Executive Director Board Report – January 2024 Meeting

Strategic Initiatives Update

Expectation: Share information about ongoing implementation of initiatives in support of The Academy's 5-year Strategic Plan and other Board priorities.

Instruction & Culture

Principals presented their 2023-24 Annual Work Plans to the Board at the July Retreat. The Board finalized the 2023-24 Data Dashboard at the August meeting. Students completed their baseline assessments in September. Principals presented on their beginning-of-year data as it pertains to the Bi-Annual Instruction & Culture Scorecard at the October Special Meeting. Elementary students competed their mid-year interim assessments to track progress in December. Secondary students are finishing up their mid-year testing this week. Principals will join the February Board meeting to present their mid-year data as it pertains to the Bi-Annual Instruction & Culture Scorecard.

Enrollment Update

The Registrar completed reviewing Intent to Return forms submitted by current Academy families. 99% of families are reporting they plan to be back for the 2024-25 school year. There are always additional families who make the decision not to return in the months after submitting this form. The actual student return rate to start the 2023-24 school year was 92%. The new student enrollment targets for 24-25 are built with this in mind.

The application window to be included in the random enrollment lottery closed on January 15th. The Academy received 471 applications for enrollment, which is down 2.6% from 484 in January of 2023. The Registrar conducted the random lotter last week and began offering spots to new families this week. That process will continue throughout the spring and summer.

Admin Succession Plan

The goal is to develop an admin succession plan over the course of the fall semester. This plan will cover both unexpected, temporary coverage of vacancies and long term, strategic succession for the following positions:

- Executive Director
- Chief Operating Officer

- Pre-K Director
- Lower Elementary Principal
- Upper Elementary Principal
- Middle School Principal
- High School Principal

Please follow <u>this link</u> to a draft in progress of the succession plan. In the November meeting, the Board discussed developing a matrix of key competencies tied to current and upcoming strategic goals to guide planned succession efforts. The discussion also touched on using this document to describe an organizational perspective on conducting external hiring searches as well as practices in place to the growth of internal talent. Those additions will be included in the next round of revisions to the plan, which will be shared in March.

Middle School Program

The Middle School Admin Team's transition is complete with all positions filled. The new Middle School Principal has started the new semester with confidence and quality. Instructional priorities and strategies for supporting students and teachers have continued uninterrupted from the fall. The Principal will share more detail about the current state of The Academy's Middle School at the data presentation next month. Middle School academic awards ceremonies were held last week and conferences are coming up in a few weeks.

Facilities Master Plan Update

Expectation: Share information about ongoing implementation of the Facilities Master Plan.

The Board voted in its November meeting to move forward with schematic design for a building expansion and renovation. The Executive Director and COO have since met with the design team to initiate this schematic design process. The architects and project manager from HCM have begun a series of stakeholder meetings that will continue into February with the goal of collecting input from the school staff members who will be using each space include in the renovation or addition projects. The target is to have a full schematic design package with accompanying budget estimates ready for Board review in the April meeting.

Finance & Operations Board Report, January 2024

Members Present: Dan Klenjoski, Irina Szafranski, Andrea Foust, Jennifer Halford, Stephanie Mann, Mark Wilson, Brent Reckman.

Introduction (5 minutes)

Expectation: Review agenda and norms as needed. Share any relevant resources for committee to review.

Audit policy language updated to reflect Board stance on management letter requirements. See below for updated language:

"If a deficiency in internal controls or material weakness is highlighted within the auditing process, it is an expectation of the Board that a management letter detailing the issue, potential impact, and recommendations to resolve is presented. This is with the explicit aim to draw attention to areas that have the potential to become more significant in their scope and impact over the course of time.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

There will be no expectation of a written management letter if there are no findings as described during the annual review."

- Legislative opening: On November 1, Governor Polis released his proposed budget for next school year. Specifically, it <u>calls for a 6.6% increase to per-pupil funding</u> for next school year, and it <u>fully funds the CSI</u> <u>Equalization Fund</u>. While this is still just a proposal, there are good reasons to be optimistic that it will come to fruition through the legislative process this spring:

- The proposed 6.6% increase to PPR matches what it takes to fully buy down the so-called Budget Stabilization factor.
- It would translate into an average funding <u>increase of \$705 per student</u>, from \$10,613 this year to \$11,317 next year.
- This would equate into <u>~1.3M additional PPR funds</u> for The Academy.
- League's draft Legislative Agenda: <u>CLICK HERE</u>

- Governor's Budget Fact Sheet: CLICK HERE
- Bill Tracker: <u>CLICK HERE</u>

Updated projections from CSI gave first indication of MLE funds if the commitment is fulfilled. We are starting from an estimation of \$1,840 pp. which would translate into ~800K additional revenue for The Academy in 24/25.

