PUBLIC VISITORS

Public Visitors signed up to speak:

- **Mike Rotz** – There needs to be better communication to the parents regarding closure/hybrid learning.
- **Brian Cumpston** - Staff and students are concerned about their personal safety due to COVID-19. The LEA would like to thank the Administration for the decision to transition to remote learning. Consideration should be given for an additional custodian to clean the buildings to reduce risk to staff and students. Additional risk is the lack of hot water in the Middle-High School for the past week. As always, the LEA will continue to support the district in anyway needed.
- **Darlene Wendrock** – She wanted to express how proud she is of the District. She feels that the school really stepped up and did the best possible decision for everyone. Cafeteria will continue to serve meals.
- **Jeff Engstrom** – He would like to share a very serious concern. Lakeview implemented a program, PLC, to identify students in need. It requires a lot effort and the utilization of planning periods for Teachers. You have to fill-out flowcharts, meet to recommend a plan, etc. and it is not a constructive use of time. Teachers are losing their planning periods which is unfair and unproductive. LEA approached Administration and was told this is not changing. We are hurting students. Most of these students have IEPs. Special Education Teachers have been given more and more paperwork and we are getting subs to cover so they can get all of it completed. We are out of compliance with IEPs. We are going to lose Teachers. Something needs to change.
