Outlines 6 Dimensions

1. **Philosophy and Purpose**
2. **Organization**
3. **Content**
4. **Staff Development and support**
5. **Assessment**
6. **Leadership**

Framing Question for today's work:

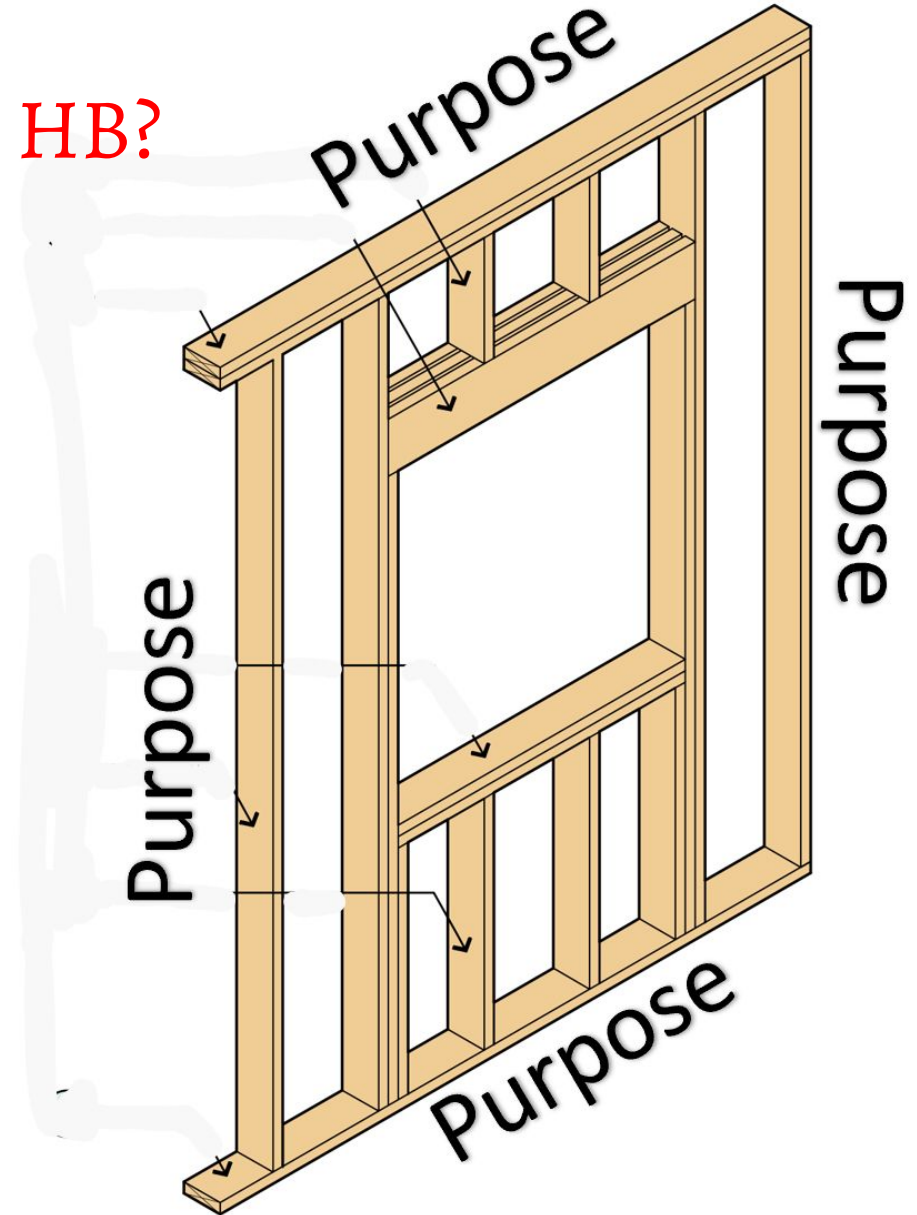

What are the main purposes of Advisory at HB?

Hollis Brookline High School
Advisory Program

Philosophy and Purpose

The goal of the Advisory program at HBHS is for each student to be known well by one anchoring adult in the building in order to focus on the development of the whole learner in their path toward profile of a cavalier / vision of a graduate. The emphasis is on developing relationships and creating a positive, safe and supportive school culture.

The specific purposes of Advisory are:

Focusing Activity - Purpose

Since we last met, you have had a chance to reflect on the needs of students and the school and to consider, what's missing? Whether you had discussions with colleagues, reflectively wrote or just did some thinking, this next step will document these needs and will group them accordingly. It will allow us to see where our emphasis of focus is and will identify areas of purpose, the pillars for HB's advisory program.

Steps

1. On sticky notes, write down the needs that emerged from your reflective conversations, writing and thoughts. One need/idea per thought.

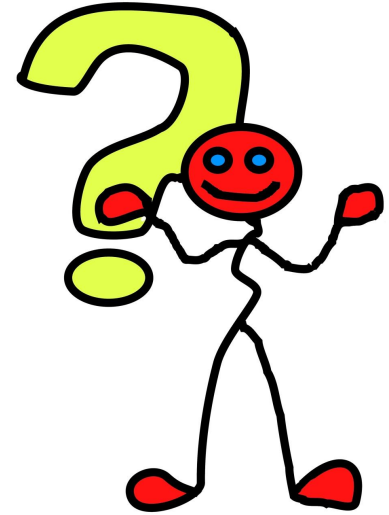

Steps

2. Place sticky notes under the Purpose Group you feel it fits.

If there is something that doesn't seem to fit, put it in the other.

Debrief

What do we notice about the purpose of Advisory at HB?