Financial Report Review (15 minutes)

Expectation: Financial report sent out in advance. Review and discuss current position.

	Profit/(-)Loss	\$0.00	\$0.00
	Potential Savings: CSI rebate, Health benefits etc.	\$200,000.00	\$200,000.00
	Profit/(-)Loss	\$200,000.00	\$200,000.00

Essential Takeaways:

- Remains no plans for fund balance usage
- Schematic plans budgeted for both '24 summer work and renovation project
- Setting finances up for fixed cost of additional 1M in Debt Service
- Keeps fixed costs budgeted e.g. debt service, and allows annual PPR increases to relate to variable costs again e.g. salaries and benefits
- Nimble responses to facility timelines e.g. June vs July work (fund balance add)

Significant variables that we will continue to monitor closely throughout semester 2 include FTE changes, facility improvements/goals of the Board, rebate statuses of CSI and Health Plan and future food reimbursement impacts. We are hopeful as we look towards the start of the legislative session, that the Governor's proposal of 6.6% PPR holds and MLE investment will set us up for continued success.

Next Steps:

- Final Review for Board to approve on Jan 29th, signed off by Chair
- Approved Amended Budget due to CSI no later than 31st January, 2024

Facility Planning (10 minutes)

Expectation: Review status of facility planning and update committee. Opportunity to ask questions and provide clarifications as needed.

Current cost summary of bathroom renovation work was shared and reviewed with Committee providing the opportunity to highlight costs line-by-line (see attachment in Board packet). The final cost

provided is the maximum amount we would expect to spend on the summer project and includes all contingencies within it.

Self-Evaluation (5 minutes)

Expectation: Finance Committee members discuss the meeting and provide feedback to COO to improve the processes and meeting efficiency moving forward.

Committee self-rated at 4.

Next Meeting: 8 Feb, 2024

The Academy of Charter Schools PTO Meeting Minutes January 11, 2024 Unapproved until our February 2024 meeting

Call to Order:

A meeting of The Academy of Charter Schools PTO was called to order on Thursday, January 11, 2024, at 6:00 pm by Steph Pearl.

Attendees:

Steph Pearl, President Susan Wagar, Treasurer Anathea Becker Stephanie Bean Keller, online Ioana Makkai-Dutchievici, Co-Vice President Nikki Roma, Co-Vice President Tammy Hahs Rebecca Greco

Approval of Minutes:

Steph Pearl made a motion to accept the December 7, 2023, minutes as presented. Susan Wagar seconded the motion, and it passed.

New and Open Seats:

Kristie Schovajsa has stepped down as PTO secretary, because it was a bit too much with her new job. The current officers will be absorbing her responsibilities until we are able to post this open position.

Past Events:

Qdoba Spirit Night – We received a check for \$160 as a result of the spirit night. There was not a lot of participation, but it was a bit last minute and right before the holidays.

 There was some discussion about possibly making each spirit night a competition, maybe offer \$75 to the top class. Secondary would be counted according to pride or 1st period. Maybe do a raffle for those that are there – blanket, teddy bear, etc.? No decision was made.

The PTO did a hot cocoa bar for all staff during the #BeABlessing campaign in December. It was fun and cute event; it's the extras that make it very special.

Future Events:

The Glow Dance is coming up on February 2. This was originally the Snowball Dance, but we are changing it to Glow the Night Away. The events calendar has been updated. We want to be sure families know it is for elementary students only.

- Anathea Becker has many glow necklaces that she is willing to donate, which is fantastic.
- We are going to have a PTO store to sell blankets and some glow in the dark items.
- We will check with the art club to see if they could do some face painting.
- The DJ will have some games he does with the students, but we might want to have a few as well. For sure we will have hopscotch on the floor with glow tape.

Blanket Fundraiser – We have paid for the blankets, and they have arrived. We have sold 10 small and 19 big ones already.

