

Philosophy and Purpose

The Advisory program at HBHS was developed in order for students and advisors to know each other well and for each student to be connected to an anchoring adult in the building. The focus is on the development of the whole learner in their path toward the “profile of a cavalier” “vision of a graduate” (life long learning)...something connected to the mission / school vision. The emphasis is on developing relationships and creating a positive, safe and supportive peer and school culture.

The three specific purposes of the Advisory program at Hollis Brookline are:

- **Lifelong Learning Skill**
 -
- **Building Connections**
 -
- **Community, Culture & Communication**
