

D.C. Everest/Lamers Bus Lines

My Stop Application – iPhone
Download Instructions

My Stop Download – iPhone

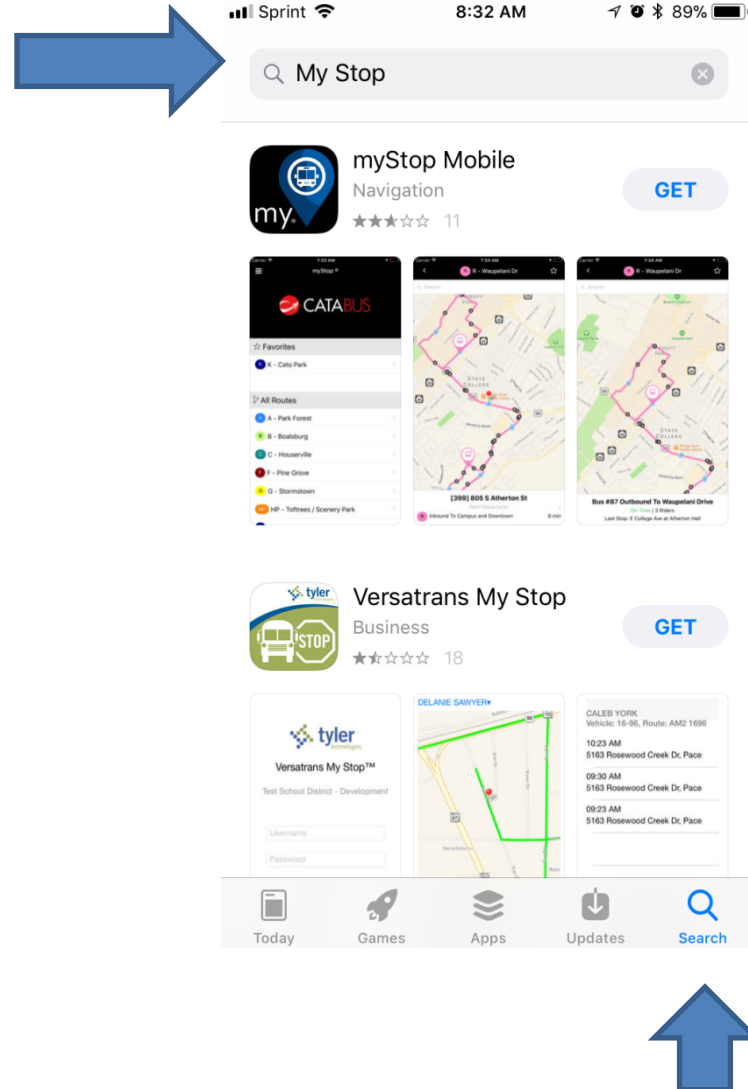

To install the My Stop App on an iPhone, please go to the App Store located on your iPhone. Here is an example of what the App Store icon looks like.

My Stop iPhone Download

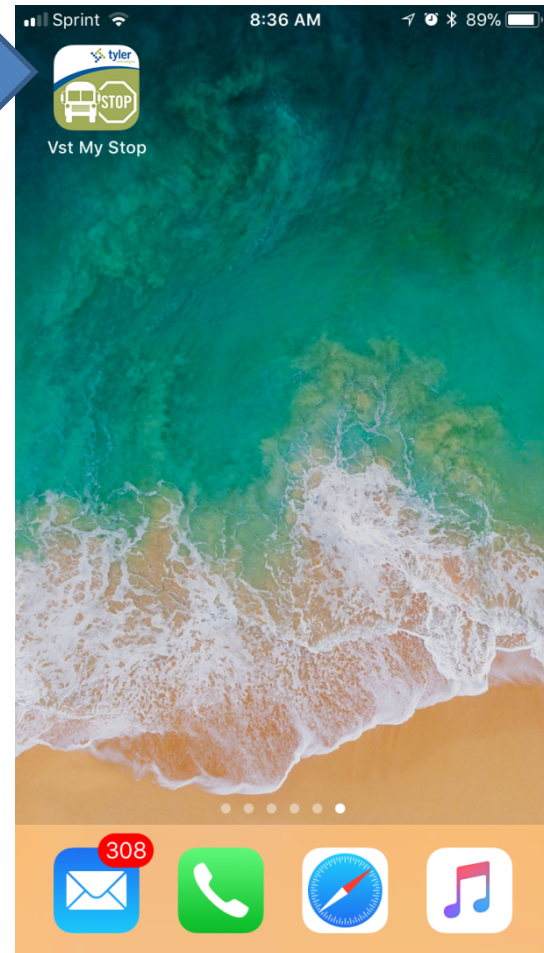

Once you are in the App Store, hit the search button (looking glass) on the bottom, and type in “My Stop”.