• We are using a website called Zeffy for payment. This website that specializes in helping nonprofits raise funds and sell things. They cover all of the credit card costs. If the payee is not paying attention, the total cost may be increased a small amount as a donation to Zeffy.

End of the Year Event for Staff

• This discuss was tabled for future discussion – but we want to have some sort of community event. Bringing back the Springzetti dinner is a possibility.

Future Event – Orange Theory or Cycle Bar?

• We are looking at the possibility of an adult-only spirit night. We pay for some portion, and the community would pay the company directly. We would receive a portion of the funds at the end.

Spirit Nights

- Teriyaki Madness January 16 4 to 8 pm
- Qdoba night in March
- Teriyaki in April
- Chick-fil-A in May

Finance Report:

- We have another Bingo date on February 17th
- PTO will make a little less than 50% of the blanket sales.

Open Floor and Questions:

Anathea Becker had a question about the booth fee for the bazaar for the Thespian Club. In the past student-sponsored booths have not been charged, and she wanted to ask if we would reconsider that fee. She also wanted to know if the Board booth - #BeABlessing was charged.

- Steph Pearl explained that our main goal is to bring the community back together; it is not to cause tension. We are trying to rebuild PTO and create some funds for future events. Everyone that participated, including the board, was charged the booth fee.
- The fee information was shared before the event, and the club still chose to participate.
- After some discussion it was decided that no refund would be given.

The meeting adjourned at 7:06 pm.

Respectfully submitted, Susan Wagar Return to Agenda

Audits/Financial Monitoring

Mission Statement: The Academy's mission is to help all students grow into college ready, exemplary citizens by combining academic mastery with personal empowerment to drive lifelong success. We serve our full community by intentionally developing a school culture that embraces diversity, equity, and inclusion. Fueling lifelong success through preparation, exploration, and empowerment.

In accordance with state law, all funds and accounts of the district shall be audited annually, following the close of the fiscal year.

The Board shall appoint an independent auditor licensed to practice in Colorado and knowledgeable in government accounting to conduct the audit. The Board shall undergo an auditor election process periodically (approximately every 3-5 years) to ensure continued independence and objectivity.

The audit report shall contain the following:

- 1. Financial statements prepared in conformity with generally accepted governmental accounting principles (the financial statements are the representation of the school whether prepared by the school or by the auditor).
- 2. Disclosures in accordance with The "Financial Policies and Procedures Handbook" adopted by the State Board of Education.
- 3. All funds and financial activities of the school.
- 4. A budget to actual comparison for each fund and activity.
- 5. The auditor's opinion on the financial statements. If the opinion is anything other than unqualified, the reason must be explained.
- 6. Disclosure of all instances of noncompliance with state law, including the Public School Finance Act of 1988, irrespective of materiality.
- 7. A supplemental listing of all investments held by the school at the date of the financial statement.

The auditor also shall make recommendations to the Board concerning its accounting records, procedures and related activities as may appear necessary or desirable and shall perform such other related services as may be requested by the Board. If a deficiency in internal controls or material weakness is highlighted within the auditing process, it is an expectation of the Board that a management letter detailing the issue, potential impact, and recommendations to resolve is presented. This is with the explicit aim to draw attention to areas that have the potential to become more significant in their scope and impact over the course of time.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a

material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

There will be no expectation of a written management letter if there are no findings as described during the annual review.

A draft audit report must be completed by September 30, and a final audit report must be completed by October 15.

The Board reserves the right to request an audit at more frequent intervals if desired.

We serve our full community by intentionally developing a school culture that embraces diversity, equity, and inclusion. Fueling lifelong success through preparation, exploration, and empowerment.

Purpose

To allow a proper accounting of The Academy's operations, no obligation of The Academy funds may be initiated without the proper purchase procedure and authorization. Exceptions to this procedure will be permitted only in extreme emergencies. If a service or merchandise is purchased without The Academy approval, the individual (staff, faculty, parent or other) will be financially responsible for such purchases and may not be reimbursed.

Banking Services

All revenue received by The Academy shall be deposited in an official bank or banks or savings and loan institutions as designated by the Board. Any institution used for banking should meet PDPA requirements. Such financial institutions must also qualify as an eligible public depository in accordance with state law.

