

## MENTOR PROGRAM PROCESS STEPS

### **1. Volunteer Application**

Submit your Klein ISD online volunteer application. A background check is performed to ensure safety for our students.

### **2. Training**

Attend a required 1-hour training session. We will train you and get you ready to start mentoring.

### **3. Placement**

Once the background check is cleared, based on your interests and request, we will assign you to a campus.

### **4. Introduction**

Once a student is chosen and parent permission is granted, an appointment is set for mentor and mentee to meet. The school counselor makes the introduction.

### **5. Support**

The school counselor will be in contact with the mentor to offer ongoing support and assistance throughout the school year.
