2022-2023 School Accountability Report Card
(Published During the 2023-2024 School Year)

General Information about the School Accountability Report Card (SARC)

SARC Overview

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at https://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at https://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at https://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard	The California School Dashboard (Dashboard) https://www.caschooldashboard.org/ reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.
Internet Access	Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

2023-24 School Description and Mission Statement

Loma Vista Elementary is a vibrant and engaging Title I school that has served students continuously since 1957. Loma Vista continues to commit to student achievement through a rigorous curriculum and a commitment to engaging all students including Students with Disabilities, English Language Learners, and Socioeconomically Disadvantaged learners. Loma Vista will ensure that all students actively engage in rigorous learning experiences as they acquire the skills and knowledge necessary to serve as positive, responsible, and contributing global citizens within a technology-rich and diverse community. Loma Vista provides an engaging and dynamic learning environment for all students, utilizing research-based curriculum such as Cognitively Guided Instruction (CGI) and Orton-Gillingham Phonics, and activities to nurture academic and social-emotional growth. Loma Vista focuses on the whole child and strives to address Social Emotional and behavioral needs of all students. This is achieved through schoolwide Positive Behavior Interventions and Support (PBIS) and Social Thinking curriculum. Additionally, we are a 1:1 iPad community, providing purposeful technology integration into all aspects of instruction.

In the 2023-2024 school year, Loma Vista will continue to strengthen systems of support for continuous improvement and achievement in all academic areas for all students with a lens on at-risk subgroups, including English Language Learners,

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

The CDE published the first year of available teacher data for the 2020-21 SARC in June 2022, and the CDE published the second year of data for the 2021-22 SARC in June 2023. The EC Section 33126(b)(5) requires the most recent three years of teacher data to be requested in the SARC, as data is available. The teacher data for the 2022-23 SARC will not be available prior to February 1, 2024, and therefore is not included in the template.

Note: The data in this table is based on Full-Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. 2023-24 Quality, Currency, Availability of Textbooks and Other Instructional Materials

Tustin Unified School District sets a high priority on ensuring that high-quality, standards-based textbooks and materials are available for every student to support instructional programs in the schools. Prior to adoption, the Tustin Unified School District conducts a thorough review of its curriculum to ensure that it is aligned with the California Standards for the Common Core.

District K-8 textbooks in the subjects of English language arts, mathematics, history/social science, health, foreign language, visual and performing arts, and science have been adopted from those approved by the State Board of Education. The Tustin Unified School District Board of Education has adopted district textbooks in the subjects listed below. K-12 textbooks for mathematics, history/social science, science, English language arts (including reading), and foreign language are aligned with state-adopted content standards and state or national frameworks. All TUSD students, including all English learners, have textbooks* and instructional materials, including science laboratory equipment at the 9-12 level, that are current and in good condition in accordance with Education Code requirements. All textbooks* and instructional materials are provided in sufficient quantities for each student for use in class and to access from home.

On September 27, 2023, the Tustin Unified School District Board of Education verified by resolution that each student at this school has a textbook and/or instructional materials for each core subject area that are aligned to the content and cycles of the curriculum framework adopted by the State of California.

*textbooks may be digital or hard copy depending on the textbook and adoption cycle

School Facility Conditions and Planned Improvements

The Tustin Unified School District takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the District uses a facility survey instrument developed by the State of California Office of Public School Construction (OPSC). The results of this survey are available at the school office, the District office, or on the Internet at https://tinyurl.com/TUSD-Facility-Inspection-Tool. The District maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

The Loma Vista campus is located on a 10-acre property and was opened in 1957 and has continuously served students since. As the student population increased, portable classrooms were added to the property. In 2020, solar panels were added to the field area and provide shade for students during recess and lunch. The facility is clean and maintained through the service of two site custodians along with the district maintenance staff. The PTO, grant funding and School Site Council have utilized funds to create a school garden, develop a school Innovation Lab, complete school site murals, and modernize the Library in recent years.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

Statewide Assessments
(i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

1. **Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
2. **Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
3. **California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).

College and Career Ready
The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Percentage of Students Meeting or Exceeding the State Standard on CAASPP

This table displays CAASPP test results in ELA and mathematics for all students grades three through eight and grade eleven taking and completing a state-administered assessment.

Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Subject	School 2021-22	School 2022-23	District 2021-22	District 2022-23	State 2021-22	State 2022-23

2022-23 CAASPP Test Results in ELA by Student Group

This table displays CAASPP test results in ELA by student group for students grades three through eight and grade eleven taking and completing a state-administered assessment.

ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3): Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site.

2023-24 Opportunities for Parental Involvement

Tustin Unified School District values our parents and community. We believe that parental engagement is integral to student success and one of our goals is to continuously increase parental involvement in our schools. In TUSD, parents receive regular emails from a Parent Square listserv that provides information on district and school-wide updates and events, available resources, training, opportunities, etc.

In addition to district-wide efforts, our school believes that parent involvement drives the daily learning for all students. Parents and credentialed teachers work together to review the core program, academic support, and supplemental learning opportunities available to students. Annually, parents have the opportunity to meet with their child's teacher and/or counselor and work together in the development of the student's educational plan and goal setting at the beginning of each school year. Additionally, parents always have the opportunity to communicate with the administrative team, teachers, counselors, and other school support staff when the need arises.

All parents have the opportunity to be on our School Site Council or to attend the meetings. School Site Council members are elected for a two-year term and meet a minimum of four times per year. The function of the School Site Council is two-fold: to provide feedback and advice to the School Plan for Student Achievement, as well as suggestions and ideas for improving the school's educational programs; and to uphold the mission of the school and contribute to the success of the school. Parents of EL students have access to our TUSD Office of Language Acquisition, site-based ELAC, and district DELAC committees to learn about the EL Program and the comprehensive support available to EL families. Parents of ELs are able to provide input into decisions related to English language acquisition at the ELAC and DELAC meetings.

For Special Education students, there is ongoing parental collaboration and support provided to the parent to ensure that their student's needs are met as part of the Individualized Education Program. Parents have access to special education support providers as well as special education department administration.

Parents at Loma Vista Elementary School participate in activities such as the Parent Teacher Organization (PTO), School Site Council (SSC), English Learner Advisory Committee (ELAC), parent volunteer opportunities in the classroom, volunteering to support the classroom, and various school or PTO sponsored functions including the Cougar Trek fundraiser, annual Spring

2023-24 Opportunities for Parental Involvement

Carnival, school garden, Meet the Masters art program, school musical, Variety Show, after-school sports, family nights, and more! Parents are an integral part of our school community and their daily presence on the Loma Vista campus serves as a testimony to their commitment to support the students, the school, and the community. Informally, our parents provide classroom support, financial support, academic support, and program support on a daily basis. Funding from the PTO provides assemblies both during and after school, enrichment programs, teacher supplies, school community social events, and school improvements.

Our Title 1 Community Specialist and Community Liaison are vital links to families and the community at large. They have facilitated new programs this year at Loma Vista, including a mobile medical, dental and vision clinic on campus monthly, drive-through mobile food pantries, food and clothing donations for families in need, and parent education classes. Along with our school counselor, families are also provided with support in accessing outside resources such as medical referrals, therapy, and family counseling.

For more information on how to become involved at the school, please contact principal Rena Fairchild at (714)730-7528 or the Community Specialist Katie Fitch at (714) 730-7528.

2023-24 School Safety Plan

Date Last Reviewed by School Site Council (SSC): 11/13/22
Date Updated and Approved by SSC: 11/13/22 (pending approval 2/12/24)
Date Discussed by Staff: 08/16/23

Our School Safety Plan includes the following elements: Child abuse reporting procedures, disaster procedures, routine and emergency procedures; suspension, expulsion, or mandatory expulsion recommendations; procedures to notify teachers of dangerous pupils; discrimination/harassment policy; provisions of any school-wide dress code; procedures for safe ingress and egress; safe and orderly environment; rules and procedures on school discipline and dress code; hate crime reporting; school safety goals and objectives. We run monthly drills and work closely with our Student Services department to ensure that we have updated procedures and practices in place to ensure school-wide safety.

Key Elements: The Loma Vista staff and parents have developed a comprehensive school safety plan for the safety and well-being of all students and staff throughout our regular school year and in the event of an emergency. We maintain first aid backpacks and lockdown classroom buckets and evacuation and emergency crisis plans are visibly posted in every classroom. The safety plan mandates emergency and earthquake preparedness drills and staff in-services in crisis response and systematic campus supervision. Our students understand the importance of safety drills and are commended for their adherence to our procedures during emergency drills.

At Loma Vista we also have a School Safety Committee that annually updates the School Safety Plan and runs annual school safety drills for all students and staff. The committee is made up of administrators, certificated and classified staff, and may include parents or students.

Additionally, during the 2023-2024 school year, all TUSD schools and district departments participated in a Stop the Bleed training to assist with emergency medical responses.