All monies belonging to The Academy, including monies derived from food services and school activities shall be deposited by the treasurer of the Board or official custodian for deposits to the credit of the school in a depository designated by the Board. The following shall have authority to handle deposits for the Academy: Finance Director/Manager, Finance Assistant, Food Service Manager, and Aftercare Director.

The treasurer or official custodian shall comply with all requirements of state law regarding the deposit of public school funds.

All checks drawn on the school funds shall require the signature of one of the 'approved signers' as designated by The Academy Board. To support an appropriate separation of duties, the school Finance Director/Manager and any assistants will not be approved to sign checks. The Board Treasurer will always be one of the approved signers. Checks over \$1,000 will require two original signatures.

Signature Authority

The following shall have authority to sign checks: CFO/COO, Executive Admin Assistant/Manager, HR rep, Board Treasurer, and any other member of the Board as designated by the Board.

Purchasing Policy

The Academy Board assigns the overall responsibility for administration of the annual budget, within the Board's directed intent, to the Executive Director. The Executive Director or designees (as published in writing and held by the Executive Administrative Assistant) shall have the authority to independently issue purchase orders for amounts within budget parameters as detailed below.

Except in case of an emergency, purchases shall be handled as follows:

- A purchase for goods and services up to \$9,999 may be made through direct check, procurement card, or by purchase order. While competitive quotes may be obtained, they are not required.
- A purchase for goods and services between \$9,999 and \$249,999 requires a written competitive bid from a minimum of two qualified sources unless special circumstances prevent acquiring two or more bids. The special circumstances shall be documented and maintained with the selected bid.
- A purchase for goods and services above \$250,000 requires a formal RFP process to solicit competitive bids and Board approval.

Procedures shall be established which assure that purchases are appropriate and those funds are available before purchases are authorized.

Other exceptions may be made by the Executive Director in cases of emergencies, which shall be reported to the Board no later than its next regular meeting.

When making purchases, consideration will be given to the price and such other factors as the school at its sole discretion deems to be appropriate, including without limitation, the reliability and responsibility of vendors, timely delivery, and extent of warranties offered and quality of materials or services proposed to be used.

Budgetary Expenditure Authorization

Expenditures from any school fund must be approved or authorized in accordance with all board policies and require the following signatures (which may be electronic or hard copy) to be effective as expenditures against budget:

- Up to \$500: Principal or Department Head
- Between \$500 and up to \$249,999: Executive Director or CFO/COO or designee.
- \$250,000 and greater: Executive Director and CFO/COO with Board approval.

Establishment of Procurement Card Purchases

The school is authorized to establish a procurement card to supplement the ordering of supplies of a nominal value. The purpose of the procurement card is to provide flexibility, convenience and security with small purchases while conducting school business.

Purchase transactions using the procurement card shall not supersede or conflict with the purchasing policies that have been established by the Board. The School shall establish procedures for the usage of procurement cards.

A number of unique controls shall be developed for the procurement card program that do not exist in a traditional credit card environment. Usage shall be limited by transaction amount and total monthly expenditure amount. Type of merchandise allowed for purchase, restrictions of persons authorized to receive the cards, and other procedures may be set at the determination of the Executive Director or their designee in alignment with the established procedures and Board intent.

Borrowing

Mission Statement: The Academy's mission is to help all students grow into college ready, exemplary citizens by combining academic mastery with personal empowerment to drive lifelong success. We serve our full community by intentionally developing a school culture that embraces diversity, equity, and inclusion. Fueling lifelong success through preparation, exploration, and empowerment.

When it becomes evident early in the fiscal year before substantial tax monies have been received that the cash balances will not meet anticipated obligations, the School Board shall negotiate, under the provisions of Colorado statutes, for short term debt in such amounts as may be required to meet such obligations.

The Board must authorize all borrowing. The Board may authorize the chairperson and the secretary to execute promissory notes on behalf of the school from time to time as such borrowing of funds becomes necessary and may further authorize them to execute any and all other documents necessary or incidental to the borrowing of funds.

By law, these short-term loans are liquidated within six months of the close of the fiscal year from monies received by the school for the general fund.

a. Short-term options may include such debt instruments as line of credit when necessary or prudent to allow the school to meet its cash flow requirements. The school will also evaluate the State loan program operated by the State Treasurer as an option for short-term debt.

b. Equipment Financing: Lease obligations are a routine and appropriate means of financing capital equipment. However, lease obligations also have a significant impact on budget flexibility. Therefore, efforts will be made to fund capital equipment with pay-as-you-go financing where feasible, and only the highest priority equipment purchases will be funded with lease obligations.

