Teaching & Administrative Experience:

Assistant Superintendent of Schools

Scituate Public Schools; Scituate, MA • July 2021 - Present

- Facilitated the establishment of the first SHS Dual Enrollment Partnership (Quincy College)
- Initiated the [Systemic Student Support \(S3\) Academy](#) Partnership with DESE, Boston College & The Rennie Center to pilot a sustainable MTSS model starting at the middle school level.
- Established district-wide Professional Leadership Committees to empower staff members to become district experts on specific educational needs
- Actively participating in the [MSBA Building project](#) process for a consolidated elementary school project
- Led efforts for district-wide curriculum calibration PK-12 in all content areas post-pandemic to ensure rigor and access to high quality curriculum for all learners resulting in increased school percentile rankings & growth in math and ELA, and a DESE School of Recognition
- Enthusiastically served as a key member of the [SPS Five-Year Strategic Plan](#) Committee
- Established Scituate Public Schools as a Bridgewater State University Professional Development Partner
- Selected by the Commissioner of Education to serve as the co-chair of the [School and District Accountability and Assistance Advisory Council](#).
- Addressed district concern over the use of professional development time resulting in a “94” rating on the 11/7/23 full professional development day.
- Expanded supplemental services through grant funding: Acceleration Academies, Financial Literacy Planning & Implementation, STEM+ Programming, SEL programming, and more.

Director of Academic Curriculum, Instruction & Assessment

Southeastern Regional Vocational Technical School District; S. Easton, MA • Spring 2019 – July 2021

- In addition to responsibilities as the former Director of Academics:
- Established an electronic communication process for the progress monitoring of our expanding English Language Learner and Former English Language Learner populations in my role as EL Coordinator.
- Continued to coordinate the district’s efforts to meet school improvement goals using Title I, Title IIA, and Title IV grant funds.
- Selected to be on the DESE School District Accountability and Assistance Advisory Council by the Commissioner as an “at large member” with “demonstrated record of achievement or academic expertise” in areas related to accountability and assistance”
- Reviewed and advises the Department and Board on the policies and practices of the Center for School and District Accountability.

Director of Academics

Southeastern Regional Vocational Technical School District; S. Easton, MA • Oct 2008 – Spring 2019

- Established the first vocational program AP initiative in Computer and Electronic Engineering 100% students tested in Computer Science Principles, 50% with qualifying scores year one.
- Lead initiatives that increased the school's overall performance relative to other schools as rated by the Massachusetts DESE Accountability system from 16th percentile (2012) to 55th percentile (2018) **53rd percentile prior to new accountability system.
- FY14 recognized as the state's highest combined math & ELA growth in Commissioner of Education's MCAS press release for increases in proficient/advanced since 2007 56% ELA 33% math.
- Established a working partnership with BSU School of Education as its only 9-12 vocational "Professional Development School" increasing access to authentic PD and current opportunities for our professional staff.
- Implemented an aviation/drone education program at Southeastern through a pilot Air Owners and Pilots Association (AOPA) curriculum & plan to support BSU with incorporating innovative drone education through their programs.
- Established a SERSD CAGS cohort to develop aspiring administrators at our school.
- Implemented AP testing in Computer Science Principles and Computer Science A in our Chapter 74 (vocational) Computer and Electronic Engineering program after increasing AP courses from 1 to 9+
- Secured a grant to implement an online writing program/electronic portfolio for \$92,000.
- Established a curriculum revision cycle for all content areas saving the district significant cost
- Supervise curriculum, instruction, and assessment & observe and evaluate teachers for all content areas including ELA, math, history, science, reading, and foreign languages.