The one that you need will say “Versatrans My Stop”.

My Stop iPhone Download

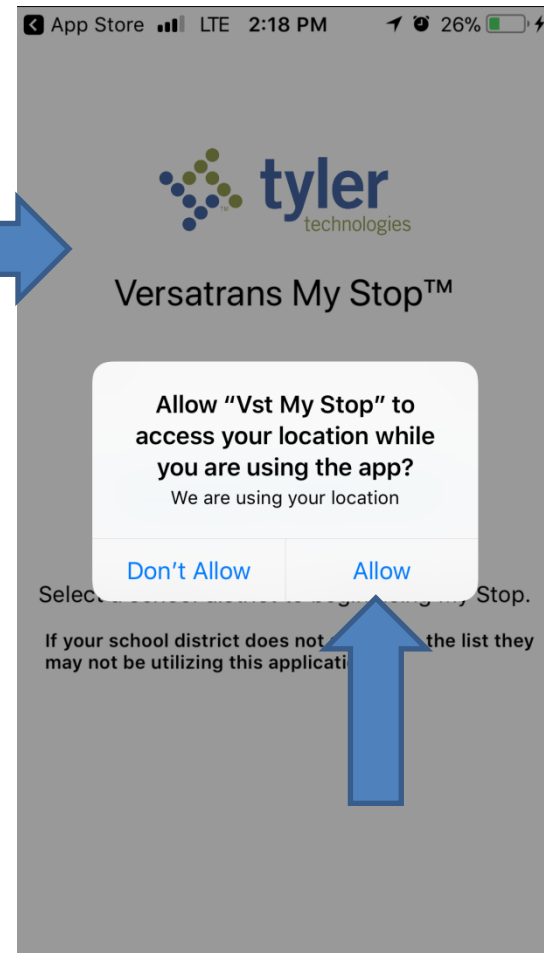

Once the download is complete, the icon will appear on your iPhone.

My Stop iPhone Download

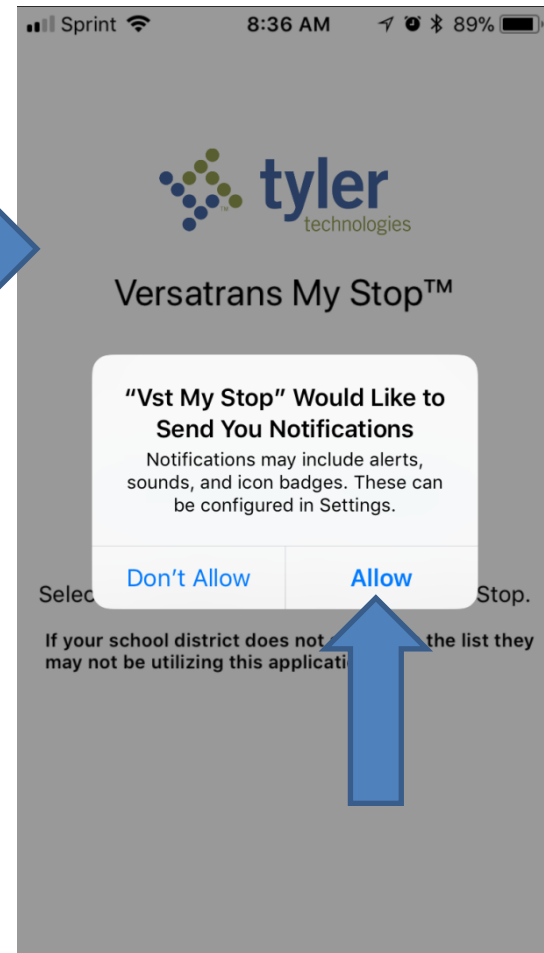

Activate the app by simply clicking it and you should receive a screen like this.

Hit “Allow” so the app can use the GPS in your phone to ensure proper tracking.

My Stop iPhone Download

The next screen will read, “Vst My Stop' Would You Like to Send You Push Notifications” choose “Allow” to send notifications to your phone when the bus is getting close to your child’s stop location.

My Stop iPhone Download

The main screen appears.

Click “Tap to select a school district”.

My Stop iPhone Download

The “Username” should be your student's Student ID.

The “Password” field should be the password that was provided to you for the bus tracking system.

A screenshot of the Versatrans My Stop login screen on an iPhone. The status bar at the top shows AT&T 4G, 1:56 PM, and 27% battery. The Tyler Technologies logo is at the top, followed by 'Versatrans My Stop™' and 'DC Everest'. There are two input fields: 'Username' and 'Password'. A blue arrow points from the text 'that was provided to you for the bus tracking system.' to the Password field. Below the fields is a 'Login' button. At the bottom are links for 'Forgot Username/Password', 'Contact School District', and 'Not your school'.
