

Did You Know?

Your child can receive Health Care Services in school

Get to Know Our School-Based Community Health Center Program

- Easy access to immediate, quality health care in a safe and convenient setting.
- The program is open to students of the Scranton School District. The district and The Wright Center partner to offer primary and preventative care services.
- As a safety-net provider, we provide care regardless of your ability to pay.
- Parents are notified before students are seen. Parents do not need to be present for visits but are encouraged to attend when possible.
- Our team will coordinate care with your child's pediatrician. If your child does not have a pediatrician, we can gladly fulfill that role.

You can enroll your child in each of the following programs:

Medical Care

Well Visits: Checkups | **Immunizations*** | Behavioral Health
Nutrition Services | Sports Physicals

Sick Visits: Sore Throat | Ear Pain | Asthma | Coughs Colds
Congestion | Allergies | Rashes and more

Call **570.591.5280** or visit **TheWrightCenter.org** to make a medical care appointment

Dental Care

Oral Health Screenings | Cleanings
Sealants | Fluoride Treatments
Restorative Care

Call **570.591.5280** to make a dental appointment

**School health requirements changed in 2017. Children who do not meet the immunization requirements are not allowed to attend school. All students in grades K/1, 6 and 11 must have a physical exam. All students in grades K/1, 3 and 7 must have a dental exam.*
