2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Walnut Elementary Education Center's mission is to develop socially responsible learners who:

- *Create
- *Collaborate
- *Communicate
- &
- *Critically Think

through the rigorous academic integration of STEAM (Science, Technology, Engineering, Art, Math) within the Math/Science and Visual/Performing Art Magnets.

Walnut Elementary Education Center opened in August 2007 and is currently in its 17th year of operation. The school's STEAM focus is exemplified through its two unique magnet programs: the Discovery Math/Science Magnet and the Renaissance Visual and Performing Arts Magnet. A continuous stream of magnet-specific and whole-school events, along with a popular elective program, helps define the school's STEAM focus. The STEAM focus is supported by our art studio, science lab, a fully working stage, and music room. Walnut is working towards developing as a professional learning community by focusing on high levels of learning for ALL students. All grade levels use state standards and district-adopted curriculum to teach essential skills. Teachers provide rigorous instruction using best practices, supporting the growth of each magnet's unique focus while ensuring all students have STEAM experiences.

The total enrollment at Walnut is 902 students. There are 6 kindergarten classes, 18 classes in grades 1-3, and 12 classes in grades 4-6. We have 1.5 Resource teachers and 1.5 Speech teachers. School enrollment is dependent on a lottery held each winter for students who apply for entry. There currently is a waiting list for each magnet in most grades. Walnut experienced a slight decline in enrollment during the pandemic, but has since then seen an increase. Siblings of current Walnut students receive first priority in order to ensure families are kept together. Our school's progress indicators include the Dashboard and district and site assessments. Walnut Elementary Education Center earned a California Distinguished School Award for 2012, a CSBA Golden Bell in 2017, and has benefited from numerous monetary prizes and grant awards.

The current demographics of our school include:

EL: 97/10.8%

2023-24 School Description and Mission Statement

Special Ed: 76/8.4%
Socio-Econ Dis: 308/34%
Foster Youth: 0/0%

Walnut Elementary welcomes involvement from our community to provide our students with the best learning experience possible. In a typical year, there are over 600 approved volunteers at Walnut who help support a variety of programs and activities. Walnut partners with many local agencies and has a monthly kindness focus through which students learn about giving and community service. Walnut is also home to a strong Parent-Teacher organization. The PTO fundraisers help to support many activities and events at Walnut through which many parents and community members can become involved with our school.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

An assessment was done in November 2023 using the Facility Inspection Tool (FIT), which was selected by TUSD staff as a suitable tool for our bi-annual safety inspections to determine that a school facility is in 'good repair'. The school buildings and grounds of Walnut School have been deemed to be 'clean, safe and functional', having no condition that poses an emergency or urgent threat to the health and safety of pupils or staff. Copies of the District Safety Inspections and Williams Inspections are maintained on file in the Turlock Unified School District Maintenance and Operations office. Safety: A safety plan is in effect. All Certificated and classified staffs wear identification badges and are vigilant in maintaining student safety. All staff attempt to wear identification badges and all visitors check in and out at the school office. Cleanliness: Walnut School employs one full-time Lead Custodian who provides students and staff with a clean and safe school environment throughout the day. Our district additionally employs two full time night custodians who are responsible for cleaning all facilities on a daily basis. All state and district guidelines governing the custodian tasks have been implemented and are followed in accordance with all applicable laws. Improvements: In the summer of 2017 Walnut received all new perimeter fences which are locked during school hours and directs visitors to a single point of entry at the school office. Walnut School is a new campus which opened in 2007. Adequacy: The Turlock Unified School District prides itself in offering clean, safe and adequate school facilities. Our buildings offer adequate heat and air and are maintained in accordance with stringent state and district guidelines. FIT Results: The FIT form dated November 2023 may list some items found during the site inspection. These items should not be confused as 'Non-functioning' or affect the overall statement of the school site that it is 'clean, safe and functional.' Work orders are input on a regular basis and are usually addressed within a two week period of time.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23
English Language Arts/Literacy (grades 3-8 and 11)	65		40		47	
Mathematics (grades 3-8 and 11)	57		25		33	

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Walnut has an active Parent-Teacher Organization (PTO) with membership reaching over 200 members in some years. The PTO has a fully functioning Board with appropriate delegation of tasks. The PTO is responsible for numerous events during the school year that involve staff, students, and parents. The PTO supports classrooms directly with funding for supplies, study trips, and other special programs and events.

