**ALLOCATION OF SPACE FOR SPECIAL EDUCATION PROGRAMS AND SERVICES**

---

---

To ensure that adequate and appropriate space is available for special education classes provided by the district, as well as for programs provided by the Board of Cooperative Education Services (BOCES), the Board of Education will allocate an appropriate amount of space in district facilities to meet the needs of students in such programs. This allocation will be reviewed and revised as part of the biennial district plan for the provision of special education programs and services, as mandated by the Commissioner.

The Board directs the Superintendent of Schools to develop and maintain a plan which incorporates information concerning the provision of services for preschool children with disabilities, pursuant to the Regulations of the Commissioner of Education.
