

**PUBLIC INFORMATION PROGRAM**

The Alexandria City School Board recognizes the importance of providing information about the school division to the community. The Board will utilize all appropriate means and media in order to:

- Explain the programs, achievements, and needs of the school division;
- Keep students, families, and employees fully informed about Board policies and procedures as well as their own rights and responsibilities;
- Communicate factual information regarding the school division: and
- Involve students, families, and the community in discussions regarding education programs, student activities, and Board policy.

In communicating with families, school personnel respect their diversity and differing needs, translating key information into other major languages where practical.