Walnut enjoys a large cadre of administration-approved adult classroom volunteers who assist teachers in classrooms, serve as chaperones on study trips, and assist with school-wide and magnet-specific activities and events. This year we have close to 400 adults approved as official volunteers. Our active School Site Council and English Learner Advisory Committees welcome elected members and any interested parties to attend regularly scheduled meetings throughout the year. Bi-annually, the Healthy Kids Survey is administered to families in 5th grade. This year, Walnut added a part-time Community Liaison that supports families with various resources and needs. Parents also can find resources through the new TUSD Family Resource Center.

Parent Informational Meetings are held for parents interested in our programs both in-person and virtually. Our social media accounts and website help keep parents informed of upcoming events and changes at our school. Currently, 100% of our families have an Aeries Family Link account and are connected through Parent Square.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Fiscal Year 2022-23 Types of Services Funded

In addition to the highly enriched and supportive regular educational program, Walnut Elementary Education Center provides (depending on teacher interest) before and/or after school Targeted Intervention for small groups of students at selected grade levels in need of assistance and support in math, reading, writing, and/or English Language Development. The instructional foci are ELA, Math and/or ELD. Parents of identified students are contacted and blocks of sessions are arranged. In each grade-level there is an identified MTSS time in which students receive specific intervention or enrichment. PLC teams work together to identify students who have a need.

This year, we continue with a full-time Math Intervention Teacher and a full-time Early Literacy/Reading Coach who works with groups of students identified by the classroom teacher as needing additional support. Additionally, we welcome this year a Reading Intervention Teacher who supports grades 3-6. These teachers collaborate with classroom teachers to review data and make instructional decisions. This year our full-time grant-funded English Learner para-professional position was eliminated.

There are different enrichment opportunities for students at Walnut that range from musical productions to participation in math and science-based regional student competitions. These activities support our school theme, STEAM.

In order to address the increased number of social/emotional health issues facing our school, Walnut is providing social/emotional support & social skills through the district's C.A.R.E program. The district LMFT and CSU, Stanislaus interns are providing group sessions for students identified by staff through the referral process. Additionally, this year Walnut is assigned a full-time counselor to support our students. The counselor provides a wide range of services, including classroom lessons, conflict resolution, small group/individual sessions, and crisis responses as needed.

Professional Development

Professional Development

The Turlock Unified School District Local Control Accountability Plan prioritized district-wide professional development opportunities for TK-12 to include subject matter, English language development, technology, best practices, equity, and social emotional learning. Multiple measures including CAASPP results, ELPAC achievement data, common formative assessments, and data from site walk through/educational rounds are utilized to prioritize needs. Additionally, TUSD's initiatives and staff input continue to drive the professional development offerings.

Staff is provided with weekly embedded collaboration time in addition to opportunities for extended collaboration outside of the

Professional Development

school day. The collaboration time allows teachers to focus on the four essential questions of a PLC, 1.) What do we expect students to learn? 2.) How do we know if students have learned? 3.) What will we do if they don't learn it? 4.) What will we do if they do learn it?

Year one and year two teachers are enrolled in TUSD's Induction Program which is in the fifth year of implementation. The Induction Program activities are based on the California Standards for the Teaching Profession which outlines the numerous interconnected skills that comprise the professional practices of teaching.

Professional development and support is provided in the following areas: Professional Learning Communities; Math Instruction; ELA/ELD Instruction; Advanced Placement; Technology; Small Group Instruction; Social Emotional Learning, Biliteracy, and Next Generation Science Standards. Professional development opportunities occur during a combination of the regular school day, after hours, and during the summer. TUSD has reading and math intervention teachers at all nine elementary sites to accelerate student learning.

There are several formal Special Education administrative, teacher, and parent trainings scheduled each year that include the following topics: Service delivery for special education students with various handicapping conditions, the referral process for students with special education needs, how to accurately complete the IEP documents, how to maintain legally defensible reports/IEP documents/meetings, behavioral tools/strategies for district staff, case law and disability awareness. At sites, training specific to the students and programs at each site occurs throughout the school year.