Background checks are only required for persons who have regular, not incidental, contact with students at least once a month. When no longer needed for the original program or project, the equipment may be used in other activities currently or previously supported by a Federal agency.

Financial Planning & Budgeting Policy

Mission Statement: The Academy's mission is to help all students grow into college ready, exemplary citizens by combining academic mastery with personal empowerment to drive lifelong success. We serve our full community by intentionally developing a school culture that embraces diversity, equity, and inclusion. Fueling lifelong success through preparation, exploration, and empowerment.

Purpose

The Annual Budget development process is designed to create the financial plan to support the mission, vision and operation of the Academy. It provides the framework for both anticipated revenues and planned expenditures derived from the educational programs and priorities of the Academy Board (Board) for the fiscal year (July 1 to June 30). The Board retains primary responsibility and authority for establishing budget priorities and parameters and approving the Academy Budget.

Budget Process

The school accountability committee shall recommend to the Executive Director of its school priorities for spending school monies. The Executive Director shall consider the school accountability committee's recommendations regarding spending and any other discretionary monies and take them into account in formulating the proposed budget for presentation to the Board.

The school accountability committee shall include the adopted plan (school performance plan, school improvement plan, school priority improvement plan, or school turnaround plan as is required) in the compilation prepared pursuant to section 22-11-302 (1), and the school board shall consider such adopted plan in developing the budget required by section C.R.S. 22-44-108. C.R.S 22-11-403, 404, 405, & 406.

The budget shall be developed and presented in accordance with all applicable state statutes and The Colorado Department of Education <u>Financial Policies and Procedures Handbook</u>

The budget format shall itemize expenditures of the school by fund and show the amount budgeted for the current fiscal year and the amount budgeted for the ensuing fiscal year.

Preparation

The Board assigns overall responsibility for preparation and administration of the annual budget to the Executive Director. No later than May 30, administration will present to the Board for their 'first-read' an initial annual formal budget for the successive fiscal year in conjunction with a three-year budget projection model developed and reviewed by the Finance Committee in accordance with the rules of the Governmental Accounting Standard Board (GASB) and in observance of any applicable Colorado State law or District contractual requirement.

The School Accountability Committee (SAC) will also review the proposed budget to ensure allocations are appropriately aligned to meet the needs outlined in the UIP. The SAC shall provide budget inputs to the Executive Director during the budget development process and make budget approval/modification recommendations as needed to the Board during the 'first-read' portion of the process.

No later than the Authorizer deadline for a final budget (currently June 30), administration will present to the Board for their approval a final annual budget.

Organization

The formal budget shall be organized in both summary and detailed format in conformance with Colorado State Chart of Account coding requirements. A comparison of the proposed budget to the current year budget and projected current year end balances along with explanations for notable differences shall be prepared and included in the budget presentation. Material opportunities or risks that may impact the budget shall be footnoted for consideration by the Board.

Budget Reserves

The budget shall disclose planned compliance with spending limitations outlined in Article X, Section 20 of the Colorado Constitution, including holding TABOR reserve funds in an unrestricted general fund or in cash funds.

Maintaining a fiscal year-end fund balance as an operating reserve in the general fund is a beneficial and sound financial management practice. The Board assigns to the Executive Director or designee the responsibility of accumulating and maintaining a general fund balance amounting to a minimum of 8% of the school's current fiscal year adopted budget as an operating reserve. This amount will be in excess of the emergency reserve required by Article X, Section 20 of the Colorado Constitution (TABOR).

The operating reserve is intended to serve as a "rainy day" fund and will be used only for an unexpected loss of revenue or an extraordinary expenditure. Expenditures from this reserve shall be reported to the Board.

If any part of the operating reserve is used in any fiscal year to cover an unexpected loss of revenue or an extraordinary expenditure, funds will be reallocated to restore the year-end fund balance in the operating reserve before any other budget allocations in the subsequent fiscal year, unless the Board approves otherwise.

Budget Revisions

Following a final October pupil count, a "Revised Annual Budget" shall be developed and presented at the November Board meeting for initial review and at the December Board meeting for final approval.

Any additional budget changes also require Board approval.
