2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Steindorf STEAM School is a kindergarten through eighth grade school that opened in August of 2016 where high standards and success for all is expected, supported and achieved. Grounded in Project Based Learning and STEAM practices, Steindorf's program design consistently engages students in the innovation skills of creativity, collaboration, critical thinking and communication. Through Project Based Learning, students gain knowledge and skills by working for an extended period of time to investigate and respond to an engaging and complex problem that features real-world context, tasks or interests. Learning occurs in a safe, comfortable environment where students are known, valued and cared for. Steindorf's environment allows for all students to achieve in a variety of ways to meet each child's social and academic goals. Collaboration is evident throughout our school community. Staff, teachers, parents, and students, as well as the broader community work together to realize the Steindorf vision. In order to meet our goals the Steindorf community (parents, teachers/staff and students) work together to build a common language and criteria of success. Formal and informal opportunities for fluid communication of input and feedback are provided in order to monitor progress and improve programing as needed.

Cambrian School District Vision Statements

- Our District has high standards where success for all is expected and achieved.
- Our District models global citizenship teaching real world connections and practical applications.
- All students achieve in a variety of ways to meet social and academic goals.
- Collaboration is evident in all facets of our school community.
- Everyone is a role model for life long learning.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

School Facility Conditions and Planned Improvements

Steindorf reopened in August of 2016. Measure I was passed in June of 2015 with the purpose of renovating the site. A new administration building, one additional classroom, and a Maker Lab wing was added to the site. Street lighting was improved, and a new parking area was paved. The school installed items to meet LEED Silver standards in Nov 2018. The site is approximately 10.5 acres. New perimeter fencing was installed around the campus. Steindorf has been open for over 7 years and is in exemplary condition as it remains in new construction condition. Current Measure R funding will provide for up to 1 MIL in district-wide technology expenditures.

Steindorf has been brought into the standard of physical condition we strive to meet throughout all District school sites.

Year and month of the most recent FIT report

1/10/2023

System Inspected	Rate Good	Rate Fair	Rate Poor	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	X			All completed renovation work is maintained; structural systems remain in excellent condition.
Interior: Interior Surfaces	X			All completed renovation work is maintained. Interior surfaces remain in excellent to good condition.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	X			We have implemented new cleaning schedules, methods and documentation. All custodial staff participate in ENVIROX computer and live training courses. Department holds monthly safety training & regular email communication is used to keep staff up to date on any issues. We have implemented our centralized supply ordering system. Any pest/vermin sightings are immediately reported to District Office, addressed by Clark Pest Control, and documented. Grounds staff maintain trees 5' away from building roofs/walls & shrub branches 2' off of soil & 2' away from building walls.
Electrical	X			Solar system requires further additional installations to offset increasing energy costs; many due to new regulations and regional climate challenges. Car charging station program will be reviewed and upgraded as necessary to encourage electric vehicle use in the community and among District employees.
Restrooms/Fountains: Restrooms, Sinks/ Fountains	X			All toilets/sinks have been placed on a preventative maintenance schedule, whereby seals are regularly replaced to avoid leaking toilets/faucets. Touchless water saving sink sensors are replaced as they fail in order to maintain efficiency standards.
Safety: Fire Safety, Hazardous Materials	X			All District properties recently passed annual Fire Marshall inspections. All combustible fuel is stored in fireproof cabinets. The District will be properly disposing of old paint by turning it in to a certified paint collection center during summer of 2024
Structural: Structural Damage, Roofs	X			There exist no known structural damages. Minor damage to stucco walls throughout is scheduled to be repaired Spring of 2024. Roofs are in excellent condition with a minimal number of very minor leaks. Rain gutter repairs to take place summer of 2024
External: Playground/School Grounds, Windows/ Doors/Gates/Fences	X			Beginning summer of 2024, Measure R funding will provide upgraded field irrigation monitoring systems for early leak detection, moisture sensors for automatic pre and post rain shutoff of sprinklers, and the placement of the most water efficient sprinkler heads. There is an ongoing effort to eliminate unused

