COARSE'S CORNER

Our teachers go above and beyond everyday for our students! I often speak about how proud we are of our students and their ability to follow our expectations! However, I would be remiss not to express my pride in our teachers, who have worked diligently for over two years to develop a robust curriculum. We have more work to do, but will end with a comprehensive document to serve all students. RIS teachers have shown true collegiality supporting one another, especially helping our new staff. And, they willingly step up when help is needed! RIS truly is the place to be because of our staff! Thank you to each and everyone of them!