Fiscal Year 2022-23 Types of Services Funded

Loma Vista Elementary School receives funding for categorical programs focused on ELL and At-risk students that are available at our school site in addition to base funding to support all students. These program funds include LCFF-EL, ESSER and Schoolwide Title I Program funds. The funds, which are strategically planned and monitored through the SPSA, are primarily focused on at-risk and unduplicated pupils, but the actions supported by these funds may support all students. The Tustin Public Schools Foundation (TPSF) and the site PTO also support the school with donations and finances throughout the year to support school-wide programs and events for students. The School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how categorical funds will support student learning and achievement through a Multi-Tiered System of Support (MTSS). The categorical funds are used to provide tiered and targeted supports or interventions for at-risk students in the areas of academics, behavior and social-emotional learning, chronic absenteeism, professional development, instructional materials, additional personnel to support all students in accessing academic standards, and technology resources.

Students are administered local assessments three times per year, and more often if at-risk while being monitored for progress. Within the MTSS model, students scoring two or more grade levels below their current grade level on any standard were eligible for intervention and targeted academic support. Our intervention students are provided class-based or small-group intervention sessions that target their specific performance level, focusing on ELA or Math standards. In addition, using ESSER and categorical instructional funds, our students and their teachers have a variety of supplemental print and online intervention curriculum options to choose from. ESSER funds are also used to provide enrichment for our Title 1 students.

Loma Vista Elementary School receives categorical funding in the areas of Title I and Local Control Funding Formula - ELL. Rationales for expenditures must be provided, aligned, and approved prior to purchase and use. Programs purchased to support student learning include, but are not limited to: Graham Fletcher Math intervention kits, Fountas and Pinnell's Leveled Literacy Intervention, Fountas and Pinnell leveled readers, ST Math, Lexia digital reading intervention, Freckle Math, Starfall, Epic!, Orton Gillingham Phonics, BrainPop, ABCMouse, and RAZ Kids. The School Plan for Student Achievement (SPSA) identifies student needs and addresses specifically how these categorical funds will be utilized to support student learning.

Please refer to our district LCAP or School Plan for Student Achievement for a more detailed list of goals and actions that the school currently funds.

Professional Development

Tustin Unified School District provides dedicated time for professional development for all staff. The comprehensive training takes place before the school year starts, providing teachers with current best practices and opportunities for collaboration around instruction/curriculum for the upcoming year with site and district colleagues. An all district professional development day is also provided on a non-student day in the fall, focusing on any current instructional or organizational professional learning needs at the time.

Schools also provide professional development opportunities based on school-wide student needs driven by an analysis of student data and funded by site categorical or supplemental allocations. Staff development opportunities can take place before, during, or after school and by release time throughout the school year. All new teachers engage in the Induction Program through OCDE, which provides new teachers with ongoing support through the first two years of teaching.

As Loma Vista, we focus on providing ongoing professional development opportunities that are aligned with our students' needs. Teachers participate in collaborative planning two Wednesdays each month and each Tuesday during student PE time in their Professional Learning Communities. During these meetings teachers engage in data analysis exercises around results yielded from Math Expressions pre and post-assessments, Math Common Assessments, Cognitively Guided Instruction (CGI) problem-solving, ST Math, Math Workshop, Lexia reading intervention, Running Records, writing assessments and CAASSP Interim Assessment Blocks (IAB). Data is utilized to determine the needs for the next steps with regard to appropriate instructional pathways for learning. Teachers determine where reteaching and interventions are needed from the data, as well. Staff have engaged in ongoing Lab Days focused on Balanced Literacy, Math routines, and Next Generation Science Standards. The principal facilitates Staff Professional Development meetings with District personnel throughout the year that focus on a variety of topics including CGI, English Language Development (ELD) support and differentiating instruction, Positive Behavior Intervention School-wide Support Systems, STEM (Science, Technology, Engineering and Math), social-emotional learning, and GATE. Along with the full implementation of ELD, we continue to refine Multi-tiered Systems of Support in order to meet the needs of all learners in the area of language arts. We continue to work on implementing the systems and processes of a Professional Learning Community (PLC) school culture, as well. The Leadership Team meets to discuss school-wide timelines, data, systems and collegial support strategies - with a driving purpose of impacting student learning. Teachers are supported with opportunities for learning walks, additional resources, and TUSD professional development opportunities. Teachers also have the support of a TUSD Intervention Lead Teacher (ILT) as they strive to implement rigorous standards using highly engaging strategies, supported with meaningful technology experiences for students. The professional development focus each year centers on the Signature Practice of the school.
