serving, hitting, blocking, and setting) through drills, activities, and games. Drills and activities are broken down into their basic components, paying great attention to detail and technique. We make sure to personalize and modify drills to fit ability so all players are challenged. All participants will get coach attention, game and team experience, and high school technique instruction.

Learn To Fish At Lake Normandale: Gr. 5-12

Taught by Ryan McGill

This course will cover everything a novice fisher (person) needs to know in order pursue a life of fishing on their own. We will cover safety, regulations, etiquette, tackle, poles, reels, knots, rigs, bait, limits, casting, technique, fish types/tendencies, and how to target different species. This class will have 3 sessions of off site fishing at Lake Normandale (Catch and Release) and 1 classroom session at Valley View Middle School. No previous knowledge or equipment is necessary. All equipment we will be using is 13 fishing brand, and will be provided by the instructor. Equipment must be returned after use each day. All participants will be asked to purchase a fishing license before the start of class. *Please note that all participants have the option to bring a snack and/or water bottle for each class. We also highly recommend your child be sent each day with sunscreen as we will be outside for the entire class time. *As a precautionary warning, all participants will be handling and tying hooks, and will also be stationed near a body of water for the majority of this class.

This class is designed for the intermediate beginner who is already comfortable getting in and moving in the water by themselves. Students must be able to enter and exit the water independently, move around in the water independently (without holding on to the wall) and be comfortable fully submerging. Students do not need any special equipment--please do not send goggles or floaties. Students must be at least 5 years old, and must be able to stand in 3.5 ft of water with their mouth/nose out of the water.

Unified Fit and Active: Gr. 6-12

Fitness can be an essential part of a student's well being, and there is not one way to work out. This fitness camp will give students an opportunity to explore a variety of workouts. Camp will include kickboxing, yoga, strength training, cardio, and more. Students will learn the basics of warming up, exercising, cooling down, and they will try all kinds of workouts. There may even be some team workouts and games! Edina Community Ed "Unified" camps blend students with special needs and students who are more typically developing to explore art, theater, science, fitness and more. Our goal is to create a community of individuals, both with and without disabilities, devoted to awareness, advocacy, leadership and empathy through authentic relationship-building experiences **Please note: we are utilizing a waitlist to ensure a proper special needs/without need student ratio. Don't hesitate to register on the waitlist. Enrollments will be based on waitlist registration time stamp**

Please note there are two separate sessions, the Skills session and the League. The skills session runs from 12:15pm to 1:45pm and the League runs from 1:45pm to 3:15pm. If your child is signed up for both they are allowed to stay during the break. If you only sign up for one program participants will need to be picked up at the end of their session. Skills session This 90 minute skills session will be led by current and former college and professional basketball players. Skills include shooting off the catch, shooting off the dribble, ball handling, finishing around the rim, passing, defensive breakdowns, and more! Summer League The second 90 minutes of the day will be designed specifically for 5 on 5 play. Each player will get put on a team with a coach and will play 12 minute 5 on 5 games. Will be a great way for kids to compete in a tournament style. Will have weekly winner/prizes at the end of each week
