2022-2023 School Accountability Report Card (Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

School Description Kings Canyon High School (KCHS) is a WASC accredited continuation high school and one of 9 schools that form KCUSD Educational Options. The other schools are Opportunity Programs, Kings Canyon Adult School, KC Online, and Mountain View School. The schools share students, staff, curriculum, student services and a common awards recognition night and graduation ceremony. KCHS promotes the value that students can achieve greater success if their education is tailored to their individual learning abilities and needs through diverse instructional strategies and assessment. Emphasis in organizing instruction to accommodate their learning styles and providing directed and individualized instruction creates this opportunity. Individual responsibility, motivation, and a student oriented approach coupled with teacher accountability makes KCHS a great place for students. KCHS serves approximately 125 students in grades 10 -12 each school year and includes a staff of 12 teachers.

Vision Statement Our vision is to provide high quality, effective instruction in every classroom and to meet the needs of all students ensuring their academic success. We strive to develop graduates of both positive values and character and to prepare every student for success in a post-secondary school or job training program, career, and community.

A. Conditions of Learning State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teachers Without Credentials and Misassignments (considered “ineffective” under ESSA)

Permits and Waivers	0.00	0.00
Misassignments	1.00	1.50
Vacant Positions	0.00	0.00
Total Teachers Without Credentials and Misassignments	1.00	1.50

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Credentialed Teachers Assigned Out-of-Field (considered “out-of-field” under ESSA)

Indicator	2020-21	2021-22
Credentialed Teachers Authorized on a Permit or Waiver	0.00	0.00
Local Assignment Options	6.20	8.10
Total Out-of-Field Teachers	6.20	8.10

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Class Assignments

Indicator	2020-21	2021-22
Misassignments for English Learners (a percentage of all the classes with English learners taught by teachers that are misassigned)	10.7	5.4
No credential, permit or authorization to teach (a percentage of all the classes taught by teachers with no record of an authorization to teach)	16.9	0

The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: For more information refer to the Updated Teacher Equity Definitions web page at <https://www.cde.ca.gov/pd/ee/teacherequitydefinitions.asp>.

2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

A district textbook adoption committee is established for the process of textbook adoption. Each school site or grade level is represented on each textbook adoption committee. At Kings Canyon High School there are sufficient textbooks and instructional materials for each of the core content areas. Each pupil, including English Learners, have access to district adopted texts, workbooks, or other supplemental instructional materials to use in class and to take home.

School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the district uses a facility survey instrument developed by the State of California Office of Public School Construction. The results of this survey are available at the KCUSD Business Office.

Below is more specific information on the condition of the school and the efforts made to ensure that students are provided with a clean, safe, and functional learning environment. Additional information about the condition of the school's facilities may be obtained by speaking with the school Learning Director.

Kings Canyon High School has 8 classrooms, and an administration building. The main campus was built in 1977. An additional relocatable classroom was constructed in 1998 and a multipurpose room was constructed in 2004. Beginning in the Spring of 2021, construction began on the former Children's Center (Center moved to a new facility on the campus of Reedley High School) to convert it to offices and classroom space. In Fall of 2023, a new administration building, classroom, and parking lot have been built and opened for the students and staff of KCHS.

District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The Director of Maintenance, Custodial Supervisor, and the site principals work cooperatively with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis to assist school districts with expenditures for major repair or replacement of existing school building components. Typically, this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments

(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready

The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

Mathematics (grades 3-8 and 11)	1	3	34	36	33	34

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus

the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

2022-23 CAASPP Test Results in Math by Student Group

This table displays CAASPP test results in Math by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in Science for All Students

This table displays the percentage of all students grades five, eight, and High School meeting or exceeding the State Standard.

Science test results include the CAST and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

2022-23 Career Technical Education Programs

There were no pathway CTE courses offered at KCHS during the 2022-23 school year. KCHS does offer VROP "Stand Alone" courses in health & first aid, Agriculture, and Criminal Justice. In addition, KCHS during the 2023-24 school year has students enrolled in the Valley ROP program through Reedley College. Those courses include Rural Fire Fighting, Aviation, Auto Mechanic, CNA, and Industrial Mechanics.

