## Early childhood development milestones to age 5

Every child is unique. No two children develop, grow and learn at exactly the same pace. And yet children develop in predictable ways. Take notes as your little one learns. Babies and toddlers are growing, learning and changing all the time. It's fun to watch! We suggest you keep track of the new things they do and the milestones they reach. If you are concerned about your child's growth, development or learning, we encourage you to contact us at [HelpMeGrowMN.org](http://HelpMeGrowMN.org) or 1-866-693-4769

# EARLY CHILDHOOD SCREENING

Minnesota requires all children to be screened before entering public school kindergarten. The screening is most valuable soon after your child's third birthday and gives you and your child an early connection to PLSAS.

Screening is FREE and includes growth, development, and immunization checks. Your child will be assessed in preschool concepts, communication skills, motor skills and social-emotional skills.

If your child has already been screened in HeadStart, in another school district, or your own medical resource, please provide the screening report. Children only need to be screened one time. Children do not need to be screened if they have an active Individualized Education Program (IEP).

Parents can choose to conscientiously object to screening for their child. If you object, please provide a signed statement indicating your conscientious objection to screening.

- ✓ Screening is FREE
- ✓ Get your questions answered
- ✓ Discuss important information

#### What is ECFE?

ECFE is a program that strengthens families with young children through play, education and support. It is unique to Minnesota.

#### Did you Know?

ECFE is not just for parents! All special grown-ups are invited to participate in ECFE! Grandparents, nannies, aunts and uncles all enjoy and participate in classes. All participants need to be registered to attend.

#### Parent/Caregiver Perks:

- Support and encouragement in your role as a parent or caregiver
- Current research-based information on child development
- Peer connection: We are in this together!
- Community connections: Awareness of community resources and support services
- Dedicated time together with your special little one

#### Child Benefits:

- Forming friendships
- School readiness support
- Dedicated time together with your special grown-up

#### ECFE Fees:

ECFE uses a sliding-fee scale based upon your household's annual gross income. Scholarships are available for families who live in Prior Lake-Savage Area School District.

Childcare is available during most classes for siblings from 7 weeks to age 6. A child under 7 weeks old may stay with their parent. Register for sibling care at the same time you register for a class. This is a family per session fee, not an individual fee per child.

#### Early Childhood Screening

All children between the ages 3 and 5 years old need to participate in a screening before kindergarten. Sign up for a screening appointment online at [www.priorlakesavagece.com](http://www.priorlakesavagece.com) or call 952-226-0975. We look forward to meeting your family.

All residents of the district are required to be listed on the census, including new babies, all preschoolers and new families in the district. Call the District Services Center at 952-226-0000. Having your name on the census will ensure that you receive information about Early Childhood Family Education and Screening, kindergarten registration and other pertinent district news as your child reaches school age.

## Big Brother Big Sister

You can make a positive difference by volunteering your time to a child. Can you help a child THINK BIG? There is always a child in need of your FRIENDSHIP, so don't wait any longer. The FOCUS is not on spending money but spending time with a child, building a trusting friendship. Although most seminars are presented by professional financial planners, the design is non-biased and non-sales oriented. You will not be pressured to make a purchase or meet with sales people. We prohibit the direct distribution of flyers, pamphlets or marketing materials that promote specific products, services or companies. We do, however, offer you the opportunity to receive an instructor's business card or you can ask for more information should you have additional, specific questions that go beyond the content or time frame of the seminar.
