<u>Contractual Obligations</u> - This iteration of the budget keeps all things equal other than those increases that cannot be controlled internally without reduction of staff or services, such as unfunded mandates, contractual obligations, and vendor increases. Major drivers for the 24/25 budget include:

1. Salary Increases (4 Unions in Negotiations)

2. ESSER Funding Exhaustion

3. Transportation Contract Increase

4. Health and Liability Insurance Increases

Improvement Requests - This iteration includes all contractual obligations plus the requests submitted by principals/directors based on the services/supplies that they deem necessary to best provide instruction and/or maintain operations.

<u>Proposed Budget</u> - This is Superintendent's Initial Budget request. All expenses have been analyzed for areas of potential reduction and the leadership team has collaborated to find creative solutions to meet goals with reduced resources. This iteration aims to meet Board of Education goals, improve upon student achievement, and provide the tools needed by the many district functions that support student learning.
