2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Each and every child is compassionate, confident, and feels successful, academically prepared, and able to make meaningful, positive impact in their lives, the lives of others, and the world around them. Alameda Unified School District is committed to upholding our community's core values of equity and excellence for every student by providing inclusive and safe conditions for learning that challenge and support every student to be culturally competent and prepared for college, career, and community participation.

Island High is a continuation high school serving credit deficient students who were not successful in a traditional high school. All students at Island High are credit deficient: Island sees this credit deficiency as a symptom of some underlying problem which needs to be identified and addressed. These underlying problems generally fall into one or several categories: truancy, family crisis (like the death or incarceration of a parent), homelessness and transiency, drug and alcohol involvement, social and school alienation resulting in behavioral or disciplinary problems or lack of ongoing school motivation, involvement with the juvenile justice system, and low academic skills.

Island draws students from all over the community of Alameda, a district which serves 10,000 extremely diverse students. The city of Alameda is located across the bay from San Francisco, hugging the coast of Oakland. Overall, the city has a small-town feel with many Victorian homes and little traffic. At the 2020 census, the total population was 78,280. (45% White, 7% African American, 31% Asian, .5% Pacific Islander, and 11% Latino.) The median household income was \$106,737 about 8% of families and 11% of those under age 18 were below the poverty line. On the east end of the Island, property values hover near a million dollars, most homes are owner occupied, the population is largely white and Asian, and the schools are marked by high scores, active parents, and growing populations. The west end of the Island has a much lower socio-economic status with many apartments and subsidized housing, much higher transiency, and much larger African-American, Latino, and Filipino populations. Since the Naval Air Station Alameda was decommissioned over 20 years ago, the west end has seen a major drop in school enrollment and funding. The military land remains largely undeveloped, but recently has been used as transitional housing for homeless families, some of whom attend Island High. This land is also slowly being developed by commercial interests. Most recently, the city of Alameda has proceeded with their "base reuse initiative" phase 1, where the goal is to make the old naval base a mixed use neighborhood. This has occupied the area with multiple condominiums complexes and a redeveloped waterfront.. Island's population mirrors the incredible social, ethnic, and economic diversity of Alameda.

A. Conditions of Learning **State Priority: Basic**

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

AUSD Schools greatly benefit from supportive parents, guardians and community members who get involved in a variety of activities. We believe in partnering with our families to create the best school for our students. Families have many opportunities to partner with the school based on parents' schedules and interests. We also partner with our local Community Based Organization and especially our school's Parent Teacher Association (PTA).

We encourage participation in all aspects of the school's program. Here are activities that parents, guardians and community members can engage in throughout the year:

- Volunteering as a Room Parent
- Field Trip Chaperones
- Noon Supervisors

All parent input in decision-making is welcome through the following committees at a school site:

- School Site Council (SSC)
- English Language Advisory Committee (ELAC)

Parent input at a district level can happen at, but not limited to:

- Equity Round Tables
- Alameda Mosaic
- Alcance/Latino Achievement Round Table
- Asian and Pacific Islander Round Table
- LGBTQ Round Table
- District English Language Advisory Committee

C. Engagement

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

2023-24 School Safety Plan

To safeguard the well-being of students and staff, a Comprehensive School Safety Plan has been developed and yearly approved by School Site Council and the Board of Education. Each year the school sets goals for the school to continually improve in three areas: School Climate (students, parents, and programs), Emergency Preparedness (disasters and crisis), and School Environment (facilities and campus). The plan addresses various safety issues, including creating procedures that detect and prevent social-emotional barriers/challenges, ensuring appropriate campus supervision, maintaining disaster kits, and monitoring emergency procedures. The plan is reviewed with all staff members at the beginning of each school year. Safety drills are held on a regular basis; fire drills are held monthly, earthquake drills are held two times a year, and intruder/lockdown drills are held at least once a year. Staff members also receive disaster training yearly.

To ensure safety of student; Teachers, staff and administrators supervise students on campus from bell to bell. All Our school is a closed campus, and permission is always required to leave school grounds. Any visitors to the campus are required to check in at the school's main office and must always wear the proper identification badge.

Fiscal Year 2022-23 Types of Services Funded

AUSD Schools are primarily funded by the Local Control Funding Formula (LCFF). These funds are applied toward the cost of salaries, benefits, energy, supplies, technology, training, and all other aspects of school operations. The Alameda Unified School District also receives federal, special education, and other state funding. Our school utilizes funding to provide:

- Response To Intervention (RTI) Universal Blocking
- 1:1 Devices (1st – 12th)
- Targeted supports for servicing students
- Continuous Staff Development
- Social Emotional Supports for all students
- Coordination of Services (COST)
- Positive Behavior Intervention Systems
- Music and Library at the Elementary level
- Electives at the Secondary level

The school also receives additional support from local community partners including the Parent Teacher Association (PTA), Alameda Educational Foundation, and various organizations, businesses, and community groups.