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Parent involvement and communication are essential to student success at Kings Canyon High School. We strive to involve parents by providing them with the opportunity to learn new and relevant information about our school. Parents access such information by participating in Back to School Night, Senior Information Night, and a Spring Open House. Parents are also provided with the opportunity to participate in the Creation Health Project here at KCHS, in which they learn how to increase healthy lifestyle living for themselves and their families. These same workshops are provided to students that attend our school as well. Parents of students at KCHS are provided with regular communication via school website, school fliers, Parent Square, and recorded telephone messages from the site administrator to keep them updated about upcoming parent events, school site committee meetings, ELAC Meetings, and other important student events.

Parental involvement is sought at the beginning of the student's enrollment at KCHS. When students are admitted to KCHS, parent and student participate in an orientation with the principal and social worker. Parents learn about school policies and practices, participate in the transcript evaluation, and help choose their child's graduation plan. Home and school communication around student academic performance is accomplished through the use of student report cards, progress reports and parent-teacher conferences (as needed).

Parents who would like more information on how to become involved may contact the site Administrator, Chris Boswell, for more information.

2023-24 School Safety Plan

Safety of students and staff is a primary concern at Kings Canyon High School. A designated campus assistant is charged with the duty of before, during, and after school supervision around campus. Any visitors to our school site are directed by the campus assistant to check in with the office where appropriate identification and purpose of visit is provided.

The comprehensive school safety plan is designed to assist in preparing for emergencies, managing emergency response efforts, and maintaining a safe school environment. The plan requires identification of security needs, development of prevention and intervention techniques, evaluation of physical facilities, and communication with staff and students. Components of the plan include: child abuse reporting procedures, procedures for teacher notification of dangerous pupils, disaster response procedures, procedures for safe ingress and egress from school, sexual harassment policies, and suspension and expulsion policies. The safety plan is reviewed annually, updated as needed, and fully compliant with federal and state regulations. The school's disaster preparedness plan includes steps for ensuring the safety of students and staff during a disaster. Emergency preparedness drills are conducted regularly and the school staff is appropriately trained. These plans were last reviewed/updated on 7/15/2023 and reviewed and will be approved by the KCHS School Site Council on 11/10/2023.

Fiscal Year 2022-23 Types of Services Funded

Kings Canyon High School, as a part of KCUSD, offers students opportunities for classes at Reedley College in a variety of ROP fields as well as general education classes. Kings Canyon High School uses some of its categorical funding to support tutorial teachers to work with students after school, helping to increase academic achievement. Students also have access to a credit recovery program, primarily accessed on the computer, to make up failed courses that were taken during previous years.

Professional Development

Teachers and classified staff are provided with weekly professional development opportunities on a minimum day at the school site, led by district instructional coaches, School Social Worker, or the site Program Administrator. These professional development sessions at KCHS are designed to meet the individual needs of teachers as well as address both school and district instructional goals. Professional development may take the form of trainings, coaching, peer observation, or constructive self-reflection and are consistent with our school goals and district instructional action plan. The site Administrator, teachers, instructional aides, and other support personnel regularly take part in professional development opportunities at both the school site and district level (buy back days).

Professional Development

Over the past few years, KCHS focused on the development of Professional Learning Communities with an emphasis on Common Core Standards and lesson planning/course building. The staff has also spent professional development time centered around student engagement strategies (Kinsela and Kagan) to increase engagement in the classroom. In addition to training teachers to increase the use of instructional engagement strategies, KCHS staff spent a significant amount of time learning how to use technology in the classroom to teach students to communicate, collaborate, and think critically using 21st century skills. A major area of focus at Kings Canyon High School has been learning to work with students that come from trauma. All teachers are considered "trauma informed" and have a strong foundation in understanding how to respond to and re-engage students that come from trauma. This ongoing professional development work is crucial to the overall success of the Kings Canyon High School program.

For the 23-24 school year, teachers will continue to engage in collaboration around writing across the curriculum, using common data to identify trends in student learning, and making connections between reading and writing. Through the guidance of the site instructional leadership team, Wednesday afternoons are dedicated to the calibration and analysis of student writing and student performance data and teacher reflection on instructional practices and their impact on student learning.

This table displays the number of school days dedicated to staff development and continuous improvement.