			<p>lawn space at each site. In April 2023, the District replaced most gas powered grounds and custodial equipment with battery operated equipment. In this effort, the District contracted with American Green Zone Alliance (AGZA) for an independent assessment of the District's environmental impact with regards to gas powered grounds and custodial equipment, prior to switching over to battery powered grounds and custodial hand tools.</p> <p>Many playground repairs have been completed to ensure the safety of all site playgrounds, and playground inspections are ongoing. Playground upgrade designs have been completed by Northern California Play Works and District staff. All designs include ADA playground upgrades; pour-in-place (PIP) surfaces and ADA play features. District staff is planning the commencement of these new playground upgrades at all sites as soon as the feasible elements recommended by site staff and community stakeholders has been incorporated into the design, and the District, the site staff and the community stakeholders have agreed, as much as possible. Steindorf playground resurfacing, repairs, and upgrades will be completed by end of March, 2024.</p>

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

There are numerous opportunities to be involved at Steindorf STEAM School. Steindorf School provides several formal meetings in which parents can provide input to the school such as Home and School Club Meetings, Principal Coffee's, ELAC Committee and School Site Council, We have approximately 20-25 parents on campus daily, helping in classrooms with small group instruction, supporting our Project Cornerstone-ABC reader program, supporting our middle school students during innovation time, visiting an exhibition of a Project Based Learning, supporting our mileage club, or garden to name a few. We also make sure to provide surveys for parents to give feedback after classroom and/or school events. In addition for parents who are unable to attend school events we are the beginning stages of implementing a digital portfolio system. The Steindorf Home and School Club provides a variety of opportunities for parents to be involved in the school from the Home and School Club Board, Coordinator positions, helping organizing community events, teacher luncheons, etc. Lastly, we ensure a warm and welcoming environment where parents feel cared for and valued along with their students.

2023-24 School Safety Plan

Cambrian is a small school district with a long history of creating a safe learning environment. Absenteeism is less than 4% a year; suspensions are less than 1% for the school. Steindorf students and staff are aware of safety plans should emergencies arise and they complete practice drills regularly. Students and staff practice fire drills once a month, an earthquake drill twice a year as well as a lockdown drill once a year. Cambrian partners with other agencies to provide a safe environment, which promotes learning. In addition, the school is sensitive and proactive about medically sensitive issues, such as peanut allergies, and trains staff on how to manage such situations.

Our Comprehensive School Safety Plan is compiled and reviewed by the Safety Plan Committee made up of the principal, teachers, and parents. School Site Council reviews the plan and a representative signs off on the plan. This plan includes information regarding annual safety goals, child abuse, and neglect, emergency and disaster procedures and actions, Expected Behavior, School Discipline, Suspensions, and Expulsions, Safe Ingress and Egress, Equal Opportunity, Hate Crime,

and Harassment. This plan was last discussed and updated with School Site Council on December 12, 2022. The plan will go to the board in February 2023 for final approval.

Professional Development

District-wide staff professional development is reflective of students, staff, school, and district's goals and needs. Professional learning activities are designed to engage teachers in learning and implementing best practices that benefit student learning in alignment with district goals. These opportunities for professional learning include the following:

- PLC meetings 6 times a year that are 90 minutes each /professional learning communities
- K-8 Articulation Days (Teacher Inservice Days)
- Weekly District/Side/Grade Level Collaboration Time (Early Release Days)

Staff development is designed in our primary areas of focus: Common assessments, English Learner instruction, questioning for critical thinking, and mathematical understanding. Using CCSS assessments, professional development is aligned with district, school, and/or individual professional needs to ensure teachers have the adequate background, skills, and materials they need to support student learning. When new programs are introduced (e.g. math, science or language arts), specific time is dedicated to staff development to ensure the even and effective implementation of the program. (10 days including 2 hour early release days)

In addition, the Steindorf staff has been and continues to be trained by the Buck Institute of Education in Project Based Learning. In addition, general education teachers are focused on attending STEAM conferences. The Special Education Team is focusing on social thinking, autism and ADD workshops. K-5 teachers and 6-8 ELA teachers are being trained in Readers Workshop. The Steindorf staff has self-selected an achievement team from one of the following focus areas..STEAM/NGSS, GLAD/ELD, Math, PBL or Readers/Writers Workshop. Each team is made up of cross curricular/grade level members. The teams are designed to recognize strengths, common practices and develop next steps. This work will guide professional development decisions for 20-21school year.
