2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Description

Alta Elementary School opened in 1955 at its current site and is situated midway between Reedley and Orange Cove. The school serves approximately 360 students in grades K-5 during the 2023-24 school year and includes a staff of 18 teachers. Alta Elementary School teachers and staff are dedicated to ensuring the academic success of every student and providing a safe and productive learning experience. In the fall of 2020, Alta Elementary School Launched a Spanish Dual Immersion program in kindergarten and added first grade Dual Immersion in 2021, 2nd grade in 2022, and 3rd grade Dual Immersion in 2023.

School Mission Statement

Alta Elementary School is dedicated to enhancing the education of its students by helping them to become purposeful, productive, and confident citizens. The goal of every staff member is to help students to reach their full potential. The program at Alta Elementary encourages children to advance beyond grade level expectations. Every resource available is used to help students advance to their highest academic standards. Alta Elementary School is committed to working with students, parents, and community to make the children's learning experiences positive ones that encourage social development and academic growth.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

A district textbook adoption committee is established for the process of textbook adoption. Each school site or grade level is represented on each textbook adoption committee. At Alta Elementary School, there are sufficient textbooks and instructional materials for each of the core content areas. Each pupil, including English Learners, have access to district adopted texts, workbooks, or other supplemental instructional materials to use in class and to take home.

School Facility Conditions and Planned Improvements

The district takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the KCUSD Business Office.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Additional information about the condition of the school's facilities may be obtained by speaking with the school principal.

Alta Elementary School has 19 classrooms, a multipurpose room, a library and an administration building. The main campus was built in 1955. Additional relocatable classrooms were constructed in 1990, 2001, and 2002. In 2021-2022 asphalt was added to the existing staff parking area. In the school year 2023-2024, a new kindergarten playground was added to our kindergarten play area. Also, in the 2023-24 school year, a new administration office was added to the campus.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and ensures that emergency repairs are given the highest priority.

The Director of Maintenance, Custodial Supervisor, and the site principal work cooperatively with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced

Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement and communication are essential to school success. Alta Elementary School continually strives to involve parents by exchanging information that helps parents understand and support school programs and by providing opportunities for parent participation in school activities.

There are numerous and varied opportunities for parent involvement. Parents attend school functions and parent education nights, participate in parent-teacher conferences, volunteer in classrooms, and chaperone field trips. Parents may also serve on advisory committees and leadership teams, including Parent Teacher Club (PTC), English Learners Advisory Council (ELAC), School Site Council (SSC), District Advisory Committee (DAC), and District English Learner Advisory Committee (DELAC). Parents participate in Bridge to Technology parent workshops throughout the year to support families of English Learners with Chromebooks and internet access at home.

Home and school communication is enhanced through monthly newsletters, parent/teacher conferences, the student/parent handbook, the school website, student progress/report cards, phone messages, Parent Square, and other regular communication activities. Translation is regularly provided.

2023-24 School Safety Plan

Safety of students and staff is a primary concern of Alta Elementary School. Before, during, and after school, the campus is monitored by assigned staff. All visitors must sign in at the office and wear appropriate identification while on campus.

The comprehensive school safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. Components of the plan include: child abuse reporting procedures, teacher notification of potentially volatile pupils, disaster response procedures, procedures for safe entrance and evacuation from school, and policies for sexual harassment and suspension and expulsion. The safety plan is reviewed annually, updated as needed, and is fully compliant with federal and state regulations. The plan was last discussed and reviewed/updated with staff/parents on October 27, 2023. The plan was presented to current staff on November 29, 2023. An updated copy is available to the public at the school office.

The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained.

Professional Development

Professional development at Alta Elementary School is designed to meet the individual needs of teachers as well as broader school concerns. Professional development may take the form of trainings, conferences/workshops, coaching, peer observation, or constructive self-reflection and are consistent with our school vision and goals. Principal, teachers, instructional aides, instructional coaches, and other support personnel may take part in these activities.

For the 2023-24 school year, Alta Elementary School continues its focus on the district's Instructional Action Plan as well as the school's Instructional Action Plan. The school/district continues to emphasize and provide training in Thinking Maps, Literacy Centers, Number Talks, Illuminate, iReady, implementing designated ELD lessons, ERF/SRI as formative assessments, Amplify Science, and Write from the Beginning and Beyond. Math support from the district math coach is also provided to support teachers. In 2023-24, Alta has a site instructional coach to help support teachers in various areas such as classroom management, curriculum planning, lesson planning, data analysis, professional development, and grade level collaboration. The dual immersion teachers receive training on Benchmark Taller SLA curriculum as well as receive support from a dual immersion consultant with a focus on English Language Development.

Alta School utilizes an Instructional Leadership Team that consists of grade level teachers as our guiding coalition for high leverage teaching practices implementation to support students in reaching high levels of comprehension and mathematical reasoning. Our teachers are focusing on building student's vocabulary and academic discourse in math and providing students with opportunities for mathematical justification orally and in writing. In ELA/SLA, our teachers are focused on building student's comprehension by implementing close reading strategies.

From 2017-2023 school years, Alta Elementary School continues to emphasize collaborative team building, assessment and data collection, emphasis on strategies to instruct English Language Learners, and high leverage teaching strategies for staff, and essential standards teaching and student progress monitoring. Professional collaboration time to analyze and interpret data is given to teachers weekly during early release schedules with site and district colleagues. Professional Development has been provided by the district to train teachers how to teach writing and math effectively to align with state standards. Teachers may also attend conferences and workshops and are supported with vertical team meetings to provide opportunities for collaboration. Three buy-back days per year are also provided, in addition to weekly early release days, to provide time for quality professional development and professional learning communities.

This table displays the number of school days dedicated to staff development and continuous improvement.
