Pursuant to FS 1003.4281, high school students have the option of early graduation and receipt of a standard high school diploma if the student earns 24 credits and meets the graduation requirements set forth in s. 1003.4282. For purposes of this policy, the term "early graduation" means graduation from high school in less than eight (8) semesters or the equivalent.

2. A student who graduates early may continue to participate in school activities and social events and attend and participate in graduation events with the student's cohort, as if the student were still enrolled in high school. A student who graduates early will be included in class ranking, honors, and award determinations for the student's cohort. A student who graduates early must comply with school board rules and policies regarding access to the school facilities and grounds during normal operating hours.
3. If eligible for a Florida Bright Futures Scholarship Program award under ss. 1009.53-1009.538, a student who graduates from high school midyear may receive an initial award in the spring term following the student's graduation.
