Engaging Summer Enrichment and Recreation Classes

For Children Ages 4-13

The Avery Coonley School Summer Program has something for every child — whether they want to build, tinker, ponder, create, experiment, or run and play.

Enrichment classes offer opportunities for academic challenge and engage children in creative problem solving, scientific exploration, creative writing, and more. Options are also offered in partnerships with Northwestern University's Center for Talent Development (CTD) and ChessEd. Classes include STEAM, math, theater, reading, sports, art, instructional swimming and more!

Recreation program (for those staying until 3pm) includes planned activities between morning enrichment classes and during the afternoon. Activities may include outdoor adventure, music, canoeing, games and crafts.

Three Sessions and Flexible Options

We offer three sessions per summer starting in June. Each session is two weeks. Flexibility allows selection of up to 4 enrichment classes per session (K-Grade 8). **Half-day, full-day and extended care options are available.** Our Preschool program is half-day in the morning only.
