Assistant Superintendent

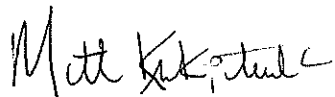

---

Dear Parents,

The Middletown Township Public School District is committed to limiting class size in our elementary schools to 25 students in core subject areas. Students, who register in their zoned school after the 25 students per class limit has been met for their grade, will be assigned to an alternate elementary school within the District. Once placed in an alternate school, the student may remain in that school until promoted to middle school. If the parent elects, siblings may attend the same school. We will make every effort to place students in an elementary school that sends to their zoned middle school.

Rest assured that all of our Middletown elementary schools implement the same rigorous curriculum and are staffed by dedicated and professional educators who receive regular and consistent district-wide training. Enrollment is monitored on an ongoing basis, and you will be notified by the building principal in the event your child's placement is changed because the class size limit has been met.

Sincerely,

Matthew Kirkpatrick  
Assistant Superintendent of  
Student Support Services  
Middletown Public Schools
